## Charles Square, Bracknell, RG12 1ED - 01344 474 000

We are pleased to announce that for this and subsequent sales we are using The Grange Hotel group for our quarterly auction sales. For many years from the mid 1990s to 2002 we held our sales at various Grange Hotels in central London and we are happy to be back this time at The Grange Hotel Bracknell. We feel that The Grange offers a more flexible service in terms of internal facilities, and we intend to improve our viewing facilities at the new venue. A move to Bracknell close to the M4, M25, M3 and Heathrow airport will make travelling easier for many of our room clients.

Beneath is the hotel information. Parking is in the Charles Square Public Car Park which joins the hotel with a walk way, there is little long term parking outside the hotel door but it is possible to park for loading purposes. Please note there is a charge for the Charles Square Public Car Park.

The overdate is visible over the top of the 2 with the base of the underlying 1 forming part of the base of the 2. An example of the type is shown in Marsh 2000 page 64 (scanning electron microscope picture). Cataloguers Note: The mint was opened on 12 June 1872 by the Governor and Viscountess Canterbury. This was somewhat later than planned; it had ordered and paid for dies to strike coins dated 1871. It was initially manned by volunteers from the Royal Engineers who had undertaken special training in London. They were under the command of Colonel Edward Ward who had already great experience with opening a mint in Australia as he had been in charge of the original team at the Sydney Mint in 1855. This variety arose due to the dies sent from London only averaging 8000 impressions, whereas the reverse dies were averaging 14,000 impressions, therefore by September 1872 some of the 1871 obverse dies had to be altered. A local engraver Julius Hogarth was employed and carried out the work. (**£400 - £450**)

Sir Robert Bellinger, Lord Mayor of London 1966. 55mm diameter, 101.37 grammes of 10 carat gold, along with 18mm 10 Carat gold miniature. Obverse: The image of the Dogwood flower, Reverse: Provincial Coat of Arms. UNC, inscribed to the recipient in a presentation box, and accompanied by a 10 carat gold miniature similar in design. The predecessor to the Order of the Dogwood, called the Dogwood medallion was created by the provincial government in 1958 to mark the Centennial of the establishment of the Colony of British Columbia. In turn, the Order of the Dogwood was created by Order in Council during a provincial cabinet meeting held at Fort Langley on November 19th 1966 to mark the centennial of the union of the Colony of British Columbia with the Colony of Vancouver Island. At the conclusion of the meeting Lieutenant Governor George Pearkes (who was a future recipient of the honour) gave consent to the creation of the honour, then presented at the Douglas Day dinner that followed. The honour was then presented to the first 5 recipients:- Queen Elizabeth The Queen Mother, Viscount Amory (Governor of the Hudson Bay Company), Sir Robert Bellinger, Clarence Wallace, and Frank Mackenzie Ross. Mackenzie and Ross were present for the ceremony. The Order of the Dogwood was the highest provincial honour until 1989, when it was replaced by the Order of British Columbia. Other recipients of the award include Queen Elizabeth II, Prince Philip, The Princess Royal (Princess Anne), and Princess Alexandra. The last recipient was Terry Fox (Canadian Athlete, humanitarian and cancer research activist) in 1980. Only 13 people have been awarded the Order of the Dogwood, and as the award was replaced in 1989 by the Order of British Columbia, there will

be no future recipients. Sir Robert was a controversial London Mayor in 1966-1967 and was a stalwart of the Nation Savings movement. His time as Mayor from 1966-1967 coincided with the Harold Wilson Government which was eager to blame the City for the nation's economic woes. Rather than confine himself to ceremonial duties, Bellinger responded firmly on the City's behalf emphasising its contributions through invisible earnings. He protested again when the Labour Government in October 1974 decided to abolish the 10 Pence savings stamp. Although the stamps paid no interest and was costly to administer it attracted £120 million a year from schoolchildren, housewives and factory workers. Bellinger hailed it as 'the grass roots of savings activity in this country'. He was appointed one of Her Majesty's lieutenants for the City in 1976, was also a trustee for St. Paul's cathedral and Chairman of the City of London's Freemans school. Bellinger had previously been knighted in 1964 and appointed GBE in 1967 He was Gentleman Usher of the Purple Rod (a role akin to treasurer) of the Order of the British Empire, and also held decorations from Belgium, Greece, Cameroon and Denmark. In his later years, Sir Robert became a director of Arsenal Football Club and was elected life president of the club in 1997. He died in July 2002. A rare opportunity to purchase an award only offered to 13 individuals including many Royal recipients. See also the impressive group of medals also awarded to Sir Robert Bellinger (£2,000 - £3,000)

Good Fine. Cataloguer's note General Manuel Belgrano was a founding figure in the Wars of Argentinian Independence. At the battle of Tucuman, General Belgrano led the Army of the North, and defeated the Royalist Troops, led by General Pio de Tristan, who had a two-to-one advantage in numbers, thus halting the royalist advance on the North West of Argentina. This together with the Battle of Salta on 20 February 1813 allowed the Argentine troops to reaffirm the borders under their control. The cruiser ARA General Belgrano which was sunk during the Falklands War 1982 was named after him as was the earlier 1896 ARA General Belgrano, as well as Puerto Belgrano, the largest base of the Argentinian Navy. Many other small towns and departments also bear his name. These facts alone link the medal indirectly to many different historical events (£1,500 - £2,000)
