# THE NEW YORK SALE® GROUP

Coming together for one of the largest annual numismatic events (The New York International Numismatic Convention) the group holds three auctions on Tuesday, Wednesday and Thursday of the week-long conference in January and has held over 48 auctions since its conception. By combining a vast array of experience and knowledge the group strives to offer the best service to their clients and customers. Whether you are buying at the auction or a potential vendor for the sale, any member of the group can offer advice. Catalogues are produced to the highest possible standard and may be kept as a useful reference for serious buyers and coin collectors.

Over the years the group has aimed to achieve the best possible prices for their vendors and undertakes a marketing strategy which is proven by the excellent results achieved year upon year. In 2004 the sale of an 1825 Russian silver Rouble for US\$603,750 broke the world record price achieved for any non-US coin sold by public auction and since then lots have regularly attained prices well above estimates. In 2008 results from the Italian section of the sale made a staggering US\$1,118,400, four times the pre-sale estimate. The famous Prospero collection of Ancient Greek coins was professionally presented by the group in 2012 and resulted in numerous world records, finally realizing in excess of US\$26,000,000 for the 642 lots after 8 hours of auctioneering. The printed auction catalogue will remain a major reference work for many years to come and is a 'must have' for any collector of the series.

## Ira & Larry Goldberg Coins & Collectibles Inc.

Founded in 1998, Ira and Larry Goldberg have more than 100 years of experience between them, having started working as very young men at Superior Stamp and Coin Company in Los Angeles, California, a prominent company founded by their grandfather in 1931.

Ira and Larry Goldberg refer to their company as a boutique auction house, because of the personal, specialized service they offer to their consignors. Their auction house provides live and on-line auctions of United States coins and currency, world and ancient coins, numismatics, and manuscripts and collectibles to collectors, dealers, and investors.

Ira and Larry have assembled and auctioned some of the most important collections ever sold, including the 2008 Millennia Collection, which realized \$23,000,000, a one-day, single-owner sale of World and Ancient coins; and the 2014 Missouri Cabinet Collection of U.S. Half-Cent coins, which realized \$18,000,000. In November of 2005, the Goldbergs privately sold the world-renowned King of Siam Set for a record-breaking \$8.5 million.

Ira is an expert on United States coinage, from colonial through modern issues, and an authority on ancient Greek, Roman, and Judean coinage and antiquities, as well as world gold coins, crowns, and minors. Larry is an expert on all phases of United States coinage, as well as U.S. paper money and world gold and silver coins. Both Ira and Larry are valuations contributors to the Red Book and the Blue Book. Both belong to the Professional Numismatist Guild, of which Ira served as president and director, and both belong to the American Numismatic Association, which awarded them a Lifetime Achievement Award in 2011.

In the late 9th-early 10 Century, the Varangian prince Oleg of Kyiv, supreme ruler of Rus', extended his sway over the territory known as Ponozie, 'the lowlands'. Ponozie would later become part of the Rus' principalities of Volhynia, Kyiv and Galicia, then fell under the rule of the Mongols. In 1362/3, Prince Algirdas (Olgerd) of the Grand Duchy of Lithuania launched a campaign into Tatar lands which were still in turmoil following the death of Berdi Beg a few years earlier. He defeated the three Golden Horde begs of Podolia at the Battle of Blue Waters (Sinie Vody) at the site of present-day Torhovytsia, then known as Yabgu. With his decisive victory, Algirdas annexed Podolia into his own territories.

In 1366, the Gediminid George Koriatovich (known also as Jurg Korjat and Jerzy Koriatowicz) and his brother Alexander assumed rule over Podolia as vassals of Poland. The Koriatovichs had cooperated closely with King Casimir III, who had occupied parts of Galicia-Volhynia during his succession conflict with Lithuania, against their kinsmen. In 1374, George Koriatovich was made Voivode of Moldava, but his Vlach subjects murdered him in either 1375 or 1377. The other Koriatovich brothers kept control of Podolia, which became a fiefdom of Hungary after King Louis' raid on the Ruthenian lands in 1377. After Louis' death, the Koriatovich brothers actively participated in the election of Jogaila (Wladyslaw II Jagiello) to the Polish throne. Podolia, though, stayed as a Hungarian fiefdom.

Following Podolia's conquest by Vytautas the Great in 1394, part of Podolia was given by King Jogaila to the Voivode of Krakow, Spytko II of Melsztyn as a fief. After Spytko died heroically in 1399 fighting the Tatars at the Battle of Vorskla River, his Podolian fiefdom was given to Vytautas' brother Skirgaila. In 1403, the Koriatovich brothers surrendered all claims to Podolia, and following the death of Vytautas in 1430, Podolia was incorporated into the Podolian Voivodeship of the Polish Crown.

*Ex Grand Duke Georgii Mikhailovich, Adolph Hess, Luzern, 25 October 1939, lot 74*

Son of Tsar Peter and his first wife Eudoxia Lopukhina, Grand Duke Alexei Petrovich was bought up by his mother who was disdainful of Peter. Because of the animosity between his parents (who divorced in 1698), Alexei came to feel little affection for his father and grew to despise him, repeatedly thwarting his father's plans to raise him as a successor to the throne. Alexei married Charlotte Christine of Brunswick-Wolfenbüttel, who was connected by marriage to many of the greatest families in Europe, in Torgau, in October 1711. As part of the marriage contract any forthcoming children would be raised in the Orthodox faith, but Charlotte was allowed to keep her Protestant faith — an agreement opposed by Alexei's followers.

The first six months of marriage were happy, but spiraled downward in the next six months. Alexei was frequently drunk, pronounced his wife "too-thin" and "pockmarked", ignored her in public and insisted on separate apartments. Nonetheless, the couple had two children, Natalia, born July 21, 1714 and Peter, born October 23, 1715 (the future Peter II). Charlotte died giving birth to Peter. On the day of her funeral, Tsar Peter sent Alexei a stern missive, threatening to cut him off if he did not take an interest in affairs of the state. Alexei replied by offering to renounce his succession in favor of his infant son Peter. Tsar Peter agreed to this but on condition that Alexei remove himself as a dynastic threat and become a monk. In August, 1716, Peter requested Alexei join him and his army if he wanted to remain tsarevich. Rather than give in to his father's demands, Alexei fled to Vienna, placing himself under the protection of his brother-in-law, Emperor Charles VI, who ensconced Alexei first in a Tyrolean fort and then Castello Sant'Elmo in Naples. The Tsar was insulted, considering the flight of the tsarevich to a foreign power as a reproach and a scandal. He believed it imperative that Alexei return.

Alexei would only consent to return if his father solemnly swore to not punish him in any way, to cherish him as a son and to allow him to live quietly on his estates with his Finnish mistress Afrosinia. On the 31st of January 1718, Alexei reached Moscow. But concerned about reactionaries and in a bout of paranoia and hatred, Peter embarked on an inquisition and campaign of terror against Alexei and anyone connected to him. A 'confession' regarding his flight to Vienna was extorted from Alexei which implicated most of his friends. Alexei's mother, the ex-Tsarina Eudoxia was dragged from her monastery and publically tried for alleged adultery. Any who had befriended Alexei where impaled or broken on the wheel while being savagely tortured. Alexei's servants were beheaded or had their tongues cut out. On June 19, 1718, a weak and ailing Alexei received 25 strokes of the knout, then another 15 a few days later. On June 24, through more coerced and extorted 'confessions', Alexei was found guilty of treason by the Senate and court magistrates and sentenced to death. Alexei died two days later in the Fortress of Peter and Paul in St. Petersburg.

## *A Collection of Russian Coinage for East Prussia*

Involving all of Europe's powers at the time and fought on a global stage, the Seven Years War (1756-1763) was arguably the first world war. Friedrich the Great's emergent Prussia, with one of Europe's best armies, and Great Britain, with Europe's largest navy, joined with a coalition of smaller German states to battle an alliance of France, Austria, Russia, Sweden and Saxony. On the eastern front, the Russian army under Field Marshal Stepan Feodorovich Apraxin defeated the Prussians on August 30, 1757 at Gross-Jagersdorf. The gates of East Prussia were wide open, but Apraxin inexplicably did not take advantage of his victory and went into winter quarters. An irate Elizabeth Petrovna transferred command of her military forces to General Villim Fermor. On January 16, 1758, Fermor with a Russian army of some 30,000 troops marched from Memel into East Prussia and the area was quickly occupied and annexed. At the outset of the occupation, the Russian army found itself suffering great financial losses. Coins of a number of German States were circulating in East Prussia, and these coins were quite often of low-grade silver with varying weights. To compound the situation, counterfeit coins flooded the marketplace. Thus the Russian army found itself taking in debased coinage and paying out in good silver.

To alleviate the situation, a special Russian coinage utilizing the Taler system was approved for East Prussia. Designs for this new coinage were created by A.T. Bolotov and dies cut by Wolf, the engraver at the Königsberg mint. Production was done both at the mints of Königsberg and Moscow and coins were produced from 1759 to 1762. For the last year, only 6 Groschen from the Krasny mint are known (Krasny mint records show the striking of 64,000 one-third Taler pieces, but no examples are known). Despite a mintage of 120,000 pieces, these 6 Groschen are very rare, a rarity explained by the year's events. With the death of the childless Empress Elizabeth, her chosen heir and nephew Peter of Holstein-Gottorp gained the throne. In context to the Seven Years War, Elizabeth's death is often called the "Miracle of the House of Brandenburg." A great admirer of Prussia's King Friedrich II, Peter withdrew Russia from its wartime alliance, returned to Prussia the territories previously annexed and ceased production of the special Russian coinage for East Prussia. Agents for King Friedrich II were sent to systematically search out and buy up all the offensive Russo-Prussian coinage wherever it could be found. Not surprisingly, the agents were also instructed to seek out and purchase any medal for the Russian victory over the Prussians at the Battle of Kunersdorf (Friedrich's most devastating defeat).

One of Russia's first historical societies, the Imperial Odessa Society of History and Antiquities was founded March 25, 1839. Greatly instrumental in its creation was Mikhail Semyonovich Vorontsov, Governor of New Russia and Bessarabia. A fervent enthusiast of history, science and technology, Prince Vorontsov also had the authority to make his interests realities. In 1825, he helped open Odessa's Archaeology Museum, which would house important discoveries of Greek artifacts unearthed in the 1827-1829 dig by noted French-born archaeologist-geographer Jean Moret de Blaremborg – an expedition which was personally supported by Vorontsov. While in 1830, he opened Odessa's first public library.

Among the organizers of the Society were the Warden of the Odessa Educational District Dmitry Maksimovich Knyazhevich, Prince Aleksandr Skarlatovich Sturdza, Andrey Yakovlevich Fabr, Mikhail Mikhaylovich Kir'yakov, and Professor of the Richelieu Lyceum Nikolay Nikiforovich Murzakevich. On November 14, 1839, by decree of Emperor Nicholas I, Grand Prince and heir Alexander Nikolayevich was made August Patron of the Society, and the Society was given an annual allotment of 5,000 Roubles in paper money from the State Treasury for its needs.

Over the years, the Society's journal "Transactions" became a prominent and well-respected source of scientific and scholarly information, while the Society's membership was a Who's Who of eminent scholars and noted numismatists and archaeologists.

В эти же годы, вероятно, обратился к занятиям бонистикой под влиянием известного бониста Л. М. Иольсона и в 1922 был направлен в Берлин как представитель Советской Филателистической Ассоциации. В Германии Кардаков прожил всю оставшуюся жизнь, занимаясь как бонистикой (ему принадлежат два известных каталога денежных знаков России), и несколько десятков исследовательских статей.

(a) you being able to confirm in writing that you can transfer legal and beneficial title to the Lot to us or as directed by us free from all encumbrances or third party claims of any nature; and

(b) the exclusions in Condition 7.7, then the sale of the Lot will be rescinded so that it is canceled and we will refund the Purchase Price to you in full.

7.7. Your right to return the Lot and receive a refund of the Hammer Price under the Guarantee is your sole remedy against us, our agents and sub-contractors and/or the Seller for a Forgery. You will not be entitled to claim interest on the amount due to you. Neither we, our agents or sub-contractors nor the Seller shall be liable for costs, expenses, damages or any other liability however it arises relating to a Forgery.

7.8. In accordance with the restriction in Condition 10.2, the benefit of the Guarantee is personal to the Buyer and is not transferable to a new owner of the Lot or any other person.

## 8. EXCLUSION OF LIABILITY AND WARRANTIES

8.1. Except where these conditions expressly state otherwise, no warranty as to merchantability or fitness for a particular purpose is given to a buyer concerning a lot and each lot is sold "as is" and as shown with all faults, imperfections, errors of description (including authorship, origin, age, size, condition or value) or lack of authenticity or genuineness and neither we nor the seller nor any of our agents or sub-contractors will be liable for any damages, costs, expenses or any other liability arising out of the same whether or not caused by negligence. Furthermore, the Auctioneer offers no representation that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin will meet the standards or grade of any independent grading service; that any item has a particular provenance or pedigree, or that a numismatic item is struck or produced in a particular style. Any statement concerning such matters reflects an opinion only. Questions regarding the minting of a coin as a proof or as a business strike relate to the method of manufacture and not to authenticity. The auction is not an approval sale.

8.2. Except as provided in 6.3, any claims for adjustment other than authenticity must be made in writing within seven (7) days after delivery of the goods. No Lots may be returned without our written permission. It is the Buyer's responsibility to have the Lots fully insured while in his possession. Our maximum liability under these Conditions is the amount of the Purchase Price paid by you.

8.3. Notwithstanding anything to the contrary in these Conditions of Sale, Coins listed in this catalogue graded by PCGS or NGC, may not be returned for any reason whatsoever. Whatever current guarantees and or warranties granted by PCGS and or NGC mirrors ours.

8.4. All oral and written statements made by the Auctioneer and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of the Auctioneer has authority to vary or alter these Conditions of Sale. Any alteration shall be effective only if in writing and signed by an officer of the Auctioneer authorized to do so.

8.5. Neither we nor any of our agents or sub-contractors shall be liable, whether in tort (including negligence or breach of statutory duty), contract, misrepresentation or otherwise:

(a) for loss of profits or business, depletion of goodwill and/or similar losses; loss of contracts; or

(b) any special, indirect, incidental, consequential, exemplary or pure economic loss, costs, damages, charges or expenses.

8.6. We shall not be liable to you or be deemed to be in breach of these Conditions by reason of any delay in performing, or any failure to perform, any of our obligations in the Conditions, if the delay or failure was due to any cause beyond our reasonable control.

8.7. Nothing in these Conditions excludes or limits our liability for any matter which it would be illegal for us to exclude or attempt to exclude under New York law or for our fraud or fraudulent misrepresentation.

## 9. DATA PROTECTION

9.1. By agreeing to these Conditions, a Bidder acknowledges and agrees that we will use personal information of a Bidder for the purpose of the Auction and ancillary matters, including providing a Buyer's personal details to any other person where necessary to enforce our rights under these Conditions.

## 10. GENERAL

10.1. These Conditions and the Seller's Conditions constitute the entire agreement between us and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. All other terms, warranties and representations, express or implied by

statute or otherwise are excluded to the fullest extent permitted by law. No variation to these Conditions shall be legally binding unless agreed in writing by us.

10.2. All rights and benefits granted to a Bidder under these Conditions are personal to him and may not be assigned or in any other way transferred to any other person. Any such assignment or transfer will be invalid and unenforceable against us.

10.3. A notice required or permitted to be given by either of us to the other under these Conditions shall, in the case of a Bidder, be to the last address notified to us and in the case of Auctioneer, shall be to the registered office of Auctioneer.

10.4. No failure or delay by us in exercising any of our rights under these Conditions shall be deemed to be a waiver of that right, and no waiver by us of any breach of these Conditions by you shall be considered as a waiver of any subsequent breach of the same or any other provision.

10.5. We may perform our obligations and exercise our respective rights through any of our group companies or assign our rights under these Conditions.

10.6. If any provision of these Conditions is held by any court or other competent authority to be invalid or unenforceable, in whole or in part, the validity of the other provisions and the remainder of the provision in question shall not be affected.

10.7. These Conditions, as well as the Buyer's and our respective rights and obligations hereunder, shall be governed by and construed and enforced in accordance with the laws of the State of New York. By bidding at the Auction, whether in person, by agent, Commission Bid, telephone or other means, the Buyer shall be deemed to have consented to the exclusive jurisdiction of the state courts of, and the federal courts sitting in, the State of New York.

# CONDITIONS OF SALE

## 1. APPLICATION AND CONTRACTUAL RELATIONSHIP

1.1. By making a bid, a Bidder acknowledges his acceptance of these Conditions and will be bound by them.

1.2. Ira & Larry Goldberg Coins & Collectibles Inc. ("Auctioneer"), Dmitry Markov Coins & Medals, M&M Numismatics Ltd., and Sovereign Rarities Ltd. act as Auction Agent for the Seller for the sale of a Lot to the Buyer unless any of these entities is in fact the owner of the Lot. As such, Auction Agent is not responsible for any default by the Seller or the Buyer.

1.3. The contract for the sale of a Lot is between the Seller and the Buyer and is subject to these Conditions and the Seller's Conditions.

## 2. PRE-SALE AND DESCRIPTIONS

2.1. Statements made by us in a Catalog, during the course of the Auction or elsewhere, describing a Lot, including its authorship, origin, age, size, condition, genuineness, authenticity, value or the state of preservation and strike are intended as a guide for interested Bidders. When a grade from an independent grading service is mentioned, the information is provided strictly for the convenience. These are statements of opinion only and should not be relied on as statements of fact. Illustrations of the Lots are for general identification only.

2.2. Lots by their nature are usually aged and varied in condition. The absence of any description of a defect, damage, modification or restoration in any Catalog does not imply that there are none.

2.3. Coins are graded to accepted international standards to the best ability of our specialists. You acknowledge that the grading of coins is subjective and may vary from specialist to specialist, as the process is by nature an art and not a science. For this reason, we do not automatically accept and are not bound by the opinions of third party coin grading services for any purposes including before and after the sale of a Lot.

2.4. If you are interested in a Lot, we strongly recommend that you view it in person before the Auction and form your own opinion of the description of the Lot.

2.5. We reserve the right to change any aspect of the published description of a Lot prior to the Auction. Any change may be published on our website, displayed at the Auction, announced by the auctioneer prior to the sale and/or communicated in any other manner.

2.6. All copyright in Catalogs, including images, belongs to Auctioneer.

## 3. ABSENTEE COMMISSION BIDS

3.1. If you are unable to attend the Auction personally, you may submit a Commission Bid and we will endeavor to purchase the Lot on your behalf for the lowest price possible. You must submit this in writing using the Commission Bid Form and send it to us by post, fax or email at least 24 hours prior to the Auction.

3.2. For all Commission Bids, you must supply your name and address, contact telephone number and email. You must also provide the Lot number and description of the Lot, the amount of your Bid and any other information requested in the Commission Bid Form or by us. It is your responsibility to provide the correct information and to ensure that we have received your Commission Bid.

3.3. We do not charge for this service and therefore we will not incur any liability for executing (or failing to execute) the Commission Bid.

3.4. If you submit a Commission Bid verbally (by telephone or otherwise), we shall not be responsible for any misunderstandings (by either us or our agents or you) in relation to your Bid. All bids made in this way must be confirmed in writing before the Auction.

3.5. If we receive two Commission Bids for equal value for the same Lot, the Bid received first by us shall take precedence.

3.6. "Buy" commissions and unlimited Commission Bids will not be accepted.

## 4. AUCTION SALE

4.1. This sale is a public auction sale conducted by licensed and bonded auctioneers.

4.2. Before the Auction, all potential Bidders must notify their name and address to the Auctioneer and, if required, provide proof of identity to our satisfaction and bank or other credit references. Bidders unknown to Auctioneer are requested to establish credit or deposit 25% of their bids before the sale. We cannot accept bids from minors.

4.3. The highest Bidder for each Lot shall be the Buyer. If there is a dispute, the Auctioneer shall have absolute discretion to determine the dispute including re-offering the disputed Lot for sale. Auctioneer reserves the right to refuse any bid he feels is not made in good faith.

4.4. A Bidder must submit a bid for an entire Lot and each Lot constitutes a separate sale. The Auctioneer shall, however, have absolute discretion to divide any Lot, to combine any two or more Lots, or to withdraw any Lot from the Auction without giving any reason (including after the hammer has fallen). Bidding shall be regulated at the absolute discretion of the Auctioneer. The Auctioneer has the right to refuse any bid.

4.5. All sales are final. Subject to Condition 4.4, the contract for the sale of the Lot is concluded on the fall of the hammer.

4.6. You cannot cancel your purchase of a Lot once the hammer has fallen.

4.7. Auctioneer reserves the right to include in any Auction its own material as well as material from affiliated or related companies, principals, officers or employees. Auctioneer may have direct or indirect interests in any of the Lots in the Auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG.

4.8. Auctioneer may bid for its own account at any auction.

4.9. All Lots are offered for sale subject to a Reserve.

4.10. Estimates in the Catalog are not limits or reserves but reflect the actual market prices and are intended as a guide for bidders. The actual prices realized may be higher or lower than these valuations. The starting price will be about 80% of the estimates, unless there are higher offers.

## 5. PAYMENT

5.1. The Purchase Price payable by a Buyer is the Hammer Price plus a **Buyer's Premium of 20% of the Hammer Price**. Buyer of a lot is responsible for paying New York sales tax, unless the Lot is exempt.

5.2. Buyer of a Lot shall pay the Purchase Price in full before the Lot can be delivered to the Buyer.

5.3. Except where Condition 5.2 applies, any part of the Purchase Price outstanding after the Auction shall be payable by you within 14 days of the date of the Auction, the due date.

5.4. The Purchase Price is payable by you in cash in full in US funds. You are not entitled to set-off any amounts that you claim are due from us or anyone else or make any other deductions.

5.5. Unless we have agreed in writing otherwise, you shall act on your own account as principal in respect of the sale and therefore if you accept a commission from a third party to bid on their behalf, you do so at your own risk and will remain personally liable (jointly with your principal) to us for the Purchase Price in accordance with these Conditions.

5.6. The methods of payment and surcharges are set out below.

5.7. If the Purchase Price has not been settled within 30 days of the Auction date interest will be charged at 2% per month from the due date of payment to the date that cleared funds are received whether that is before or after any legal judgment. This is without prejudice to any other rights that we have for non-payment.

5.8. If you fail to comply with your obligations under these Conditions, the Lot, in respect of such non-compliance, may at our discretion be put up for sale at Auction or privately and resold. In this case, you will be liable in full and will indemnify us for all losses, costs and expenses (including attorneys' fees and legal costs) incurred as a result, including the costs of the resale and the amount (if any) by which the Hammer Price obtained on the resale is less than the Hammer Price obtained on the original sale of the Lot to the Buyer.

## 6. RISK, TITLE AND DELIVERY

6.1. The risk of damage/loss to the Lot will pass to the Buyer on the fall of the hammer. Title in a Lot will not pass to the Buyer until the Purchase Price has been paid in full.

6.2. Unless agreed by us, you should collect the Lot within 7 days of the date of payment in full. We reserve the right to charge for storage and to resell by Auction or privately without notice to you, if a Lot is not collected. Alternatively, we will send the Lot to you by recorded post. Postage and insurance costs will be charged as additional costs.

6.3. Except in relation to Forgeries, you must satisfy yourself that the correct Lot has been delivered to you at the time of collection/delivery. We will not be responsible for any discrepancy which might be discovered after the Lots have been collected. If we have shipped the Lot to you, we will not be responsible for any discrepancies if you fail to notify us within 24 hours of receipt.

6.4. It is the Buyer's responsibility to obtain any necessary import, export or other licenses required in relation to a Lot.

## 7. GUARANTEE FOR FORGERIES

7.1. Auctioneer is a member of the International Association of Professional Numismatists and in accordance with the conditions of membership, shall provide a guarantee to the Buyer for all Lots against Forgeries on the terms set out in these Conditions ("Guarantee").

7.2. For the purposes of these Conditions, a 'Forgery' means an imitation that has been created with the fraudulent intent to deceive in respect of the authorship, origin, date, age, period and the correct description does not correspond with the description in the Catalog and as a result has a value significantly less than it would have been had it been genuine.

7.3. You must notify us in writing within one (1) month of you becoming aware that the Lot may be a Forgery. The Lot must be returned to us in the same condition as at the time of sale and you must submit evidence that the Lot is a Forgery, the onus being on you to prove that it is a Forgery.

7.4. You acknowledge that:

(a) we reserve the right to re-assess the Lot or engage at our expense any expert or authority considered by us at our sole discretion to have the necessary expertise to undertake a re-assessment of the Lot;

(b) following our re-assessment of the Lot, you agree to be bound by our decision as to whether or not the Lot is a Forgery.

7.5. You shall not be entitled to a refund for a Forgery if:

(a) the grounds for claiming that the Lot is a Forgery is based primarily on a difference of opinion between us and a third party providing coin grading services;

(b) the grounds for claiming that the Lot is a Forgery is by reason of any damage and/or restoration and/or modification work of any nature;

(c) the description of the Lot in the Catalog was in accordance with generally accepted opinions of numismatic specialists as at the date of publication or the catalog indicated that there was a conflict of opinion.

(d) it has been proved that the Lot is a Forgery by applying a method that was unavailable or not generally applied within the industry of numismatics as at the date of publication of the catalog or was disproportionately expensive, in both cases as determined in our absolute discretion.

7.6. If we agree that the Lot is a Forgery then subject to:

Coming together for one of the largest annual numismatic events (The New York International Numismatic Convention) the group holds three auctions on Tuesday, Wednesday and Thursday of the week-long conference in January and has held over 48 auctions since its conception. By combining a vast array of experience and knowledge the group strives to offer the best service to their clients and customers. Whether you are buying at the auction or a potential vendor for the sale, any member of the group can offer advice. Catalogues are produced to the highest possible standard and may be kept as a useful reference for serious buyers and coin collectors.

Over the years the group has aimed to achieve the best possible prices for their vendors and undertakes a marketing strategy which is proven by the excellent results achieved year upon year. In 2004 the sale of an 1825 Russian silver Rouble for US\$603,750 broke the world record price achieved for any non-US coin sold by public auction and since then lots have regularly attained prices well above estimates. In 2008 results from the Italian section of the sale made a staggering US\$1,118,400, four times the pre-sale estimate. The famous Prospero collection of Ancient Greek coins was professionally presented by the group in 2012 and resulted in numerous world records, finally realizing in excess of US\$26,000,000 for the 642 lots after 8 hours of auctioneering. The printed auction catalogue will remain a major reference work for many years to come and is a 'must have' for any collector of the series.

(a) you being able to confirm in writing that you can transfer legal and beneficial title to the Lot to us or as directed by us free from all encumbrances or third party claims of any nature; and

(b) the exclusions in Condition 7.7, then the sale of the Lot will be rescinded so that it is canceled and we will refund the Purchase Price to you in full.

7.7. Your right to return the Lot and receive a refund of the Hammer Price under the Guarantee is your sole remedy against us, our agents and sub-contractors and/or the Seller for a Forgery. You will not be entitled to claim interest on the amount due to you. Neither we, our agents or sub-contractors nor the Seller shall be liable for costs, expenses, damages or any other liability however it arises relating to a Forgery.

7.8. In accordance with the restriction in Condition 10.2, the benefit of the Guarantee is personal to the Buyer and is not transferable to a new owner of the Lot or any other person.

## 8. EXCLUSION OF LIABILITY AND WARRANTIES

8.1. Except where these conditions expressly state otherwise, no warranty as to merchantability or fitness for a particular purpose is given to a buyer concerning a lot and each lot is sold "as is" and as shown with all faults, imperfections, errors of description (including authorship, origin, age, size, condition or value) or lack of authenticity or genuineness and neither we nor the seller nor any of our agents or sub-contractors will be liable for any damages, costs, expenses or any other liability arising out of the same whether or not caused by negligence. Furthermore, the Auctioneer offers no representation that a numismatic item has or has not been cleaned; that any toning is natural or artificial; that any coin will meet the standards or grade of any independent grading service; that any item has a particular provenance or pedigree, or that a numismatic item is struck or produced in a particular style. Any statement concerning such matters reflects an opinion only. Questions regarding the minting of a coin as a proof or as a business strike relate to the method of manufacture and not to authenticity. The auction is not an approval sale.

8.2. Except as provided in 6.3, any claims for adjustment other than authenticity must be made in writing within seven (7) days after delivery of the goods. No Lots may be returned without our written permission. It is the Buyer's responsibility to have the Lots fully insured while in his possession. Our maximum liability under these Conditions is the amount of the Purchase Price paid by you.

8.3. Notwithstanding anything to the contrary in these Conditions of Sale, Coins listed in this catalogue graded by PCGS or NGC, may not be returned for any reason whatsoever. Whatever current guarantees and or warranties granted by PCGS and or NGC mirrors ours.

8.4. All oral and written statements made by the Auctioneer and its employees (including affiliated and related companies) are statements of opinion only, and are not warranties or representations of any kind, unless stated as a specific written warranty, and no employee or agent of the Auctioneer has authority to vary or alter these Conditions of Sale. Any alteration shall be effective only if in writing and signed by an officer of the Auctioneer authorized to do so.

8.5. Neither we nor any of our agents or sub-contractors shall be liable, whether in tort (including negligence or breach of statutory duty), contract, misrepresentation or otherwise:

(a) for loss of profits or business, depletion of goodwill and/or similar losses; loss of contracts; or

(b) any special, indirect, incidental, consequential, exemplary or pure economic loss, costs, damages, charges or expenses.

8.6. We shall not be liable to you or be deemed to be in breach of these Conditions by reason of any delay in performing, or any failure to perform, any of our obligations in the Conditions, if the delay or failure was due to any cause beyond our reasonable control.

8.7. Nothing in these Conditions excludes or limits our liability for any matter which it would be illegal for us to exclude or attempt to exclude under New York law or for our fraud or fraudulent misrepresentation.

## 9. DATA PROTECTION

9.1. By agreeing to these Conditions, a Bidder acknowledges and agrees that we will use personal information of a Bidder for the purpose of the Auction and ancillary matters, including providing a Buyer's personal details to any other person where necessary to enforce our rights under these Conditions.

## 10. GENERAL

10.1. These Conditions and the Seller's Conditions constitute the entire agreement between us and supersede all other agreements, understandings, warranties and representations concerning the subject matter hereof. All other terms, warranties and representations, express or implied by

statute or otherwise are excluded to the fullest extent permitted by law. No variation to these Conditions shall be legally binding unless agreed in writing by us.

10.2. All rights and benefits granted to a Bidder under these Conditions are personal to him and may not be assigned or in any other way transferred to any other person. Any such assignment or transfer will be invalid and unenforceable against us.

10.3. A notice required or permitted to be given by either of us to the other under these Conditions shall, in the case of a Bidder, be to the last address notified to us and in the case of Auctioneer, shall be to the registered office of Auctioneer.

10.4. No failure or delay by us in exercising any of our rights under these Conditions shall be deemed to be a waiver of that right, and no waiver by us of any breach of these Conditions by you shall be considered as a waiver of any subsequent breach of the same or any other provision.

10.5. We may perform our obligations and exercise our respective rights through any of our group companies or assign our rights under these Conditions.

10.6. If any provision of these Conditions is held by any court or other competent authority to be invalid or unenforceable, in whole or in part, the validity of the other provisions and the remainder of the provision in question shall not be affected.

10.7. These Conditions, as well as the Buyer's and our respective rights and obligations hereunder, shall be governed by and construed and enforced in accordance with the laws of the State of New York. By bidding at the Auction, whether in person, by agent, Commission Bid, telephone or other means, the Buyer shall be deemed to have consented to the exclusive jurisdiction of the state courts of, and the federal courts sitting in, the State of New York.

# CONDITIONS OF SALE

## 1. APPLICATION AND CONTRACTUAL RELATIONSHIP

1.1. By making a bid, a Bidder acknowledges his acceptance of these Conditions and will be bound by them.

1.2. Ira & Larry Goldberg Coins & Collectibles Inc. ("Auctioneer"), Dmitry Markov Coins & Medals, M&M Numismatics Ltd., and Sovereign Rarities Ltd. act as Auction Agent for the Seller for the sale of a Lot to the Buyer unless any of these entities is in fact the owner of the Lot. As such, Auction Agent is not responsible for any default by the Seller or the Buyer.

1.3. The contract for the sale of a Lot is between the Seller and the Buyer and is subject to these Conditions and the Seller's Conditions.

## 2. PRE-SALE AND DESCRIPTIONS

2.1. Statements made by us in a Catalog, during the course of the Auction or elsewhere, describing a Lot, including its authorship, origin, age, size, condition, genuineness, authenticity, value or the state of preservation and strike are intended as a guide for interested Bidders. When a grade from an independent grading service is mentioned, the information is provided strictly for the convenience. These are statements of opinion only and should not be relied on as statements of fact. Illustrations of the Lots are for general identification only.

2.2. Lots by their nature are usually aged and varied in condition. The absence of any description of a defect, damage, modification or restoration in any Catalog does not imply that there are none.

2.3. Coins are graded to accepted international standards to the best ability of our specialists. You acknowledge that the grading of coins is subjective and may vary from specialist to specialist, as the process is by nature an art and not a science. For this reason, we do not automatically accept and are not bound by the opinions of third party coin grading services for any purposes including before and after the sale of a Lot.

2.4. If you are interested in a Lot, we strongly recommend that you view it in person before the Auction and form your own opinion of the description of the Lot.

2.5. We reserve the right to change any aspect of the published description of a Lot prior to the Auction. Any change may be published on our website, displayed at the Auction, announced by the auctioneer prior to the sale and/or communicated in any other manner.

2.6. All copyright in Catalogs, including images, belongs to Auctioneer.

## 3. ABSENTEE COMMISSION BIDS

3.1. If you are unable to attend the Auction personally, you may submit a Commission Bid and we will endeavor to purchase the Lot on your behalf for the lowest price possible. You must submit this in writing using the Commission Bid Form and send it to us by post, fax or email at least 24 hours prior to the Auction.

3.2. For all Commission Bids, you must supply your name and address, contact telephone number and email. You must also provide the Lot number and description of the Lot, the amount of your Bid and any other information requested in the Commission Bid Form or by us. It is your responsibility to provide the correct information and to ensure that we have received your Commission Bid.

3.3. We do not charge for this service and therefore we will not incur any liability for executing (or failing to execute) the Commission Bid.

3.4. If you submit a Commission Bid verbally (by telephone or otherwise), we shall not be responsible for any misunderstandings (by either us or our agents or you) in relation to your Bid. All bids made in this way must be confirmed in writing before the Auction.

3.5. If we receive two Commission Bids for equal value for the same Lot, the Bid received first by us shall take precedence.

3.6. "Buy" commissions and unlimited Commission Bids will not be accepted.

## 4. AUCTION SALE

4.1. This sale is a public auction sale conducted by licensed and bonded auctioneers.

4.2. Before the Auction, all potential Bidders must notify their name and address to the Auctioneer and, if required, provide proof of identity to our satisfaction and bank or other credit references. Bidders unknown to Auctioneer are requested to establish credit or deposit 25% of their bids before the sale. We cannot accept bids from minors.

4.3. The highest Bidder for each Lot shall be the Buyer. If there is a dispute, the Auctioneer shall have absolute discretion to determine the dispute including re-offering the disputed Lot for sale. Auctioneer reserves the right to refuse any bid he feels is not made in good faith.

4.4. A Bidder must submit a bid for an entire Lot and each Lot constitutes a separate sale. The Auctioneer shall, however, have absolute discretion to divide any Lot, to combine any two or more Lots, or to withdraw any Lot from the Auction without giving any reason (including after the hammer has fallen). Bidding shall be regulated at the absolute discretion of the Auctioneer. The Auctioneer has the right to refuse any bid.

4.5. All sales are final. Subject to Condition 4.4, the contract for the sale of the Lot is concluded on the fall of the hammer.

4.6. You cannot cancel your purchase of a Lot once the hammer has fallen.

4.7. Auctioneer reserves the right to include in any Auction its own material as well as material from affiliated or related companies, principals, officers or employees. Auctioneer may have direct or indirect interests in any of the Lots in the Auction and may collect commissions. THE TWO PRECEDING SENTENCES SHALL BE DEEMED A PART OF THE DESCRIPTION OF ALL LOTS CONTAINED IN THE CATALOG.

4.8. Auctioneer may bid for its own account at any auction.

4.9. All Lots are offered for sale subject to a Reserve.

4.10. Estimates in the Catalog are not limits or reserves but reflect the actual market prices and are intended as a guide for bidders. The actual prices realized may be higher or lower than these valuations. The starting price will be about 80% of the estimates, unless there are higher offers.

## 5. PAYMENT

5.1. The Purchase Price payable by a Buyer is the Hammer Price plus a **Buyer's Premium of 20% of the Hammer Price**. Buyer of a lot is responsible for paying New York sales tax, unless the Lot is exempt.

5.2. Buyer of a Lot shall pay the Purchase Price in full before the Lot can be delivered to the Buyer.

5.3. Except where Condition 5.2 applies, any part of the Purchase Price outstanding after the Auction shall be payable by you within 14 days of the date of the Auction, the due date.

5.4. The Purchase Price is payable by you in cash in full in US funds. You are not entitled to set-off any amounts that you claim are due from us or anyone else or make any other deductions.

5.5. Unless we have agreed in writing otherwise, you shall act on your own account as principal in respect of the sale and therefore if you accept a commission from a third party to bid on their behalf, you do so at your own risk and will remain personally liable (jointly with your principal) to us for the Purchase Price in accordance with these Conditions.

5.6. The methods of payment and surcharges are set out below.

5.7. If the Purchase Price has not been settled within 30 days of the Auction date interest will be charged at 2% per month from the due date of payment to the date that cleared funds are received whether that is before or after any legal judgment. This is without prejudice to any other rights that we have for non-payment.

5.8. If you fail to comply with your obligations under these Conditions, the Lot, in respect of such non-compliance, may at our discretion be put up for sale at Auction or privately and resold. In this case, you will be liable in full and will indemnify us for all losses, costs and expenses (including attorneys' fees and legal costs) incurred as a result, including the costs of the resale and the amount (if any) by which the Hammer Price obtained on the resale is less than the Hammer Price obtained on the original sale of the Lot to the Buyer.

## 6. RISK, TITLE AND DELIVERY

6.1. The risk of damage/loss to the Lot will pass to the Buyer on the fall of the hammer. Title in a Lot will not pass to the Buyer until the Purchase Price has been paid in full.

6.2. Unless agreed by us, you should collect the Lot within 7 days of the date of payment in full.
