**12**

**697** AZTEC EMPIRE. 3 Medallic issues 1950s, GUILLERMO III DE GRAU-MOCTEZUMA, silver, 37mm, VERY RARE!!! Weight: 11g silver (0.900) each. Struck in Geneva, these "coins" should represent the claim of GUILLERMO III DE GRAU-MOCTEZUMA (1917-1999) for the throne of the Aztec Empire. This claim is based on the pretended succession from Maria Xipaguazin Moctezuma or her sister Tecuichpoch Isabel Moctezuma, both daughters of Moctezuma II, the last ruler of the Aztec Empire (1502-1520), captured and probably killed by Hernán Cortés, Spanish conquistador. Guillermo III de Grau Moctezuma, the self-proclaimed head of the Aztec Imperial House, died on 09.16.1999 without children or siblings. By his will, Don Jose Moscardó Vercher became the heir of the Aztec Crown bearing the title of His Imperial and Royal Highness Jose I. The three "coins" depict: Guillermo III de Grau Moctezuma with his coat of arms; Order of Our Lady of Guadalupe; seal of the Knights Templar, whose Grandmaster Guillermo III pretended to be. All "coins" were cleaned. The Templar coin has strong hairlines on the knight side. A very interesting piece of Spanish and Mexican history.
