Abbasid, al-Radi (322-329h), dirham, Isbahan 326h, 3.30g (Treadwell Is326, *same obverse die*), *edge faults, fine to good fine and rare* £150-200

175

Abbasid, al-Radi (322-329h), dinar, Mah al-Kufa 324h, 3.21g (Bernardi 285Mr RR), *unevenly struck and traces of mounting, almost very fine* £150-200

Another example of this mint and date was sold by St James's Auctions on 27 June 2016 (lot 251), where the cataloguer noted that this purely Abbasid issue is most unexpected given that dirhams naming 'Ali b. Buwayh were struck there in 323h and 324h. Treadwell, who only had access to a damaged and fragmentary piece, was unable to read the reverse field and so could not identify this as an Abbasid rather than a Buwayhid type.

Aghlabid, Muhammad II b. Ahmad (250-261h), dinar, 253h, 4.23g (al-'Ush 72), *very fine, reverse better* £200-250

Eustache records two varieties of dirham from a mint he read as 'Ziz', both bearing the same date as the present coin [229h]. It is tempting to equate this with the mint-name on the piece offered here, although this does appear to be longer than 'Ziz' – 'Zila', suggested here, is a possibility.

Ulocrino, *St. Jerome*, bronze plaquette, early 16th century, St Jerome standing facing between a dead tree and a jagged rock-face; he holds a stone and cross and a skull rests on the rock-face at base of which is a book; the lion is at his feet, 94.4 x 55.4mm (Bange 419 = Planiscig p. 465, fig. 574; cf. Molinier 248 var.; Kress 236, fig. 340 var.; Warren, Ashmolean, 343 var.; Bargello 212 var.; Scaglia VII.1, variant B), *twice pierced at top, a very fine contemporary cast with brown patina, very rare* £4,000-6,000

Provenance: Pablo Bosch y Barrau (1842-1915), Balclis auction, Barcelona, 29 October 2014, lot 641. Pablo Bosch was a member of the Board of Trustees of the Prado Museum, appointed in 1912 and on his death bequeathed his major collection of medals, coins and other art works to the Prado.

This is the rare larger variant of the *St. Jerome* plaquette (unrecorded in Molinier) and is twice pierced in the same way as the example cited in Berlin; the more commonly encountered smaller versions are signed VLOCRINO with the tree on the left changed to a ruined arch and with certain other alterations. Ulocrino has been closely associated with Andrea Briosco, called Riccio and some authorities have identified him as the master himself. Jeremy Warren, in the Ashmolean catalogue, attributes the smaller signed version to Riccio or his workshop. There is another version of this plaquette in lower relief and by a later hand (as Molinier 247 and Kress 245, fig. 350).

All lots are subject to a Buyer's Premium of 20% on the hammer price plus VAT as appropriate. See our Conditions of Business for further details.

Provenance: Hugo Loewe collection, Reichmann auction, 12 March 1913, lot 431.

858

The Master IO. F. 859

The Master IO. F. F., *The Death of Marcus Curtius*, bronze plaquette (unsigned), late 15th century, Marcus Curtius on horseback, plunging into the chasm; behind, a temple with distraught figure within and with seven soldiers, one mounted, looking on, 56.7mm (cf. This rare plaquette is usually found shield-shaped. The only other circular version appears to be in the Bargello and is set within a raised border. There is a woodcut of the scene in reverse by Lucas Cranach the Elder of c. 1506, which provides a *terminus ante quem* for the date of the plaquette.

863

Moderno, *The Rape of Deianira*, bronze plaquette, early 16th century, the centaur Nessus carrying off Deianira, wife of Hercules, 50 x 48.4mm (Bargello 167-168; Scaglia V.30, variant B), *very fine early cast, reverse with collector's number in red paint* £300-500

Provenance: Pablo Bosch y Barrau (1842-1915), Balclis auction, Barcelona, 11 February 2015, lot 224 part.

The image is usually found as the central part of a larger oblong plaquette with rounded ends, with Nessus and Deianira set between medallions of Victory above and Hercules killing the Stymphalian birds below – as Molinier 150; Bange 486; Kress 165, fig. 161.

864

After Moderno, *The Dead Christ supported by the Virgin and St. John*, bronze-gilt pax, 16th century, the scene set within architectural frame, the pediment ornamented with a cherub's head, 150 x 107mm (cf. Molinier 176; Bange 455; Kress 153, fig. 187; Bargello 182; Scaglia V.39), *stand removed from the back, very fine contemporary cast* £1,000-1,500

Provenance: Important Mobilier, Sculptures et Objets d'Art, Sotheby's Paris, 5 May 2015, lot 8.

The design of this popular 16th century pax copies a plaquette type by Moderno with certain differences, notably a missing cherub below Christ's right arm and the addition of the cross in the background.

865

865

North Italian, late 15th or early 16th century, *The Madonna and Child surrounded by Angels*, bronze plaquette, the Virgin seated on parapet, looking down at the Christ Child and flanked by two angels; in the sky above are five cherub's heads resting on clouds; the image set within an elaborately ornamented frame with raised knobs on each corner, 80 x 56.8mm (Molinier 379; Bange 517; Kress 315, fig. 243; Warren, Ashmolean, 380; Warren, Wallace Collection, 52), *pierced at top and bottom, fine contemporary cast with brown patina* £600-800

Provenance: Sotheby's New York, 28-29th November 1980, lot 70; David Abbate (New York City).

The unknown author of this plaquette type has been described as a follower of *Moderno* or the *Master of the Corn-Ear Clouds*. The thick foliate border with a central scene in miniature imitates the bordered miniatures found in illuminated manuscripts. Warren, in describing the specimens in the Ashmolean Museum and the Wallace Collection, has suggested that they were produced as covers for small prayer books. This plaquette is the counterpart to another of *The Dead Christ with the Virgin and St. John* which also incorporates the same thick foliate border and the raised knobs in the corners. If indeed they were intended as book covers, it is likely that they have a Venetian source, given the abundance of binding and printing in that city in the 16th century.

866

Valerio Belli, *The Betrayal of Christ*, bronze oval plaquette, c. 1524-5, Christ betrayed by Judas; St. Peter attacking Malchus on the right and behind are soldiers and disciples; signed below, VALERIVS VICENTINVS F, 88 x 97mm (Molinier 270; Bange 773; Kress 7, fig. 355; Bargello 73; Warren, Ashmolean, 232-33), *from slightly fractured mould, traces of old gilding, a very fine early/contemporary cast* £600-800

Provenance: Luc Smolderen collection, Brussels. Cast from the rock crystal original in the Museo Sacro at the Vatican – for which see, Burns, H, et al, *Valerio Belli Vicentino, 1468c.-1546*, Vicenza, 2000, p. 205; also p. 132, 1 (Lewis) and p. 322, 26 (Gasparotto)).

867

Valerio Belli, *The Apotheosis of Scipio*, bronze oval plaquette, the Roman general Scipio Africanus standing on plinth flanked by six figures; signed below, VALE VI F, 53 x 42.2mm (Molinier 311; Bange 783; Gasparotto 85; Lewis 56; cf. Scaglia VIII.18, fig. d), *pierced, solder mark on reverse, a very fine early/contemporary cast, stamped with the initials B.M. (for Baron de Monville)* £300-400

Provenance: Baron Boissel de Monville (Monville sale, 24-25 January 1861, part lot 106); Paul van Cuyck (late 19th century dealer in Paris); Luc Smolderen collection, Brussels. The scene depicts the story of the continence of Scipio with the youth Allucio and his promised wife - as described by Livy XXXVI, 50, 1-12.

All lots are subject to a Buyer's Premium of 20% on the hammer price plus VAT as appropriate. See our Conditions of Business for further details.

868

Moderno, *The Lion Hunt*, lead circular plaquette, 80.6mm (Molinier 217; Bange 478; Kress 168), *one edge knock, a very fine early cast, scratch marks on the reverse* £500-600

869

Venetian School, last quarter of the 16th Century, *The Coronation of the Virgin*, bronze plaquette, Christ and the Virgin in clouds surrounded by cherubs holding garlands and rosary beads; the plaquette set in a contemporary frame ornamented with scrollwork, swags of fruit and the top and bottom set with cherubs' heads; the top with ring for suspension and the back with engraved letters: A.N.M., 184mm x 129mm (Bange 944, set in frame as here; Scaglia IX, 24 (plaquette) and XIV, 19 (frame); cf. Molinier 573; Warren, Ashmolean, 415; Toderi, Bargello, 262; Vannel & Toderi, Bardini collection, 197), *sometime cleaned but a very fine contemporary cast* £1,500-2,000

After the battle of Lepanto in 1571 Pope Gregory XIII granted special status to the Festival of the Virgin of the Rosary and it is thought that these plaquettes which emphasise rosary beads date from this period. The meaning of the initials on the reverse of the present piece are not known and may possibly refer to its original owner.

3. Examination of Lots

(a) M&E's knowledge of lots is partly dependent on information provided by the Seller and M&E is unable to exercise exhaustive due diligence on each lot. Each lot is available for examination before sale. Bidders are responsible for carrying out examinations and research before sale to satisfy themselves over the condition of lots and accuracy of descriptions.

(b) All oral and/or written information provided to Bidders relating to lots, including descriptions in the catalogue, condition reports or elsewhere are statements of M&E's opinion and not representations of fact. Estimates may not be relied on as a prediction of the selling price or value of the lot and may be revised from time to time at M&E's absolute discretion.

4. Exclusions and limitations of liability to Buyers

(a) M&E shall refund the Purchase Price to the Buyer in circumstances where it deems that the lot is a Counterfeit, subject to the terms of M&E's Authenticity Guarantee.

(b) Subject to Condition 4(a), neither M&E nor the Seller:-

(i) is liable for any errors or omissions in any oral or written information provided to Bidders by M&E, whether negligent or otherwise;

(ii) gives any guarantee or warranty to Bidders and any implied warranties and conditions are excluded (save in so far as such obligations cannot be excluded by English law), other than the express warranties given by the Seller to the Buyer (for which the Seller is solely responsible) under the Conditions of Business for Sellers;

(iii) accepts responsibility to Bidders for acts or omissions (whether negligent or otherwise) by M&E in connection with the conduct of auctions or for any matter relating to the sale of any lot.

(c) Without prejudice to Condition 4(b), any claim against M&E and/ or the Seller by a Bidder is limited to the Purchase Price for the relevant lot. Neither M&E nor the Seller shall be liable for any indirect or consequential losses.

(d) Nothing in Condition 4 shall exclude or limit the liability of M&E or the Seller for death or personal injury caused by the negligent acts or omissions of M&E or the Seller.

5. Bidding at Auction

(a) M&E has absolute discretion to refuse admission to the auction. Before sale, Bidders must complete a Registration Form and supply such information and references as M&E requires. Bidders are personally liable for their bid and are jointly and severally liable with their principal, if bidding as agent (in which case M&E's prior and express consent must be obtained).

(b) M&E advises Bidders to attend the auction, but M&E will endeavour to execute absentee written bids provided that they are, in M&E's opinion, received in sufficient time and in legible form.

(c) When available, written and telephone bidding is offered as a free service at the Bidder's risk and subject to M&E's other commitments; M&E is therefore not liable for failure to execute such bids. Telephone bidding may be recorded.

6. Import, Export and Copyright Restrictions

M&E and the Seller make no representations or warranties as to whether any lot is subject to import, export or copyright restrictions. It is the Buyer's sole responsibility to obtain any copyright clearance or any necessary import, export or other licence required by law, including licenses required under the Convention on the International Trade in Endangered Species (CITES).

7. Conduct of the Auction

(a) The auctioneer has discretion to refuse bids, withdraw or re-offer lots for sale (including after the fall of the hammer) if (s)he believes that there may be an error or dispute, and may also take such other action as (s)he reasonably deems necessary.

(b) The auctioneer will commence and advance the bidding in such increments as (s)he considers appropriate and is entitled to place bids on the Seller's behalf up to the Reserve Price for the lot, where applicable.

(c) Subject to Condition 7(a), the contract between the Buyer and the Seller is concluded on the striking of the auctioneer's hammer.

(d) Any post-auction sale of lots shall incorporate these Conditions of Business.

8. Payment and Collection

(a) Unless otherwise agreed in advance, payment of the Purchase Price is due in pounds sterling immediately after the auction (the "Payment Date").

(b) Title in a lot will not pass to the Buyer until M&E has received the Purchase Price in cleared funds. M&E will generally not release a lot to a Buyer before payment. Earlier release shall not affect passing of title or the Buyer's obligation to pay the Purchase Price, as above.

(c) The refusal of any licence or permit required by law, as outlined in Condition 6, shall not affect the Buyer's obligation to pay for the lot, as per Condition 8(a).

(d) The Buyer must arrange collection of lots within 10 working days of the auction. Purchased lots are at the Buyer's risk from the earlier of (i) collection or (ii) 10 working days after the auction. Until risk passes, M&E will compensate the Buyer for any loss or damage to the lot up to a maximum of the Purchase Price actually paid by the Buyer. M&E's assumption of risk is subject to the exclusions detailed in Condition 5(d) of the Conditions of Business for Sellers.

(e) All packing and handling of lots is at the Buyer's risk. M&E will not be liable for any acts or omissions of third party packers or shippers.

(a) store the lot at its premises or elsewhere at the Buyer's sole risk and expense;

(b) cancel the sale of the lot;

(c) set off any amounts owed to the Buyer by M&E against any amounts owed to M&E by the Buyer for the lot;

(d) reject future bids from the Buyer;

(e) charge interest at 8% per annum above Lloyds TSB Bank plc Base Rate from the Payment Date to the date that the Purchase Price is received in cleared funds;

(f) re-sell the lot by auction or privately, with estimates and reserves at M&E's discretion, in which case the Buyer will be liable for any shortfall between the original Purchase Price and the amount achieved on re-sale, including all costs incurred in such re-sale;

(g) Exercise a lien over any Buyer's Property in M&E's possession, applying the sale proceeds to any amounts owed by the Buyer to M&E. M&E shall give the Buyer 14 days written notice before exercising such lien;

(h) commence legal proceedings to recover the Purchase Price for the lot, plus interest and legal costs;

(i) disclose the Buyer's details to the Seller to enable the Seller to commence legal proceedings.

10. Failure to collect purchases

(a) If the Buyer pays the Purchase Price but does not collect the lot within 20 working days of the auction, the lot will be stored at the Buyer's expense and risk at M&E's premises or in independent storage.

(b) If a lot is paid for but uncollected within 6 months of the auction, following 60 days written notice to the Buyer, M&E will re-sell the lot by auction or privately, with estimates and reserves at M&E's discretion. The sale proceeds, less all M&E's costs, will be forfeited unless collected by the Buyer within 2 years of the original auction.

11. Data Protection

(a) M&E will use information supplied by Bidders or otherwise obtained lawfully by M&E for the provision of auction related services, client administration, marketing and as otherwise required by law.

(b) By agreeing to these Conditions of Business, the Bidder agrees to the processing of their personal information and to the disclosure of such information to third

12. Miscellaneous

(a) All images of lots, catalogue descriptions and all other materials produced by M&E are the copyright of M&E.

(b) These Conditions of Business are not assignable by any Buyer without M&E's prior written consent, but are binding on Bidders' successors, assigns and representatives.

(c) The materials listed in Condition 1(a) set out the entire agreement between the parties.

(d) If any part of these Conditions of Business be held unenforceable, the remaining parts shall remain in full force and effect.

(e) These Conditions of Business shall be interpreted in accordance with English Law, under the exclusive jurisdiction of the English Courts, in favour of M&E.

Morton & Eden Ltd.'s Authenticity Guarantee

If Morton & Eden Ltd. sells an item of Property which is later shown to be a "Counterfeit", subject to the terms below Morton & Eden Ltd. will rescind the sale and refund the Buyer the total amount paid by the Buyer to Morton & Eden Ltd. for that Property, up to a maximum of the Purchase Price.

The Guarantee lasts for two (2) years after the date of the relevant auction, is for the benefit of the Buyer only and is non-transferable.

"Counterfeit" means an item of Property that in Morton & Eden Ltd.'s reasonable opinion is an imitation created with the intent to deceive over the authorship, origin, date, age, period, culture or source, where the correct description of such matters is not included in the catalogue description for the Property.

Property shall not be considered Counterfeit solely because of any damage and/or restoration and/or modification work (including, but not limited to, traces of mounting, tooling or repatinating). Please note that this Guarantee does not apply if either:-

(i) the catalogue description was in accordance with the generally accepted opinions of scholars and experts at the date of the sale, or the catalogue description indicated that there was a conflict of such opinions; or

(ii) the only method of establishing at the date of the sale that the item was a Counterfeit would have been by means of processes not then generally available or accepted, unreasonably expensive or impractical; or likely to have caused damage to or loss in value to the Property (in Morton & Eden Ltd.'s reasonable opinion); or

(iii) there has been no material loss in value of the Property from its value had it accorded with its catalogue description.

To claim under this Guarantee, the Buyer must:-

(i) notify Morton & Eden Ltd. in writing within one (1) month of receiving any information that causes the Buyer to question the authenticity or attribution of the Property, specifying the lot number,

date of the auction at which it was purchased and the reasons why it is believed to be Counterfeit; and

(ii) return the Property to Morton & Eden Ltd. in the same condition as at the date of sale and be able to transfer good title in the Property, free from any third party claims arising after the date of the sale.

Morton & Eden Ltd. has discretion to waive any of the above requirements. Morton & Eden Ltd. may require the Buyer to obtain at the Buyer's cost the reports of two independent and recognised experts in the relevant field and acceptable to Morton & Eden Ltd. Morton & Eden Ltd. shall not be bound by any reports produced by the Buyer, and reserves the right to seek additional expert advice at its own expense. In the event Morton & Eden Ltd. decides to rescind the sale under this Guarantee, it may refund to the Buyer the reasonable costs of up to two mutually approved independent expert reports, provided always that the costs of such reports have been approved in advance and in writing by Morton & Eden Ltd.
