**464** NIOBE. Kantine. o.J.(1916-1932), Messing, 25mm, Erhaltung! Menzel 34109.1. unz- (UNC-). Die "Niobe" wurde 1913 als "Morten Jensen" in Denmark gebaut. 1916 nach Norwegen verkauft, gelangte sie als "Tyholm" im 1. Weltkrieg durch das deutsche U-Boot UB41 eingenommen und diente danach als Schulschiff der Deutschen Reichsmarine. Im Jahre 1932 sank das Schiff in der Ostsee vor Fehmarn, wobei 69 Besatzungsmitglieder ertranken. Bei Menzel werden diese Marken genau wie 34110 dem kleinen Kreuzer Niobe (ab 1927 Schulkreuzer der jugoslawischen Marine Dalmacija) zugeschrieben. Dies wäre insoweit abzulehnen, dass zum einen unverständlich wäre, weshalb ein und dasselbe Schiff stilistisch völlig unterschiedliche Wertmarken in Auftrag gegeben haben sollten. Zum anderen passen diese Marken, M.34109, stilistisch nicht zum Kriegsschiff des 1. Weltkrieges (im Gegensatz zu M.34110). Daher lehnen wir diese Zuordnung ab.

**90**

**543** EDWARD VI. Shilling ND (1551-53), THIRD ISSUE, Mint mark Tun, LONDON, silver, VF+, S.2482. The contemporary cross graffiti is typical for coins of this type. According to the prevailing opinion among collectors, these are protestations by Catholics against the state Anglican Church. German numismatics experienced a similar phenomenon in the 20th century, in which the Garrison Church 5 Reichsmark pieces (Jaeger 357) were re-engraved with slogans and symbols against the National Socialist regime. In both cases, large-format coins with empty areas in the design were chosen. **180**
