# SESSION ONE

## The Dodo Collection

The Dodo Collection, named in honor of the large, flightless and long extinct bird and which was only found on the island of Mauritius, has a long and storied history and comes to tonight's auction directly from the exotic island of Mauritius. Mauritius has long been part of an important trade route linking India, Africa, and the Arabian Peninsula. The island's remote location has led to a number of philatelic and numismatic rarities. For example, one of the rarest and most valuable postage stamps in the world, the so-called 1847 Blue Penny (Two Pence) stamp (along with a companion orange-red One Penny value) became the first British Empire postage stamp ever produced outside of Great Britain. Only a handful of the Blue Penny issue stamps is known, one of which was held by our consignor's family for a period of time.

The collection, which includes many bank note rarities from Mauritius, as well as notes from India and Zanzibar, has been intact for nearly 100 years. In that time, it has been held by the family of the consignor that has been part of the island's history for nearly two centuries. Collections like this are rarely seen today. Some of the bank note highlights include:

**Government of Mauritius 5 Rupees 1.7.1924 Pick 16** This design was issued between 1907 and 1930, with 177,000 notes placed in circulation between 1924 and 1926. The notes were withdrawn from circulation at the end of 1934. This example is in far above average condition for this issue and, in fact, is tied with only one other note for the highest reported grade for this Pick number in the PMG population report.

**Government of Mauritius 10 Rupees 1.1.1927 Pick 17** 235,000 of this large format denomination note were issued between 1924 and 1932, with all notes being withdrawn from circulation by 1934. Absent from many African and British Commonwealth collections, this note is difficult to find in any condition. At present, only nine notes have been graded by PMG, with this example being, by far, the finest graded and the only note to receive the grading service's EPQ designation.

**Government of Mauritius 10 Rupees 7.8.1900 Pick 14** Around 568,458 of this denomination were issued between 1876 and 1904, with all notes being withdrawn from circulation in 1934. This design and denomination is difficult to locate in any grade. At present, this is the only example graded by PMG.

**Government of Mauritius 10 Rupees 1.5.1913 Pick 17** This design was issued between 1907 and 1930, with around 265,000 notes placed in circulation between 1913 and 1921 before being withdrawn from circulation at the end of 1934. PMG only records nine examples of this note design and denomination in its population report.

**Government of Mauritius 5 Rupees 30.8.1909 Pick 16** 323,000 notes of this design were issued between 1907 and 1911, ultimately being withdrawn from circulation on December 15, 1934. Like the other notes highlighted here, this note is rare and seldom offered, with even the date being unlisted in the standard references.

**Zanzibar Government 10 Rupees 1.1.1908 Pick 3** Notes from this exotic locale have seen increasing popularity and interest as collectors specializing in Africa seek to add an example to their collections. PMG lists only five examples of this design in their population report.

28001 **Angola** Banco De Angola 20 Angolares 1.6.1927 Pick 73 PMG Choice Very Fine 35.

The Bank of Angola was created in 1926, where the Angolares replaced the Portuguese Escudo. This denomination was issued in two colors, brown and red. Salvador de Sá, who secured Angola from the Dutch, is seen on the face. Colonial issues for Angola have significantly grown in popularity. Small tear.

Starting Bid: \$750

28002 **Argentina** Provincia de Buenos Aires 4 Pesos Oro 1.1.1883 Pick S537s Specimen PMG Gem Uncirculated 66 EPQ.

A seldom seen and beautiful Specimen of this series. Issued examples as well as Specimens are very rare; hence the importance of this offering. At the time of cataloging, there are only two examples graded in the PMG Population Report, with this Specimen being the only one with Gem designation. Three POCs are seen.

Starting Bid: \$625

28003 **Australia** Commonwealth Bank of Australia 10 Pounds ND (1949) Pick 28c R60 PMG Gem Uncirculated 65 EPQ.

An extremely scarce note in Uncirculated condition with only two notes registered above a AU 58 in the PMG Population Report. Large format and desirable with the Coombs and Watt signature combination. A premium example of this desirable type not to be missed.

Starting Bid: \$1,500

28004 **Austria** Austrian National Bank 100 Schilling 3.1.1949 Pick 132s Specimen PMG Choice Uncirculated 64.

This beautiful post-World War II type is extremely scarce in Specimen form. In fact, this is the first we have offered. Red overprints, perforated cancellations, and staple holes are seen on this handsome, large format type. The issued variety is seldom seen in such collectible grade, and the Specimen type is even scarcer.

Starting Bid: \$750

## Seldom Offered Azores Higher Denomination

**28005 Azores** Banco de Portugal 20 Mil Reis Ouro 1905 Pick 13 PMG Very Fine 30.

At the time of cataloging, the PMG Population Report has graded only one example finer than this offered note. Quite rare in any grade, this second highest denomination was overprinted on a contemporary Portuguese issue. Almost all offerings from Azores are scarce, with this problem free example being only the second we have offered. An important opportunity to acquire a very rare European type note.

**Starting Bid: \$1,000**

**28006 Azores** Banco de Portugal 50 Mil Reis Ouro 30.1.1905 Pick 14 PMG Very Fine 25.

A visually stunning and seldom-seen highest denomination note. We have not offered this type since 2014, and there are very few examples existent. This type was overprinted on a Portuguese type, and is differentiated by a clause on the front middle of the note that reads: "Pagavel nas Agencias nos Acores". Minor rust and annotations are seen on this handsome original example.

**Starting Bid: \$1,000**

**28007 Bahamas** Bahamas Government 1 Pound 1919 (ND 1930) Pick 7 PMG Choice Very Fine 35.

King George V is seen on the face of this elegantly designed highest denomination from the second issue. The last offering we made for this variety in the same grade sold for just over \$2,000 in 2017.

**Starting Bid: \$750**

**28008 Bahamas** Bahamas Government 5 Pounds 1936 (ND 1945-47) Pick 12b PCGS Very Choice New 64PPQ.

A gorgeous highest denomination example of this 5 pounds denomination, featuring King George VI. Excellent embossing and brilliant colors are seen on both sides. Highly desirable in uncirculated condition.

**Starting Bid: \$500**

**28009 Bahamas** Bahamas Government 10 Dollars 1965 Pick 22a PMG Gem Uncirculated 65 EPQ.

A low numbered example from the island nation's first decimal issue. Queen Elizabeth II on the face, and a colorful scene of flamingos on the back. We sold a Gem Uncirculated 66 EPQ for just over \$2,200 earlier this year.

**Starting Bid: \$750**

**28010 Bahamas Central Bank 20 Dollars 1974 Pick 39b PMG Gem Uncirculated 65 EPQ.**

Featuring the signature of William C. Allen, this note was issued in or around 1980, and was replaced by a completely redesigned type in 1984. This denomination has become challenging to find in any sort of collectible grade, as its short life span and high face value prevented most from being saved for posterity. This example displays pack fresh original qualities, such as a uncirculated paper, vivid colors, and clean, wide margins. At the time of cataloging, the PMG Population Report has graded only 14 examples in Uncirculated grades, which is surprisingly low for a 1980s issued banknote.

**Starting Bid: \$750**

**28011 Bahamas Central Bank 50 Dollars 1974 Pick 40b PMG Very Fine 25 Net.**

A decent example of a key variety, bearing the Allen signature, for Bahamas. Queen Elizabeth II on the face, and a market scene on the back. Rare in any grade. Rust, erasure.

**Starting Bid: \$500**

**28012 Bahamas Central Bank 50 Dollars 1974 (ND 1992) Pick 55 PMG Gem Uncirculated 66 EPQ★.**

Queen Elizabeth II is seen on the face, and the Bank's headquarters in Nassau on the back. There were only three prefixes issued for this higher denomination, of which C was the first. We offered this exact note back in 2017, and it realized just over \$1,900. This variety has become a modern rarity, and is very sought after in this top grade.

**Starting Bid: \$900**

**28013 Bahamas Central Bank 100 Dollars 1974 (ND 1992) Pick 56 PMG About Uncirculated 55 EPQ.**

Only the lightest circulation is seen on this highest denomination from the 1992 issue. Queen Elizabeth II on the face, and a blue marlin on the back. Always popular, and missing from most decent collections.

**Starting Bid: \$500**

**28014 Bahamas Central Bank 50 Dollars 1996 Pick 61 PMG Superb Gem Unc 68 EPQ.**

A short lived issue which included the last \$50 to have Queen Elizabeth II on its face. This issue is different from the previous issue mainly in updated security features, an updated portrait of the monarch, and it displays an ascending horizontal serial number. This example is tied for top graded on the PMG census with only one other. The last offering we made in the same grade sold for \$2,400 in 2017.

**Starting Bid: \$1,000**

**28015 Barbados** Government of Barbados 2 Dollars 1.12.1939 Pick 3b PMG Very Fine 20.

Interestingly, the \$1 denomination is relatively easy to locate, but any denomination higher has become quite rare. In fact, this is the first \$2 we have offered. A widely sought after King George VI type that seldom appears at any time, in any grade. At the time of cataloging, there are only five Pick 3b notes graded in the PMG Population Report.

**Starting Bid: \$1,000**

**28016 Barbados** Government of Barbados 2 Dollars ND (1938-49) Pick 3s Specimen PMG Choice Very Fine 35 Net.

A beautiful and rare denomination, more difficult to obtain than 1 and 5 Dollars of the same series. This Specimen sheds light into the prefix scheme for this series, which indicates how few of these issued notes were actually issued. Printer annotations and perforated cancellation are seen on this otherwise crisp and handsome example. Mount remnants are noted on the right side.

**Starting Bid: \$500**

**28017 Belgian Congo** Banque du Congo Belge, Elisabethville 5 Francs 2.12.1924 Pick 8a PMG About Uncirculated 53.

An elusive small change example issued at Elisabethville. Country view on the face, and a steamship on the back. This is the top graded example on the PMG Population Report by far, and rare as such.

**Starting Bid: \$750**

**28018 Belgian Congo** Banque du Congo Belge, Leopoldville 5 Francs 3.12.1924 Pick 8bs Specimen PMG About Uncirculated 55 EPQ.

An interesting and very rare Specimen, created for the Leopoldville, the capital city of the Belgian Congo. Seldom seen in this form, and the first we have offered. Completely original paper is seldom seen for this series. A red overprint is seen on each side, as well as solid zero serial numbers. The first we have offered and currently the lone example in the PMG Population Report.

**Starting Bid: \$500**

## Extremely Rare 500 Francs Specimen

**28019 Belgium** Banque National de Belgique 500 Francs 1944-45 Pick 127as Specimen PMG About Uncirculated 50.

This extremely rare and assuredly underappreciated Specimen has flown under the radar for quite some time. This is the only example graded in the PMG Population Report at the time of cataloging. Additionally, completed sales records for a Specimen of this denomination do not exist, which should indicate the rarity of this type. Some issues to the right edge, such as mount remnants and trimming are mentioned for accuracy. A red overprint is seen on each side. Highly unusual and worthy of strong consideration.

**Starting Bid: \$500**

## Seldom Seen Highest Denomination King George VI Issue

**28020 Bermuda** Bermuda Government 5 Pounds 17.2.1947 Pick 17 PMG Choice Very Fine 35.

A superb offering, seldom seen in any grade. This is the highest denomination of the series, and was unpopular locally for many years. The first orange colored 5 Pounds were delivered in Bermuda in 1943, and, this example began circulating in September, 1947. Only 350,000 notes were issued with this date. The prefix scheme increases incrementally, which was a security measure to prevent counterfeiters from understanding the serial number and prefix relationship. Extant examples in issued form are seldom seen in any grade. An iconic King George VI banknote which is missing from many of the best collections of British Commonwealth notes.

**Starting Bid: \$1,500**

**28021 Bermuda** Bermuda Government 5 Pounds 17.2.1947 Pick 17 PMG Very Fine 25.

A pleasing highest denomination featuring Hamilton harbor and King George VI on the face, and the Royal crest on the back. Scarce in any grade.

**Starting Bid: \$1,000**

## Highest Denomination Queen Elizabeth II Type in Superb Gem

### 28022 Bermuda Bermuda Government 10 Pounds 28.7.1964 Pick 22 PMG Superb Gem Unc 67 EPQ.

Colorful, beautifully designed, and seldom seen today; this highest denomination type is widely sought after, especially in such an impressive state of preservation. At the time of cataloging, only one example grades finer in the PMG Population Report. This denomination was initially conceived due to inflation and the depreciation of the Pound against the U.S. Dollar. Bradbury, Wilkinson & Company prepared 300,000 banknotes, but release was slightly delayed due to a technical issue with the security strip. Finally issued in November of 1964, this denomination was initially unpopular, but gained usefulness when the pound was devalued in 1967. However, in 1969, Bermuda announced the change from Pounds to Dollars in decimalized form, which would void the older banknotes. Serial numbers 000,001 to 250,000 were issued, with the final 50,000 supposedly destroyed. This example, with utterly impressive pack fresh original quality, bears a serial number from the supposedly unissued stock. A forward thinking person with access to banknotes in Hamilton must have saved this beautiful example as a souvenir, and thankfully so. An important Queen Elizabeth II offering and desirable in this lofty grade.

**Starting Bid: \$4,000**

### 28023 Bermuda Monetary Authority 1 Dollar 1.1.1988 Pick 28d 89 Low Serial Number Consecutive Examples **Crisp Uncirculated**.

A lovely low serial number run of 89 notes ranging from A/9 000312 to A/9 000400. Some edge may be present on outer notes of the pack. (Total: 89 notes)

**Starting Bid: \$875**

This beautiful and desirable large format presentation piece is extremely rare in any grade, and in any format. It is possible that this emission was issued, but if so, they are of the highest degree of rarity. Specimens and proofs, while also extremely scarce, are known to exist and therefore is the best option to acquire a design from this series. The design elements are stunning on these proofs, which are mounted for rigidity. Hole punched cancellations are seen on the face side. Seldom seen and desirable as such.

**Starting Bid: \$750**

**28034 Brazil Banco de Credito Popular 500 Mil Reis ND (1890) Pick S555p Front and Back Proofs PMG Gem Uncirculated 65 EPQ.**

## Seldom Seen Bulgarian Specimen

**28044 Bulgaria** Bulgaria National Bank 50 Leva 1925 Pick 45s1 Specimen PMG Choice Uncirculated 64.

An important and scarce offering, seldom seen in this format. Red overprints, hole-punched cancellations, and solid zero serial numbers complete the transformation. Clean, crisp paper, free of netting defects, is also seen. This example is superior to the Specimen we auctioned in January 2018, which sold for \$3,960.00. At the time of cataloging, there are only three examples graded in the PMG Population Report. An important and seldom seen type.

**Starting Bid: \$1,000**

## Rarely Seen Highest Denomination Specimen

**28045 Bulgaria** Bulgaria National Bank 1000 Leva 1940 Pick 59s Specimen PMG Choice Uncirculated 64 EPQ.

Interesting, the 1940 series of notes features only three denominations, as it was most likely created to supplement the 1938 series until the 1942 series could be prepared. In any event, high grade examples are seldom seen for the 1000 Leva denomination. In fact, in issued form, the highest graded example in the PMG Population Report scores About Uncirculated 55. Only a few graded Specimens exist, leaving this an important opportunity to acquire an underrated type. A large, deep red overprint is seen on each side of this Specimen.

**Starting Bid: \$500**

## The Harry M. Eisenhauer Collection

Some of the most remarkable collections are built by the collectors and researchers that give back to the hobby most. Harry M. Eisenhauer is no exception. Harry specialized in Canadian Chartered Banknotes, with a particular focus on the Eastern Provinces of Canada. Over 50 years of collecting, he was able to acquire some of the most spectacular rarities from Nova Scotia, New Brunswick, Quebec, and Prince Edward Island. The Bank of Canada notes offered here today are among the finest known, many from the first ten notes issues of their respective type.

Harry started collecting at the age of nine in 1947. He was drawn to the engravings on stamps, naturally leading to an interest in Canadian banknotes. He ardently shared his passion with others, serving fellow collectors and advancing the hobby through his activities in numismatics. He is Life Member No. 16 of the Canadian Paper Money Society, and served as the first Vice President and Membership Director, later serving as President. He also served as President and a founding member in the Atlantic Provinces Numismatic Association and Fredericton Numismatic Society. Beyond numismatics, Harry is a founding patron of the J. Douglas Ferguson Education and Research Foundation, and Farmers Bank of Rustico Museum.

Education was important to Harry, as he served as a frequent speaker, convention chairman and moderator of many an educational symposium at local, regional, and national events. Harry lent a hand to Bob Graham, contributing significantly to the *Canadian Paper Money Society Note Registry* for more than 30 years. His notes were listed, and are undoubtedly on want lists for many a specialists, waiting for this offering today. Harry also served as a contributor to the Charlton catalogs, both for research and market pricing. His lifelong endeavors have earned him honorary life memberships in The Halifax Regional Coin Club, Ingersoll Coin Club, and Prince Edward Island Numismatic Association. In 1973, he was awarded the Dale Garland Award.

Harry helped shape Canadian banknote collecting, and we owe him a great debt of gratitude. Today's offering is the first time that many collectors will have a chance to compete for Chartered banknote rarities, and the conditions of the representative survivors are in many cases, unequaled.

### Rare \$2 1878

28046 Canada Dominion of Canada \$2 1.6.1878 DC-9b PCGS Fine 12.

Both rare and widely sought after, this 1878 issue has an excellent appearance for its grade point. Despite heavily circulated paper, all details, including the manuscript signature at left, are clearly visible. This variety is payable at Toronto, which is one of the four city options for redemption. All varieties of this denomination are scarce, especially in a pleasing, problem free condition.

**Starting Bid: \$2,500**

### Serial Number 7 King George V Type

**28047 Canada Bank of Canada \$1 1935 BC-1 Serial Number 7 PMG Gem Uncirculated 65 EPQ.**

A handsome and rarely-seen Gem from the 1935 series, which is exponentially more desirable with a single digit serial number. Of the single digit examples listed in the census, just this and one other are described as Uncirculated, making this a strong candidate for any specialized Canadian set.

*From the Harry M. Eisenhauer Collection*

**Starting Bid: \$1,000**

### Serial Number 8 Queen Mary Two Dollars from 1935

**28048 Canada Bank of Canada \$2 1935 BC-3 Serial Number 8 PMG Gem Uncirculated 65 EPQ.**

This denomination is rarely seen in such pleasing, original grade, and the desirability of this type is heightened by a single digit serial number. There are two notes in the census numbered 10 or lower, and this is the finer by a large margin. Although over 22 million banknotes were printed with English text, only a small fraction of that number was actually issued. This series had a brief lifespan, as a new series was issued after King George VI ascended the throne. Incredibly choice and rare, and especially so with such a collectible serial number.

*From the Harry M. Eisenhauer Collection*

**Starting Bid: \$3,000**

28049 **Canada** Bank of Canada \$2 1935 BC-4 PMG Choice Very Fine 35.

A pleasing, above average example of the French text variety for this denomination. Featuring Queen Mary, who was wife to King George V, and mother to Kings Edward VIII and George VI. Fresh colors and wide margins are seen on this beautiful banknote.

*From the Harry M. Eisenhauer Collection*

**Starting Bid: \$500**

### Serial Number 8 Banknote Featuring Edward, Prince of Wales

28050 **Canada** Bank of Canada \$5 1935 BC-5 Serial Number 8 PMG Choice Uncirculated 64 EPQ.

Beautifully choice and original, this popular denomination features the Prince of Wales, who ascended the British Throne in January of 1936. His famous abdication occurred in December of the same year, which prevented his portrait from being added to banknotes during his reign. Fortunately, his portrait is featured on two Canadian issues during which time he was heir apparent. This note is in pack fresh original quality, but it is the very first pack of notes from which this example was saved. Serial number 8 is eminently collectible, and especially so on this banknote. Just three low digit examples are known extant, and this is the only in high grade. An important offering.

*From the Harry M. Eisenhauer Collection*

**Starting Bid: \$3,000**

## Princess Mary Portrait Note from 1935 with Serial Number 8

28051 Canada Bank of Canada \$10 1935 BC-7 Serial Number 8 PMG Choice Uncirculated 64 EPQ.

A simply beautiful example of this middle denomination that is enhanced exponentially with a single digit serial number. This denomination, like the others from the 1935 series, is scarce in the best of grades, as the entire stocks of notes were withdrawn, beginning in 1937. Serial number 8 is eminently collectible worldwide, and adds tremendous appeal to an already superb banknote. Four of these serial number 10 and under notes are enumerated in the census, but just two are listed as Uncirculated.

Starting Bid: \$2,000

## First Queen Elizabeth Portrait Banknote with Serial Number 8

## 28052 Canada Bank of Canada \$20 1935 BC-9a Serial Number 8 PMG Choice Uncirculated 64.

An exceptionally desirable banknote in any grade, and especially so in Choice Uncirculated with serial number 8. Approximately 200,000 of this variety were printed, with the large Bank of Canada seal, and at least 800,000 were printed with the subsequent seal, making this variety quite rare. In fact, no examples grading finer than Choice Uncirculated have been sold in public auction. As the first banknote to feature a portrait of the eventual Queen Elizabeth II, this type appeals to collectors across multiple spectrums. Serial numbers 5, 6, and 8 are known to exist and listed in the census, though this is the only one of the three that is graded Uncirculated.

*From the Harry M. Eisenhauer Collection*

**Starting Bid: \$12,500**

**28053 Canada Bank of Canada \$20 1935 BC-9a PMG Very Fine 30.**

A pleasing mid grade example of this enormously popular type, which features the 7-year-old future Queen Elizabeth II. Widely sought after as such, an especially so in problem-free, original condition.

*From the Harry M. Eisenhower Collection*

**Starting Bid: \$500**

**28055 Canada Bank of Canada \$20 1935 BC-9b PMG Very Fine 30.**

An especially desirable denomination within the famed 1935 series, as this is the first banknote to feature the eventual Queen Elizabeth II. Crisp paper and only mild circulation is seen on this beautiful type. The second variety bank seal is seen on this example, which still features the A-prefix. One of Canada's most famous banknotes and a "must have" for Commonwealth collectors.

**Starting Bid: \$800**

**28054 Canada Bank of Canada \$20 1935 BC-9b PMG Very Fine 30 EPQ.**

An unusually pleasing example of this enormously popular denomination, which is the first banknote to feature the then-H.R.N. Princess Elizabeth, who later became Queen Elizabeth II. Totally original paper is an added bonus on this note. For the English language example, there are two varieties in the size of the Bank of Canada seal, of which this note features the second, smaller variety. A beautiful note and eminently collectible.

*From the Harry M. Eisenhower Collection*

**Starting Bid: \$750**

**28056 Canada Bank of Canada \$20 1935 BC-10 PMG Choice Fine 15.**

A decent enough example of this very rare type, of which only 202,500 were printed, which is only 20% of the print total for the English print variety. Widely collected, as this is the first banknote to feature Elizabeth II, who was a 9 year old Princess at the time of issue.

**Starting Bid: \$500**

## Gem-Designated Silver Jubilee Commemorative

28057 Canada Bank of Canada \$25 6.5.1935 BC-11 Commemorative PMG Gem Uncirculated 65 EPQ.

One of the most iconic banknotes of the 20th century, and widely sought after in any or all grades. At the time of cataloging, there is only one single example grading finer than this offered example. Only 140,000 notes were printed with English text, and approximately 90% of these notes have been redeemed by the Bank of Canada. This Commemorative type was created to celebrate the 25th anniversary of Reign of King George V and Queen Mary. Eminently collectible and a true trophy piece in this elite grade.

## Desirable Commemorative in Rarely Seen Uncirculated Grade

28058 Canada Bank of Canada \$25 5.6.1935 BC-11 Commemorative PMG Choice Uncirculated 63 EPQ.

This outstanding Commemorative is seldom seen in any grade, let alone Choice Uncirculated with EPQ status. Only a limited number of these notes were issued, and a tiny fraction are known to exist today. Featuring the portraits of King George V and Queen Mary, this interesting denomination was issued to commemorate the Silver Jubilee of their reign. Windsor Castle is engraved on the back of this beautiful type. Widely sought after in this rarely seen grade.

*From the Harry M. Eisenhauer Collection*

**Starting Bid: \$5,000**

**28059** Canada Bank of Canada \$25 6.5.1935 BC-11 Commemorative PMG Very Fine 20.

A decent enough example of this rare Commemorative, of which only 140,000 were issued. Many were redeemed only two years after release, leaving only a small quantity of extant banknotes to satisfy the substantial demand. This type was released to commemorate the 25th anniversary of reign of King George V and Queen Mary.

*From the Harry M. Eisenhower Collection*

**Starting Bid: \$900**

**28060** Canada Bank of Canada \$25 6.5.1935 BC-12 Commemorative PMG Choice Fine 15.

A beautiful and incredibly popular commemorative note issued to mark the Silver Jubilee of King George V's reign. Only 20,000 notes were printed in French, as opposed to 140,000 printed in English. Despite extensive circulation, all details are still clear. The opening bid is quite reasonable and tempting on this rare emission.

**Starting Bid: \$1,750**

### Stunning Example of this Rarely Seen Denomination

**28061** Canada Bank of Canada \$50 1935 BC-13 PMG Choice Extremely Fine 45 EPQ.

A simply fantastic example of this rarely seen denomination. Only 131,000 notes were printed in English, and it is not clear whether all were issued. Additionally, the vast majority of the this type were redeemed beginning in 1937. At the time of cataloging, there are less than ten examples graded finer than this offered example. EPQ status adds to the desirability of this seldom seen type. Featuring the then-Duke of York, Prince Albert, this portrait was repurposed for the 1937 series once he ascended the throne as King George VI.

*From the Harry M. Eisenhower Collection*

**Starting Bid: \$3,500**

**28062 Canada Bank of Canada \$50 1935 BC-13 PCGS Very Fine 25.**

A seldom seen denomination from the short lived 1935 series, and the first banknote to feature the eventual King George VI. Original paper is seen on this banknote. A tiny tear is mentioned for accuracy. Only 131,000 of this denomination was printed in English, and not all were issued. A true rarity and desirable as such.

**Starting Bid: \$1,000**

**28064 Canada Bank of Canada \$50 1935 BC-14 PMG Very Fine 25.**

The 1935 Bank of Canada series is chock full of rarities, and this \$50 denomination is one of the most popular. Only 32,500 were printed in French, and most have been redeemed long ago. Fresh colors and problem-free paper is easily seen on this famous type. Interestingly, this note features the then-Duke of York, Prince Albert. Two years later, he would become King, due to the death of his father and resignation of his brother. This 1935 portrait was used on denominations from \$1 to \$50 for the 1937 series, which circulated until 1954.

*From the Harry M. Eisenhower Collection*

**Starting Bid: \$1,750**

**28063 Canada Bank of Canada \$50 1935 BC-13 PMG Very Fine 20.**

An always desirable type, as only 131,000 were printed and the issued notes were redeemed only two years later. All details are clearly visible on this problem-free example. The portrait on this denomination is of Prince Albert, Duke of York, who, after a series of interesting events, became King of England in December, 1936.

## High Denomination Gem from 1935 Series

**28065 Canada Bank of Canada \$100 1935 BC-15 PMG Gem Uncirculated 65 EPQ.**

An extremely rare, high denomination banknote, and especially so in Gem Uncirculated grade. At the time of cataloging, only two examples grade finer than this handsome, pack fresh original. Only 87,500 notes were printed in English for this denomination, which features the Duke of Gloucester, Prince Henry. A scant few examples are known to survive, and certainly only a tiny number are known in this elite grade. Rarely offered and utterly superb in this quality.

*From the Harry M. Eisenhauer Collection*

**Starting Bid: \$10,000**

**28066** Canada Bank of Canada \$100 1935 BC-15 PMG Very Fine 25. A problem-free and decent enough example of this rare, higher denomination. Only 87,500 notes were printed in English, and most were redeemed in 1937. This note was spared, and thankfully so, as it features a pleasing binary serial number. An always desirable type, which should see spirited bidding.

*From the Harry M. Eisenhower Collection*

**Starting Bid: \$800**

**28067** Canada Bank of Canada \$100 1935 BC-16 PMG Very Fine 20. An extremely scarce type, seldom seen in any grade. In fact, only 17,500 of these \$100 banknotes were printed in French, and very few have survived. This series only circulated for two years before a nationwide redemption took most of these notes from circulation, and countless others have been redeemed or lost since then. PVC stains and tears are present on this otherwise decent example. All details remain visible. Not to be missed, as this type is seldom available.

### Rarely Seen Highest Denomination of 1935

**28068** Canada Bank of Canada \$1000 1935 BC-19 PMG Very Fine 30.

Only a limited number of these denominations were printed, due to their enormous buying power. Completely original paper is seen on this fantastic example, which only has an internal tear to mention.

### High Grade 1937 \$100

28069 Canada Bank of Canada \$100 2.1.1937 BC-27c PMG Gem Uncirculated 66 EPQ.

In addition to pack fresh original quality, this beautiful Uncirculated banknote features much above average centering for the type. At the time of cataloging, the finest graded example of this type to appear in public auction graded PMG 65 EPQ, which could prove our estimates conservative for this 66 EPQ graded example. Not to be missed.

## Highest Denomination Issue with Serial Number 187

28070 Canada Bank of Canada \$1000 2.1.1937 BC-28 PMG Choice Uncirculated 64 EPQ.

This stunning highest denomination example is quite rare in any grade, as only 15,000 were printed. Enormous buying power prevented most of these banknotes from being intentionally saved for posterity. Pack fresh original quality is seen on this handsome example. Low serial number 187 is seen, which adds desirable to this already iconic type.

Starting Bid: \$6,000

**28071 Canada Bank of Canada \$50 1954 BC-34a Devil's Face PMG Gem Uncirculated 65 EPQ.**

A lovely example of this rather tough Devil's Face note, which is especially scarce in this grade range.

**Starting Bid: \$750**

A pack-fresh, well margined, and colorful example of this higher denomination Devil's Face note displaying the A/J prefix.

**Starting Bid: \$500**

**28073 Canada Bank of Canada \$1000 1954 BC-44a PMG About Uncirculated 55.**

**Starting Bid: \$1,000**

**28074 Canada Bank of Canada \$1000 1954 BC-44d PCGS Superb Gem New 67PPQ.**

A splendid example with far superior centering than typically encountered. Despite being dated 1954, this type, with signatures Lawson and Bouey, began issuance in 1973. Very high face value, and superior quality add to the desirability of this Queen Elizabeth II example.

**Starting Bid: \$1,000**

### Finest Graded Lawson/Bouey \$1000 First of Two in Consecutive Pair

**28075 Canada Bank of Canada \$1000 1954 BC-44d PMG Superb Gem Unc 68 EPQ.**

At the time of cataloging, there are no finer graded Canadian \$1000 notes across all dates and designs. This high denomination Queen Elizabeth II type is widely sought after, and is especially desirable with pinpoint centering and fresh, Uncirculated quality. As impressive as this note is, it is worth noting that it is the first note in a consecutive pair offered today.

**Starting Bid: \$1,500**

## Finest Graded Lawson/Bouey \$1000 Second of Two in a Consecutive Pair

**28076 Canada Bank of Canada \$1000 1954 BC-44d PMG Superb Gem Unc 68 EPQ.**

A simply astounding example of this popular type, which was the highest denomination of the series. Often cut haphazardly, Canadian banknotes from this time period are often hampered by scores that must account for off-centering. This example is the opposite, as precision centering is readily seen on this pack fresh example. At the time of cataloging, there are no finer graded examples for BC-44d. Very rare in such a lofty grade, and eminently desirable as such. This note is the second in a consecutive pair offered today, each in this lofty grade.

**Starting Bid: \$1,500**

### Seldom Seen Type

28139 **Costa Rica** Republica de Costa Rica 1 Colon 5.11.1902 Pick 141 **PMG Very Fine 20**. This rare, problem-free issued banknote is the first we have offered. At the time of cataloging, it is the only example graded in the PMG Population Report. Of importance, this is the first variety of the type, with a mostly uniface back. In 1905, a common back design is adopted for the 1 Colon and remaining denominations in the new series. Nevertheless, this first type is extremely rare, and only three issued banknotes have been auctioned in the past decade. An important opportunity.  
**Starting Bid: \$600**

28140 **Costa Rica** Banco Internacional de Costa Rica 10 Colones 21.12.1935 Pick 181 **PCGS Very Fine 35**. This eminently collectible type is seldom seen in any grade, and is missing from many collections of Central American banknotes. Handsome engravings and color schemes by Thomas de la Rue create a dramatic impression. Seldom seen this choice and especially pleasing as such. Limited issuance and convertibility to silver has prevented most of these notes from being saved for posterity.  
**Starting Bid: \$500**

28141 **Costa Rica** Banco Internacional de Costa Rica 10 Colones 10.3.1937 Pick 191 **PCGS Very Fine 25**. This seldom seen provisional type is missing from many collections from the region. **Starting Bid: \$500**

28142 **Costa Rica** Banco Nacional 100 Colones 3.6.1942 Pick 208 **PMG Very Fine 30 EPQ**. An interesting and possibly peculiar banknote printed by Waterlow & Sons that is seldom seen today. **Starting Bid: \$500**

28144 Costa Rica Banco Internacional de Costa Rica 10 Colones 1.11.1914 Pick 161 PMG Very Fine 20.

At the time of cataloging, there are only two examples graded in the PMG Population Report. Issued banknotes of this emission are assuredly missing from many collections.

Starting Bid: \$500

28150 Cuba Republica de Cuba 1000 Pesos 6.9.1869 Pick 60 PMG About Uncirculated 55 EPQ.

The highest denomination of the 1868 Revolution series, invariably issued to fund the fight for Cuba's independence from Spain. Unlike the bond notes sold in the United States, these had a no interest clause, and simply circulated at face value. The manuscript signature of Carlos Manuel de Céspedes remains dark and excellent on this historically important example.

From El Don Diego Luna Collection

Starting Bid: \$1,250

## Low Serial Number 67

28151 Cuba Banco Nacional de Cuba 1 Peso ND (1905) Pick 65 PMG Choice Uncirculated 63.

An incredible offering in more ways than one, this incredibly scarce note features a low serial number for a type that eventually went unissued. Currently there are only eight examples registered in the PMG Population Report. This denomination was printed and prepared for release, but eventually went unissued. However, a few examples did escape, and some actually circulated before being saved by collectors. This 2-digit serial number example is superbly preserved and has almost unrivaled eye appeal for this series. A prized early 20th century offering, and not to be missed.

Starting Bid: \$2,500

## Scarce 1905 Banco Nacional de Cuba 2 Pesos

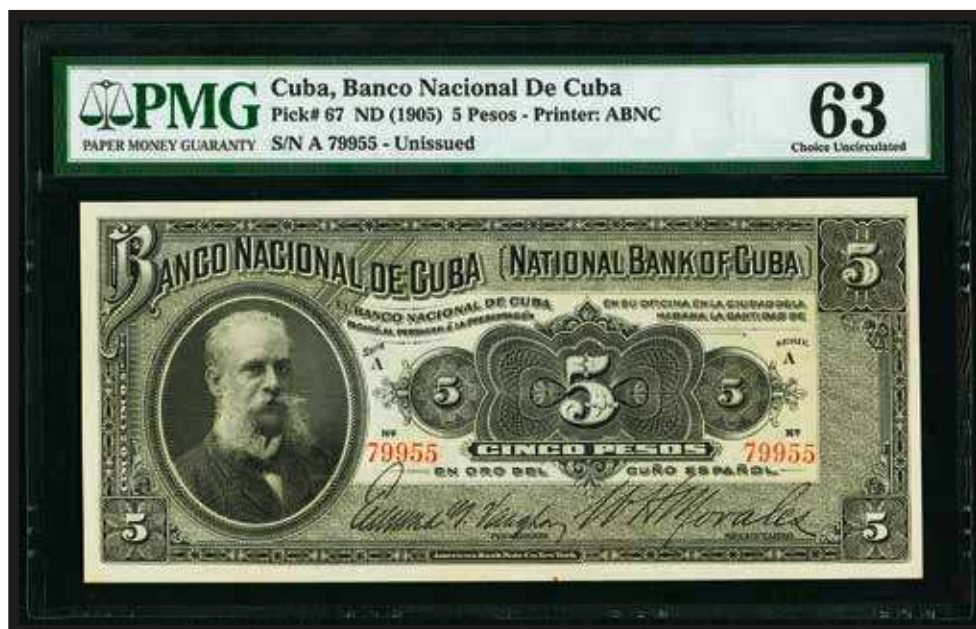

28152 Cuba Banco Nacional de Cuba 2 Pesos ND (1905) Pick 66 PMG Gem Uncirculated 65 EPQ.

This impressive offering is from the first Banco Nacional de Cuba, which was privately owned and is separate from the official government entity that began issuing banknotes in 1949. This 1905 series of banknotes was ordered and delivered by the American Bank Note Company, but the bank lacked issuing authority. A few banknotes were accidentally issued, and the balance were immediately returned to Havana and destroyed. Luckily, this pack fresh example was saved to be enjoyed today. Currently there are only seven graded examples in the PMG Population Report and this is the finest graded of only two examples we have had the privilege of offering at auction.

Starting Bid: \$3,000

## Scarce 1905 Series 5 Pesos

28153 Cuba Banco Nacional de Cuba 5 Pesos ND (1905) Pick 67 PMG Choice Uncirculated 63.

A prized denomination from the famed 1905 series that was almost immediately withdrawn after its issue. Some notes at random banks were released before word reached that the notes were to be sent back to Havana to be destroyed. Thankfully, a forward thinker was keen enough to save one of each denomination, which are one of only a few known. Simply amazing uncirculated grade adds to the desirability of this famed type. Highly desirable and not to be missed with only eight examples registered in the PMG Population Report.

Starting Bid: \$3,500

## Rare High Denomination 1905 10 Pesos

28154 Cuba Banco Nacional de Cuba 10 Pesos ND (1905) Pick 68 PMG Choice Uncirculated 63.

The highest denomination from this initial series, that ultimately was supposed to be destroyed after printing. However, not all notes were seized after the initial distribution, and a few banks released some examples before word spread throughout the island. This uncirculated example is particularly impressive, as was thankfully saved by a forward-thinking person who realized the rarity of this extremely brief series. Currently there are only six graded examples in the PMG Population Report and this beauty will be welcomed in any Cuban banknote collection.

**28167 Cuba** Republica de Cuba 1000 Pesos 1944-45 Pick 76s Specimen PMG Choice About Unc 58 EPQ.

The Fiji 20 Pound banknote is one of the most iconic British Commonwealth issues, as well as one of the rarest of all South Pacific emissions. The enormous face value made it difficult for any of these notes to be saved for posterity. Additionally, very few were issued in the first place, as they were used for only the largest transactions. This beautiful color trial is very similar to the issued example, but on this example the colors have been lightened to extenuate the details around the bust of King George VI. Printer annotations are seen on this otherwise beautiful Specimen. One carefully placed perforated cancellation is noted. This beautiful, large format note is the highest denomination of the 1918 series. 28199 **French Indochina** Banque de l'Indo-Chine, Haiphong 5 Piastres 15.7.1918 Pick 16b PMG About Uncirculated 55.

At the time of cataloging, this is the second finest graded example of this rarely seen Haiphong emission in the PMG Population Report. Typical rust is seen, which does little to detract from the overall appearance. The manuscript signature is quite bold. An underrated type and truly rare in this lofty grade.

From the Mekong Collection

*From the Mekong Collection*

*From the Mekong Collection*

**Starting Bid: \$700**

**28213 French Oceania** Chambre de Commerce 1 Franc 29.12.1919 Pick 3 PMG Choice Uncirculated 64 EPQ.

**28218 French Somaliland** Banque de l'Indochine 1000 Francs ND (1938) Pick 10s Specimen **PMG Gem Uncirculated 65 EPQ.**

A simply beautiful Specimen, and desirable with totally original paper. The colors are vivid and the margins are perfectly clean on this handsome example. The perforation at center does little to detract from the overall appearance of this choice Specimen. An eminently collectible design.

**Starting Bid: \$600**

**28217 French Oceania** Bons de Caisse des Etablissements Francais 2 Francs 7.4.1942 Pick 9 SB1308 **PMG Choice Uncirculated 63 EPQ.**

A key note from the French Oceania series and this highest denomination issue is scarce in all grades. Currently this is the sole finest example in the PMG Population Report and the only one graded in uncirculated condition. Bold blue and black inks with excellent paper quality are present and this 2 francs example was previously held in the Warburton Collection.

*From the Mekong Collection*

**Starting Bid: \$2,750**

**28219 Gabon** Banque Centrale 10,000 Francs ND (1971) Pick 1s Specimen **PMG Choice Uncirculated 64 EPQ.**

This will be the first time that we have offered this short lived denomination in this format. There are only three graded examples on the PMG census, of which this example places second. Cancelled perforated. Scarce.

**Starting Bid: \$500**

**28220 German East Africa** Deutsch-Ostafrikanische Bank 50 Rupien 15.6.1905 Pick 3b PMG Choice Uncirculated 64 EPQ.

An outstanding example of this elusive issue which depicts Kaiser Wilhelm II in his cavalry uniform. The notes of German East Africa were the only paper money issue in the German Empire to display a vignette of the Kaiser. This is the highest graded note on the PMG census by far, with the next grade only being About Uncirculated 50. Of the utmost quality, and it is the catalogers opinion that the estimate could be on the conservative side, it might yield a surprising result.

**Starting Bid: \$1,000**

**28221 German Southwest Africa** Kassenschein 10 Mark 8.8.1914 Pick 2a PMG About Uncirculated 55 EPQ.

A German colonial issue made at the onset of World War I, this uniface 10 Mark note has a large embossed seal (a crowned German eagle) and is rare. This is, in fact, only the third example we have been privileged to offer in any of our auctions. Amazingly, the holder is comment free.

**Starting Bid: \$1,000**

### Rare World War I Issue

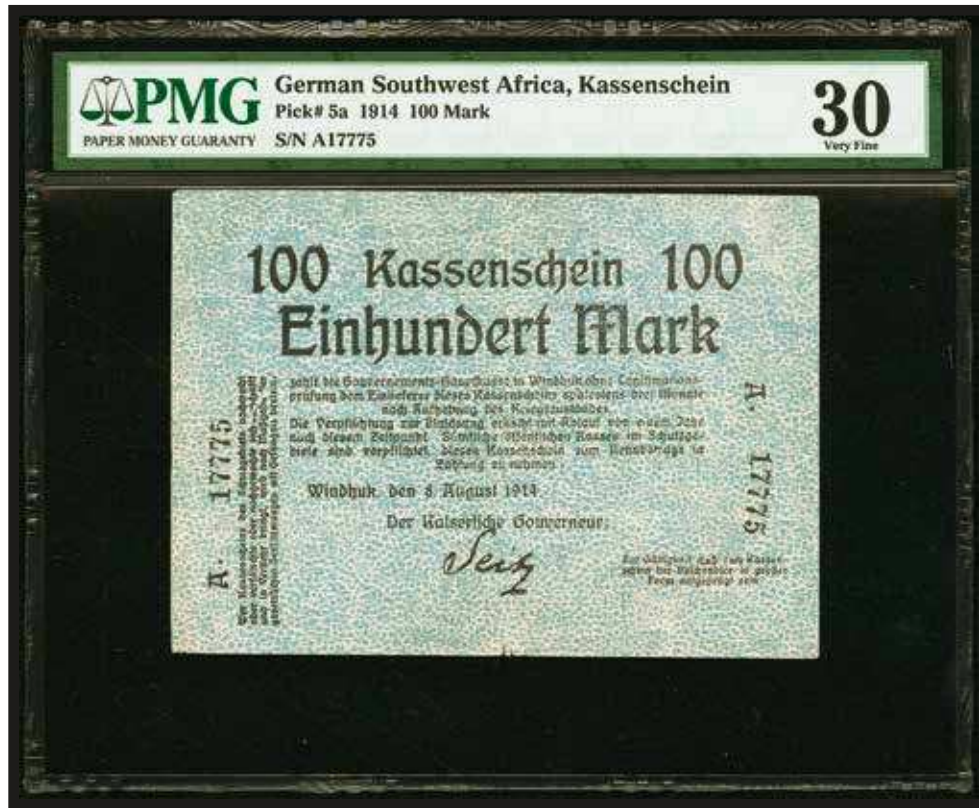

**28222 German Southwest Africa** Kassenschein 20 Mark 8.8.1914 Pick 3a PMG About Uncirculated 55.

For what this World War I variety lacks in aesthetics, it makes up for in sheer rarity. Bold embossing of the German Imperial Eagle is clearly visible in this uniface example. This will be the first time we have offered this denomination in any form, and it grades the highest on the PMG Population Report of only two recorded. An absolute pleasure to look at, and it would surely make for the cornerstone of whichever serious collection it is added to. Supremely desirable.

**Starting Bid: \$2,000**

## Colonial Highest Denomination

28223 German Southwest Africa Kassenschein 100 Mark 8.8.1914 Pick 5a PMG Very Fine 30.

A rare highest denomination from the World War I Seitz issue. This whole issue is generally unobtainable, with the highest denomination having represented an insane amount of value in the then small German Colony of Südwestafrika. The colony persistently failed to be profitable, and with the onset of The Great War, meant that money supply from the Mutterland was strained. One only has to look at the low serial seen on this example to acknowledge how small this supply of money was. Graded highest on the PMG census. Legitimately rare, and a chance not to be missed.

Starting Bid: \$2,500

28224 German Southwest Africa Swakopmunder Buchhandlung 1 Mark ND (1916-18) Pick 12 PMG Choice Uncirculated 63.

A 1 Mark example with the SBS logo on the face, bearing two signatures. This is the highest graded example on the PMG census. There are no real comparable sales results, seeing that this is the highest graded lot for sale up to date. Annotations.

Starting Bid: \$500

28225 German Southwest Africa Swakopmunder Buchhandlung 3 Mark ND (1916-18) Pick 17 PMG Choice Uncirculated 64.

This unusual denomination seldom makes it to the auction circuit, especially in this Choice condition. This will be the top graded example on the PMG census by far, with the next best being a Choice Very Fine 35. The last offering we made sold for just under \$900 in 2014 in a Very Fine 25 holder. Annotations are mentioned for accuracy. Rare.

Starting Bid: \$500

**28226 German States** Free and Hanseatic City of Lubeck 10 Thaler 1.7.1865 Pick S311r Remainder PMG Choice About Unc 58.

An impressive 19th century offering rarely seen in such softy grade. All design elements are clearly visible on this large format type. The first we have offered.

Starting Bid: \$500

**28228 German States** Bavarian Note Issuing Bank 100 Reichsmark 30.8.1924 Pick S942s Specimen PMG Extremely Fine 40.

At the time of cataloging, there are only one issued example and one Specimen graded in the PMG Population Report. In fact, the entire 1924 series is seldom seen in any grade, and is underappreciated in the Standard Catalog of Specialized Issues. The design elements are quite pretty on this highest denomination type. A hole-punched cancellation is seen, as well as red overprints. The first we have offered and an important opportunity to acquire a superb Specimen.

Starting Bid: \$750

### Extremely Scarce European Specimen

**28227 German States** Bavarian Note Issuing Bank 50 Reichsmark 11.10.1924 Pick S941s Specimen PMG Choice Very Fine 35.

At the time of cataloging, this is the only example graded in the PMG Population Report, and it is worth mentioning that no issued examples have been graded to date. Simply beautiful designs are seen on this handsome, large format type. Interestingly, the 1924 dated banknotes for this Bavarian issuer are extremely scarce and are undervalued in the Standard Catalog of Specialized Issues. We have not offered this type previously and it would be pure speculation to estimate when the next will appear. Perforated cancellations and solid zero serial numbers are seen on this pleasing Specimen.

Starting Bid: \$1,000

## Single Finest Graded Rarity

**28229 Germany Federal Republic Allied Occupation 50 Deutsche Mark ND (1948) Pick 10a PMG Superb Gem Unc 67 EPQ.**

An iconic post World War II issue that seldom appears in any grade, let alone in Superb Gem Uncirculated. In 1948, American, British, and French military authorities created the Bank of the German States, which began issuing currency in various denominations. Tudor Press printed all denominations above 1 Deutsche Mark, and because of a lack of security features, the 20 and 50 Deutsche Mark notes were counterfeited on a massive scale. Ultimately, these highest denomination notes were withdrawn the following year, leaving extant examples to be very scarce today. At the time of cataloging, this 50 Deutsche Mark is the single finest graded example in the PMG Population Report. An important post-World War II issue, and in this elite grade, could prove our estimates conservative.

**Starting Bid: \$7,500**

**28230 Germany Federal Republic Deutsche Bundesbank 500 Deutsche Mark 1960 Pick 23a PCGS Gold Shield Grading Choice Unc 64 OPQ.**

A delightful, near-Gem example of this higher denomination note from the Federal Republic. In our 2017 Long Beach auction, we sold a PMG About Uncirculated 55 EPQ example for \$1,200.

**Starting Bid: \$750**

**28231 Gibraltar Government of Gibraltar 5 Pounds 1.5.1965 Pick 19a PMG Choice Uncirculated 64 EPQ.**

The highest denomination from this early issue. The Rock of Gibraltar on the face, and crest on the back. Difficult in better grades.

**Starting Bid: \$500**

**28232 Guadeloupe Banque de la Guadeloupe 1000 Francs ND (1942) Pick 26a PCGS Apparent Choice About New 55.**

This beautiful and unique banknote is seldom seen in any format. As the highest denomination of this World War II issued series, very few of these beautiful notes were saved for posterity. The Bank of France resumed printing operations at the conclusion of the War, and these supplemental issues were withdrawn. At the time of cataloging, this example is among the finest known, despite minor stains mentioned on the third party holder. An iconic Caribbean banknote.

**Starting Bid: \$500**

**28233 Guadeloupe Banque de la Guadeloupe 1000 Francs ND (1942) Pick 26a PCGS Apparent About New 53.**

This handsome, highest denomination issue is similar in serial number to the others offered in our auction. French colonies were isolated from their regular banknote printer during World War II, and had to rely on a variety of makeshift suppliers to meet currency demands. As such, this note was printed in Philadelphia by E.A. Wright Banknote Company. Minor stains are noted on this otherwise interesting and rarely seen banknote.

**Starting Bid: \$600**

28234 **Guadeloupe** Banque de la Guadeloupe 1000 Francs ND (1942) Pick 26a **PCGS Apparent About New 53**.

This impressive, iconic Caribbean banknote is seldom seen in such a high grade. Minor stains, an annotation, and a center fold are seen on this grandly sized type issued during World War II. One of the finest examples extant and eminently collectible as such.

**Starting Bid: \$600**

28235 **Guadeloupe** Caisse Centrale de la France d'Outre-Mer 5000 Francs ND (1960) Pick 40 **PMG Very Fine 30**.

Surprisingly, VF 30 is the second highest grade only to a VF 35 in the PMG Population Report for this high denomination issue. Bold colors and sharp details can be easily seen on this grandly sized note, which has one of the best designs out of all issues produced in France. The repeating *Guadeloupe* place of issue is actually an overprint, as the same designs were used throughout French possessions and overseas departments. Pinholes are mentioned by the grading company.

**Starting Bid: \$1,500**

28236 **Guatemala** Banco Central de Guatemala 10 Quetzales 4.11.1941 Pick 17a **PMG Gem Uncirculated 66 EPQ**.

A gorgeous Waterlow and Sons printed 10 Quetzales from the early 1940s issue. This stunning note features beautiful designs, vibrant colors and bold inks. The gorgeous vignettes on both sides add to the already exceptional eye appeal.

**Starting Bid: \$750**

28237 **Guatemala** Banco Central de Guatemala 10 Quetzales 4.11.1941 Pick 17a **PMG Gem Uncirculated 65 EPQ**.

A gorgeous example of this scarce issue. Printed by Waterlow and Sons, excellent embossing, vibrant colors and great centering are present throughout. Very desirable and would highlight any collection.

**Starting Bid: \$500**

28238 **Guatemala** Banco Agrícola Hipotecario 100 Pesos ND (1892-1926) Pick S105s Color Trial Specimen **PMG Choice Uncirculated 64**. This beautiful, second-highest denomination type is generally unavailable in any and all formats. A plethora of hole punched cancellations are coupled with printer notations and a variety of overprints. Another handsome Waterlow & Sons engraving and desirable as such.  
**Starting Bid: \$500**

### Republic of Hawaii Issued Rarity

28239 **Hawaii** Republic of Hawaii 5 Dollars 1895 (ND. 1897) Pick 11a **PMG Fine 12**. As intriguing as it is rare, this 19th century Pacific Island issue is seldom seen in any grade. At the time of cataloging, there are only six examples graded in the PMG Population Report. The Republic of Hawaii was a short-lived entity, which existed only from 1894 until 1898. These interesting banknotes were backed by silver in the Treasury, which was minted in the United States. A historically important and interesting banknote, which is widely sought after regardless of condition. Despite extensive wear, this example retains the majority of its details, leading to a decent enough presentation considering the climate and economic conditions.  
**Starting Bid: \$2,500**

## Handsome and Rare Hawaiian Proof Pair from 1895

28240 **Hawaii** Republic of Hawaii 10 Dollars 1895 Picks 12p1 and 12p2 Front and Back Proofs **PMG Uncirculated 61 (2)**.

An always desirable and seldom seen design created for the short-lived Hawaiian Republic. Hawaii remains to this day one of the most remote populated island chains in the world, a fact that must have felt even more daunting in the 19th century. All details are bright on this beautiful pair of presentation pieces. Mounting remnants and paper pulls are seen on each, which are commonplace for Proofs of this era. Four POCs are noted on the front proof. (Total: 2 notes)

**Starting Bid: \$2,000**

## Extremely Rare Issued Banco de Comercio 1 Peso

**28241 Honduras Banco de Comercio 1 Peso 16.2.1915 Pick S141a PMG Very Fine 25.**

This handsome, and slightly understated banknote, is seldom seen as an issued banknote. Proofs or Specimens can be obtained, but extant examples of fully issued notes are the true prize. At the time of cataloging, there are only five examples graded in the PMG Population Report, and this is only the second issued example to be auctioned publicly in the last decade. An important opportunity to acquire this type. A small serial number is noted, along with a date stamp on the back.

**Starting Bid: \$1,250**

**28243 India Government of India 10 Rupees ND (1917-30) Pick 7b Jhun3.7.2 PCGS Choice About New 55.**

Only brief circulation is seen on this high grade Taylor-signature banknote. Although the PCGS label indicates this note is dated between 1917 and 1930, it was actually issued beginning in October of 1925. The deep color schemes appear as fresh as the day this note was printed. A spindle hole as-issued is noted for accuracy on this otherwise handsome note.

**Starting Bid: \$500**

**28242 India Government of India, Bombay 5 Rupees 7.10.1913 Pick A5a Jhun2A.1.4B.3 PCGS Extremely Fine 40.**

This handsome, original banknote features an early date and much above average grade for the type. All details are clearly visible and the back is clean. This issue features the code letter "B", which indicates this example was issued from Bombay. Seldom seen and the first we have offered.

**Starting Bid: \$500**

## Seldom Seen Modern Color Trial Specimens

28244 India Government Bank of India 1 Rupee 2015-17 Pick 117cts Color Trial Specimen Two Examples PMG Gem Uncirculated 66 EPQ (2).

This is an important offering of modern Color Trial Specimens from India. Notice the subtle color changes on each note, as well as the red overprints and solid zero serial numbers. At the time of cataloging, these are the only two examples graded in the PMG Population Report. Extremely rare and most certainly desirable. (Total: 2 notes)

Starting Bid: \$4,000

**28245 India** Persian Gulf Issue 10 Rupees ND (1959-70) Pick R3 Jhun&Rez 6.12.3.1 **PMG Choice Uncirculated 64.**

An always desirable and scarce type that is only infrequently encountered in such a high grade. At the time of cataloging, there are only 15 examples graded Uncirculated in the PMG Population Report. Staple holes at issue are mentioned for accuracy on this handsome example, which also exhibits fresh colors.

**Starting Bid: \$1,500**

**28247 Iran** Imperial Bank of Persia, Teheran 1 Toman ND (1924-32) Pick 11cts Color Trial Specimen **PMG Choice Uncirculated 64.**

This splendid, deeply inked Color Trial Specimen is rarely seen in this format. Created by Waterlow & Sons as part of their presentation booklet, in an effort to procure clients. Printer notations, red overprints and hole punched cancellations are seen on this rare Color Trial Specimen.

**Starting Bid: \$1,250**

**28246 Iran** Imperial Bank of Persia 1 Toman ND (1890-1923) Pick 1s Specimen **PMG Gem Uncirculated 65 EPQ.**

This Gem of a note is an absolute rarity, especially considering it was made for a country that had a relatively small economy at the time. Printer's annotations along the bottom border of the face help us to more accurately date this example to 1909. Roulette cancel "SPECIMEN" are seen over both signatures.

*From El Don Diego Luna Collection*

**Starting Bid: \$1,000**

**28248 Iran** Imperial Bank of Persia 2 Tomans 11.8.1928 Pick 12 **PMG Choice Very Fine 35.**

An absolutely wonderful and appealing example of this early design, that faces up much better than its stated grade. All colors are original on both sides, contrasting wonderfully on the stainless paper. Naser al-Din Shah Qajar is featured to the right. Two Toman notes were actually not a popular denomination, and hence were not issued in large amounts. This Tehran example has all the hallmarks of a well preserved note, especially the bright multicolor security device on the back.

*From El Don Diego Luna Collection*

**Starting Bid: \$1,000**

28249 **Iran** Imperial Bank of Persia Kerman 2 Tomans 17.6.1925 Pick 12 PMG Very Fine 20.

A rare Kerman issuance stamp is seen on this early example from the second series of the Imperial Bank of Persia. Naser al-Din Shah Qajar is featured. Uncharacteristically, the holder is comment free.

**Starting Bid: \$500**

28250 **Iran** Imperial Bank of Persia 5 Tomans ND (1924-32) Pick 13cts Color Trial Specimen PMG Choice Uncirculated 64.

A scarce and desirable Color Trial created by Waterlow & Sons as part of their presentation portfolio. Bold red overprints, hole punched cancellations, and printer notations are seen on this high quality banknote. Rare in this format and seldom seen as such. We have only offered this type once previously.

**Starting Bid: \$1,500**

## Beautiful Waterlow & Sons Color Trial for the Imperial Bank of Persia

28251 **Iran** Imperial Bank of Persia 10 Tomans ND (1924-32) Pick 14cts Color Trial Specimen PMG Choice Uncirculated 64.

A simply beautiful creation, prepared as part of a marketing booklet shown to prospective clients. The color schemes and paper quality are outstanding. Red overprints and hole punched cancellations are seen on this handsome and rare type. This example is the finest graded example sold publicly in the last five years.

**Starting Bid: \$2,000**

**28252 Iran Bank Melli 20 Rials ND (1938) Pick 34Aa Two Consecutive Examples PMG Gem Uncirculated 65 EPQ; Choice Uncirculated 64.**  
A handsome and rarely seen consecutive pair of middle denominations, desirable in such excellent grades. This specific variety has western serial numbers and is void of overprints. We have not offered this Pick number in a finer grade. Impressive and rare in this grade and with consecutive serial numbers. (Total: 2 notes)  
**Starting Bid: \$625**

**28253 Iran Bank Markazi 20; 50; 100; 200; 500; 1000; 5000; 10,000 Rials ND (1974-79) Pick 100s; 101s; 102s; 103s; 104s; 105s; 106s; 107s PMG Gem Uncirculated 66 EPQ (2); Superb Gem Unc 67 EPQ (4); Superb Gem Unc 68 EPQ (2).**  
An exceptionally high grade complete denomination Specimen set from the 1974 issue. The red De La Rue overprint stamps and two POCs are present on all examples. Vibrant colors, bright paper, and exceptional centering add to the desirability. (Total: 8 notes)  
**Starting Bid: \$1,000**

**28254 Iraq Government of Iraq 1/4 Dinar L. 1931 (1942) Pick 16a PMG About Uncirculated 53 EPQ.**  
The first portrait of King Faisal II, who took the throne at the young age of 4, is seen on this smallest denomination. These Bradbury Wilkinson notes were supplemented at the time of circulation by notes printed in India, as World War II made the logistics of transporting banknotes from Europe to the Middle East very difficult. This is a well printed and original example that has sustained only light circulation.  
**Starting Bid: \$750**

28255 Iraq Government of Iraq 1/2 Dinar 1931 (1935) Pick 17bs Specimen PMG Choice Uncirculated 63.

A lovely example of this very rare Specimen note that displays great color along with the usual printers' annotations and very minor evidence of a previous mounting.

Starting Bid: \$1,000

28256 Iraq Government of Iraq 1/4 Dinar 1931 Pick 22 PMG About Uncirculated 50.

These early 1/4 dinars are scarce in high grade. The always popular portrait of young King Faisal II is featured on this note along with the signatures of Lord Kennet and Ibrahim al Khudhairi. The grading company mentions previous mounting.

Starting Bid: \$750

28257 Iraq Central Bank of Iraq 10 Dinars ND (1959) Pick 55bs Specimen PMG Choice Uncirculated 63.

A spectacular color scheme with complex arabesque designs is displayed on this well detailed Specimen. Two POCs and red Specimen overprints are also present. The back draws great appeal with an image of carvings of an Assyrian ox and an Assyrian priest created with deep purple inks. Third party grading company annotates retained chad.

Starting Bid: \$500

28258 Ireland Munster & Leinster Bank Limited 1 Pound 4.5.1937 Pick 20b PMG About Uncirculated 55 EPQ.

A fantastic original piece with clear embossing seldom seen. Several Ireland experts claim never to have seen a truly original, Uncirculated Plowman for any bank. This will be the third highest graded example on the PMG census, and only the second offering we have made. The last offering sold for just over \$4,400 in an About Uncirculated 58 EPQ holder in 2014. A lovely representation of an iconic variety.

Starting Bid: \$1,500

**28259 Ireland** Central Bank of Ireland 50 Pounds 4.4.1977 Pick 68c PMG Gem Uncirculated 65 EPQ.

The first fully Gem example of this popular 50 Pound note to appear in one of our auctions. In September 2018, we sold a PMG Choice Uncirculated 64 EPQ note for over \$1,500. This nicely centered and pack fresh piece should do a bit better.

**Starting Bid: \$1,000**

**28260 Ireland** Central Bank of Ireland 50 Pounds 4.4.1977 Pick 68c PMG Gem Uncirculated 65 EPQ.

A showstopper Gem graded example, bearing the Murray-O'Murchu signature combination. This is de facto the last Lady Lavery £50 issued. Incredibly hard to obtain in this grade with EPQ designation, and PMG goes as far as to comment additionally about its exceptional embossing. Added to all this, a low serial number is noticed.

**Starting Bid: \$900**

**28261 Ireland** Central Bank of Ireland 50 Pounds 4.4.1977 Pick 68c PCGS Extremely Fine 45PPQ.

A large format beauty that is always in high demand for its coloring and scarcity. Getting increasingly hard to obtain in better, presentable grade. A fairly low serial number is seen.

**Starting Bid: \$500**

**28262 Ireland** Central Bank of Ireland 100 Pounds 19.7.1966 Pick 69a PCGS Apparent Very Fine 30.

It will be the first time we have offered this Pick variety. The date seems to be unlisted in the Banknote Book. The highest denomination from the Lady Lavery issue which always proves popular. Some minor annotations are seen on the back. Scarce.

**Starting Bid: \$500**

**28263 Ireland** Central Bank of Ireland 100 Pounds 10.4.1975 Pick 69b PMG Choice Uncirculated 64.

An impeccable Choice grade is seen on this large sized highest denomination. The last time we offered this type in the same grade was in 2018, and it sold for just over \$2,000. Scarce and desirable in this grade.

**Starting Bid: \$1,000**

**28264 Ireland** Central Bank of Ireland 100 Pounds 4.4.1977 Pick 69c PMG Gem Uncirculated 66 EPQ.

A widely margined and pack fresh Irish note that bears the last date of issue for the 100 Pound Lavery note. This is tied for the finest example that we have ever offered of this issue.

**Starting Bid: \$1,500**

**28265 Israel** Bank Leumi Le-Israel 500 Prutah ND (1952) Pick 19s Specimen PMG Gem Uncirculated 66 EPQ.

**Starting Bid: \$700**

**28266 Israel** Bank Leumi Le-Israel 1 Pound ND (1952) Pick 20s Specimen PMG Gem Uncirculated 66 EPQ.

Before the Bank of Israel took over currency issuance, notes of Bank Leumi (previously the Anglo-Palestine Bank) were in circulation. This lovely specimen is also a product of the American Bank Note Co. Two POCs and blue Specimen overprints are seen on this high grade example with soft inks. Another example in this action holding the highest grade in the PMG population report.

**Starting Bid: \$700**

**28267 Israel** Bank Leumi Le-Israel 5 Pounds ND (1952) Pick 21s Specimen PMG Gem Uncirculated 65 EPQ.

28268 **Israel** Bank Leumi Le-Israel 10 Pounds ND (1952) Pick 22s Specimen PMG Choice Uncirculated 63 EPQ.

A delightful guilloché patterned border frames this lovely Specimen. Deep gray inks on an orange underprint create a nice visual contrast. Red Specimen overprints and two POCs are seen on this note printed by The American Bank Note Company.

**Starting Bid: \$700**

28269 **Israel** Bank Leumi Le-Israel 50 Pounds ND (1952) Pick 23s Specimen PMG Choice Uncirculated 64 EPQ.

A handsome and rare Specimen of the highest denomination of the series. These 1952 types were the final private bank issues for the newly created State after the British Mandate ended. The Bank of Israel was founded in 1954, and the first notes from this issuer began in 1955. Although this 1952 series from the Bank Leumi le-Israel B.M. was not officially demonetized until the 1980s, this type still had a limited release lasting less than three years. Two POCs and red Specimen overprints are observed on this lovely note.

**Starting Bid: \$1,500**

## Exceedingly Rare 100 Somali Specimen

28270 Italian Somaliland Cassa Per La Circolazione Monetaria Della Somalia 100 Somali 1950 Pick 15s Specimen PMG Gem Uncirculated 66 EPQ.

A gorgeous Specimen example from this former Italian colony. Both issued and Specimen examples are scarce, the latter being far more so. In high grade, notes from this issue are highly coveted, as evidence by the fact that we sold a PCGS Gem New 66PPQ example for \$14,100 in 2016. This is an equally high-grade beautiful example with "SPECIMEN" printed in red diagonally at center.

Starting Bid: \$6,250

**28271 Italian Somaliland** Cassa Per La Circolazione Monetaria Della Somalia 5 Somali 1951 Pick 16 **PMG Choice Uncirculated 64 EPQ★**.

A beautiful and popular example of this denomination, featuring a beautiful leopard engraving encompassed in an artistic frame. This sharply detailed example has wide margins and strong brown inks.

**Starting Bid: \$500**

**28272 Italy** Biglietto Di Stato 25 Lire 17.5.1895 Pick 21 **PMG Choice Fine 15 Net**.

An impressive and under-the-radar rarity, seldom seen in any grade, at any time. Amazingly, this is the first example we have offered, and the first to be auctioned publicly since 2015. Almost prohibitively rare, this higher denomination was convertible to gold coinage, which prevented most from being saved. A large center split and annotation are mentioned on the back of the third party holder. Nevertheless, still quite desirable, as there is simply no steady supply for this type.

**Starting Bid: \$500**

**28273 Italy** Banca d'Italia 100 Lira ND (1931-42) Pick 55s **Specimen PMG Choice Uncirculated 64 EPQ**.

This scarce Specimen is the sole graded example in the PMG Census. A gorgeous example from the early 1930s issue with bold colors and bright paper. Perforations are present as typical with Specimen notes.

**Starting Bid: \$500**

**28274 Japan** Bank of Japan 1000 Yen ND (1945) Pick 45a **PMG About Uncirculated 55**.

A classic Japanese rarity and the highest denomination of this short-lived series issued at the end of World War II. The Japanese economy was in a state of ruin and inflation was spiraling out of control, which led the Supreme Command Allied Powers to freeze bank accounts and withdraw high denomination notes. Essentially, this banknote had a lifespan of less than 9 months, which has left surviving examples to be seldom seen today. Only brief circulation heightens this already desirable emission.

**Starting Bid: \$1,250**

**28275 Japan Bank of Japan 1000 Yen ND (1945) Pick 45s3 Specimen PMG About Uncirculated 50.**

This iconic denomination was short-lived, as spiraling inflation eroded the value of this emission, which ultimately led to its demise with only 9 months. As such, Specimens were created hastily from existing stocks of issued notes. Hole punched cancellations and red overprints are seen on this lightly circulated example. Desirable in this format and relatively affordable as such.

**Starting Bid: \$750**

**28276 Jordan Currency Board 5 Dinars 1949 Pick 3a PMG Gem Uncirculated 66 EPQ.**

Simply a rare example. This second to highest denomination of the first series of an independent Jordan is uncommonly seen, let alone in this just-printed condition. All intaglio details are sharp, with no blemishes at all. King Abdullah depicted at right center. An attractive red-inked issue with great eye appeal.

**Starting Bid: \$1,250**

## Stunning Uncirculated Banknote Featuring King Abdullah

**28277 Jordan Currency Board 5 Dinars 1949 Pick 3a PMG Gem Uncirculated 65 EPQ.**

A splendid original banknote, seldom seen in this elite grade and desirable as such. After the Palestine Currency Board was dismantled, the Jordan Currency Board was formed in London. The Jordanian Dinar became the official currency of the Kingdom in 1950. This higher denomination note is from the first series and features the first prefix: A/A. The back of the banknote features the famed structure at Petra. Simply beautiful and desirable in this elite grade.

**Starting Bid: \$1,000**

**28278 Jordan Currency Board 5 Dinars 1949 Pick 3a PMG Gem Uncirculated 65 EPQ.**

A handsome and unusually choice example of this higher denomination, which features the ruins of Petra on the back. Wide margins, original paper and colors, along with the first prefix, A/A, add to the desirability of this widely collected type.

**Starting Bid: \$1,000**

28279 **Latvia** Bank of Latvia 50 Latu 1924 Pick 16cts Color Trial Specimen PMG Choice Uncirculated 64.

This beautiful denomination has been augmented with red hues on both sides. Printer notations, hole punched cancellations and overprints are seen on this beautiful Waterlow & Sons Color Trial. This is the key denomination of the series, and it is especially rare in this presentation format.

Starting Bid: \$1,000

28280 **Latvia** Bank of Latvia 20 Latu 1925 Pick 17cts Color Trial Specimen PMG Choice Uncirculated 64 EPQ.

This handsome and rare Specimen is quite underrated compared to other Waterlow & Sons types. In fact, at the time of cataloging, this example is finest of only two graded in the PMG Population Report. Printer notations, red overprints, and hole punched cancellations are seen on this handsome and original example.

Starting Bid: \$500

28281 **Lebanon** Banque de Syrie et du Liban 1 Livre 1945-50 Pick 48 PMG Choice About Unc 58 EPQ.

Designed by Serveau and engraved by Deloche, this French printed note clearly displays its origins by the use of an array of soft pastel colors and a large watermark depicting a bird's head. A large tree on the back is flanked by two antelope heads.

Starting Bid: \$625

28282 **Lebanon** Banque de Syrie et du Liban 25 Livres 1945 Pick 51s Specimen PMG Gem Uncirculated 65 EPQ.

A beautiful and completely fresh Specimen is offered, which is heightened by EPQ status. Solid zero serial numbers and perforated cancellation are seen on this beautiful, large form example. At the time of cataloging, this example is one of the finest known, and it is the highest quality example we have offered.

Starting Bid: \$750

## Scarce 1964 Date

**28283 Lebanon** Banque de Syrie et du Liban 50 Livres 1964 Pick 59a PMG Choice About Unc 58.

This 1964 beauty is the scarcest date from this 1952-64 issue. Although there is one higher graded example in the PMG Population Report, that one is a 1952 dated note leaving this the finest graded example for the 1964 dated issue. TDLR really outdid themselves with the design of this elusive denomination and this 50 livres is uncharacteristically clean, bright, and presentable providing excellent eye appeal and desirability.

**Starting Bid: \$1,000**

## Extremely Rare Uncirculated Malagasy Issue

**28285 Madagascar** Institut d'Emission Malgache 1000 Francs = 200 Ariary ND (1963) Pick 56a PMG Choice Uncirculated 63.

An utterly amazing offering, and extremely rare in this lofty grade. At the time of cataloging, there are only three examples of this Pick number graded in the PMG Population Report, with the second-finest example scoring Very Fine 30. This outstanding original example has only a few pinholes worth mentioning. Otherwise, the colors and paper are as-made fresh Uncirculated. Extremely underrated compared to other African issues and assuredly missing from many collections, especially in such a sought-after grade point. A prized banknote.

**Starting Bid: \$500**

**28284 Madagascar** Banque de Madagascar 50 Francs ND (1937-47) Pick 38 PMG Choice Uncirculated 64.

A well margined and colorful example of this Madagascar issue that features impressive allegorical vignettes of Minerva and Science. Well blended tranquil inks are seen on this ornately designed note.

**Starting Bid: \$500**

**28286 Malaya** Japanese Government 10 Dollars ND (1942-44) Pick M7bs KNB7S Specimen PMG Gem Uncirculated 65 EPQ.

This gorgeous example is the second finest graded in the PMG Population Report. These Specimen notes from the World War II Japanese Occupation series are quite scarce. Vibrant colors, red *Mi-hon* overprints, and two POCs are seen.

**Starting Bid: \$750**

**28287 Malaysia** Bank Negara 100 Ringgit ND (1992) Pick 32As Specimen PMG Choice Uncirculated 63.

A scarce Specimen, with interesting as-made ink stampings from the United States Banknote Company. Malaysian Specimens are notoriously challenging to obtain, and they are widely sought after as such. Solid zero serial numbers are seen on this Uncirculated example.

**Starting Bid: \$800**

**28288 Martinique** Caisse Centrale de la France d'Outre Mer 1000 Francs 2.12.1941 (ND 1944-47) Pick 22b Stamped Cancelled PMG Choice Uncirculated 64 EPQ.

This handsome, large format banknote is especially desirable due to its interesting, cold-weather themes, despite issuance in a Caribbean country. Of interest, there are two varieties of this Martinique emission: the first with one red overprint "Martinique" at top-center of front, and the second, which has three red "Martinique" overprints. This variety, with one overprint, is exceedingly rare, as only 1,200 banknotes were prepared in this manner. Red cancellations are present on both sides of the note. Totally original and uncirculated paper indicates that this specific banknote may have been unissued, as this grade is seldom seen for this highest-denomination type.

**Starting Bid: \$500**

## Superb 10 Rupees from 1900

**28289 Mauritius** Government of Mauritius 10 Rupees 7.8.1900 Pick 14 PMG Fine 12.

This middle denomination is surprisingly difficult to obtain in any grade, across the entire range of dates. When the Mauritian Rupee was installed, it was exchange rate was £1 = 10.25Rs, which matched the known denominations in Britain and many of the colonies still using Sterling. Between 1876 and 1904, approximately 568,458 of these large banknotes were printed and issued. Dates and signatures for this era of notes appear to be stamped, which makes specific dating and serial number accounting difficult. Chinese ink notations are seen on the reverse of this otherwise decent example. At the time of cataloging, this is the only example graded in the PMG Population Report.

### Finest Graded Example with EPQ Status

**28290 Mauritius Government of Mauritius 5 Rupees 1.7.1924 Pick 16 PMG About Uncirculated 50 EPQ.**

This Pick number can be sometimes be found, but usually in low grades with fragile paper. On the contrary, this example is crisp, and completely original, therefore so far superior to the ordinary that the majority of collectors will want to upgrade the placeholder currently in their collection. 1924 dated notes were actually issued intermittently until about 1932, despite later dates also being issued during that time frame. Additionally, 1924 dated notes can be found with either B or C prefixes. At the time of cataloging, there are only four examples graded in the PMG Report with EPQ status, and no examples at all are graded finer than this offered note. Remarkable in this state of preservation and very rare as such.

**Starting Bid: \$1,500**

### Stunning Example with EPQ Status

**28291 Mauritius Government of Mauritius 5 Rupees 1.1.1920 Pick 16 PMG Choice Very Fine 35 EPQ.**

This fantastic, lightly circulated example is completely original and deserved of its EPQ status. This uniface type is most often encountered with extensive circulation and paper decay due to environmental conditions. The offered note here displays none of those plaguing characteristics. Superb, fresh paper is accompanied by bold inking.

*From the Dodo Collection*

**Starting Bid: \$750**

**28292 Mauritius Government of Mauritius 5 Rupees 1.1.1920 Pick 16 PMG Very Fine 30 EPQ.**

Fresh, crispy original paper is seen on this uniface type that is most commonly encountered with frail, well-worn paper. Thankfully, this example was plucked from circulation and preserved safely to ensure the complete originality of the paper and ink. Much better than typically seen and desirable as such.

*From the Dodo Collection*

**Starting Bid: \$625**

**28293 Mauritius Government of Mauritius 5 Rupees 1.1.1920 Pick 16 PMG Very Fine 30.**

Crisp, original paper is seen on this 1920 dated example. All print on the front is fresh and bright. The blank back bears a notation and some high finance, neither of which detract from the note, but rather, adds character to a seldom seen banknote.

*From the Dodo Collection*

**Starting Bid: \$500**

## 1909 Unlisted Date Rarity

**28294 Mauritius** Government of Mauritius 5 Rupees 30.8.1909 Pick 16 PMG Very Good 10.

An unlisted and certainly rare date is seen on this seldom seen large type. The Mauritian Rupee became the national currency after Indian Rupees became more commonplace than than British Pounds or Mauritian Dollars, which occurred in the late 19th century. Based on the research performed by Owen Linzmayer and described in his Mauritius Chapter of *The Banknote Book*, Thomas de la Rue prepared 323,000 5 Rupee banknotes that were dispersed between banknotes dated 1907 to 1911. This date is sandwiched in the middle, and displays a serial number within the known range. Ornate text is seen on this uniface type. The back shows some partially obscured notations that appear to be in Western and Chinese characters, which illustrates the racial diversity of Mauritius which predates this banknote. Interesting, rare, and seldom offered.

**Starting Bid: \$1,000**

## Single Finest Graded Rarity

**28295 Mauritius** Government of Mauritius 10 Rupees 1.1.1927 Pick 17 PMG Choice Extremely Fine 45 EPQ.

As is often the case with seldom seen issues, collectors and enthusiasts often must fight for any note that magically appears on the market. However, in this situation, an absurdly high grade example presents itself, which therefore presents an even more special opportunity. This denomination is extremely challenging to find in any state of preservation and is absent from many African and Commonwealth collections. Owen Linzmayer's Mauritius chapter of *The Banknote Book* is most likely the best guide to these early types. As estimated in the above, approximately 335,000 of these uniface types were issued between 1927 and 1932, with all notes in circulation being withdrawn beginning in 1934. Very few of these larger format 10 Rupees are known to exist, with this example being the superior example. At the time of cataloging, only nine examples have been graded by PMG, with this example being the finest graded. No other examples were granted EPQ status, and none grade better than Very Fine 25. All told, this is an important opportunity to acquire a seriously rare banknote that heightened by its outstanding original grade.

*From the Dodo Collection*

**Starting Bid: \$2,000**

**28296 Mauritius** Government of Mauritius 10 Rupees 1.7.1924 Pick 17 PMG Very Fine 25.

The 1924 date for this large format type is seldom seen in any grade. Standard circulation is noted, none of which detract from the overall appearance in any way. All dates for this denomination feature the A-prefix, which indicates that much fewer of these notes were issued compared to the Five Rupees. Seldom seen and a desirable African and British Commonwealth type.

*From the Dodo Collection*

**Starting Bid: \$1,000**

**28298 Mauritius** Government of Mauritius 10 Rupees 1.1.1920 Pick 17 PMG Choice Fine 15.

A circulated but nevertheless decent example of this rarely seen middle denomination. The unique copper colored paper is completely original, and all inking is amazingly bold for the grade point. Ink bleed due to age and climate factors does not detract from the presentation of this large format type. An annotation is mentioned for accuracy. Very few examples of this denomination are extant today.

*From the Dodo Collection*

**Starting Bid: \$600**

**28297 Mauritius** Government of Mauritius 10 Rupees 1.1.1920 Pick 17 PMG Choice Fine 15.

A handsome example of this middle denomination which is much scarcer than the Five Rupees. Print records and serial numbers seen on extant examples indicate a possible print total of approximately 700,000 notes beginning in 1907 and ending in 1934 when the portrait series was issued. Unusually deep inking is seen on this note, as most of the details have bled through to the back of the note. An excellent and very rare banknote.

*From the Dodo Collection*

**Starting Bid: \$600**

**28299 Mauritius** Government of Mauritius 10 Rupees 1.1.1920 Pick 17 PMG Choice Fine 15.

This middle denomination is not generally available, as the overwhelming majority of this type was redeemed beginning in 1934 as the portrait series of banknotes was issued. Annotations and a few rust specs are seen on this otherwise bright and decent example. Despite extensive circulation, the print is unusually bright for the type.

## Seldom Seen 1913 10 Rupees

**28300 Mauritius** Government of Mauritius 10 Rupees 1.5.1913 Pick 17 PMG Fine 12.

A pleasing, completely original example of this very rare early date. At the time of cataloging, PMG has graded only nine examples of this Pick number, which encompasses all dates between 1907 and 1930. All 10 Rupees banknotes in this range also feature the A-Prefix, which indicates how few examples were issued for each date. Minor rust is seen on this otherwise pleasing banknote.

*From the Dodo Collection*

**Starting Bid: \$750**

**28301 Mauritius** Government of Mauritius 25 Rupees ND (1954) Pick 29b PCGS Choice About New 55PPQ.

Arguably one of the hardest varieties from this island nation. It bears the Wilson-Harvais signature combination, and displays the corrected Hindi translation. The 25 Rupees would have been the highest denomination for this issue, seeing that the 1000 Rupees was only used for interbank transactions. Highly collectable.

**Starting Bid: \$1,500**

**28302 Mexico** Banco de la Republica 5; 10; 20; 50; 100 Pesos 1918 Picks 11s; 12s; 13s; 14s; 15s Specimen Set PMG About Uncirculated 55; **Choice Extremely Fine 45 EPQ; Uncirculated 62 (2); Choice Uncirculated 64 EPQ.**

This handsome Specimen set is seldom seen, and provides a one-stop-shop to acquire the grouping of denominations. Various hole punched cancellations are seen on this pleasing set. (Total: 5 notes)

**Starting Bid: \$500**

**28303 Mexico** Banco de Mexico 1000 Pesos 1931-34 Pick 27s Specimen PMG Choice Uncirculated 64.

A desirable, highest denomination Specimen, which is the economical alternative to an issued example. Fresh colors and original paper are seen on both sides of this beautiful type. Red overprints and hole punched cancellations are seen in the body of the note, as well as notations, ink, and pinholes in the wide top margin. We have not offered this denomination in Specimen form previously, and therefore this is an excellent opportunity to acquire a seldom-seen type.

**Starting Bid: \$600**

**28304 Mexico** Banco Mercantil Mexicano 100 Pesos ND (1882) Picks S247p1; S247p1 M287p Front and Back Proofs PMG Gem Uncirculated 66 EPQ (2).

Beautiful and unusually choice, this pair of presentation proofs are seldom seen today. Matted to uniface cardstock for rigidity, these proofs allow for easy viewing of all design elements. Printer notations and hole punched cancellations are mentioned for accuracy. This 19th century design is quite uncommon. (Total: 2 notes)

**Starting Bid: \$500**

28305 Mexico Banco De Jalisco 500 Pesos ND (1910-11) Pick S326p1 and S326p2 M392p Front and Back Proofs PMG Gem Uncirculated 66 EPQ (2).

A simply beautiful, high denomination banknote prototype is seen in this lot, which is seldom seen in any format. The design elements are impressive, and the state of preservation is quite unusual for a 19th century offering. We have not offered this type in the past. (Total: 2 notes)

Starting Bid: \$500

28306 Mongolia State Treasury Note 3 Dollars 1924 Pick 3r Remainder PMG Gem Uncirculated 65 EPQ.

A striking and always popular example from the Mongolian dollar. Interestingly, these notes were all in coin orientation. After Baron Ungern's control of Mongolia collapsed as he was captured by the Bolsheviks, these notes were never released. An excellent and always popular design.

Starting Bid: \$1,500

28307 Morocco Banque d'Etat du Maroc 1000 Francs 1.8.1943 Pick 28s Specimen PMG Gem Uncirculated 65 EPQ.

A beautiful, high quality Specimen for this high denomination type. Morocco was separated from its French banknote source during World War II, which prompted the American Banknote Company to supply notes to Morocco, as well as other French Colonies in Africa. Desirable with Gem designation, which is clearly supported by totally original paper and excellent centering. Three POCs are noted for accuracy.

Starting Bid: \$600

28308 **Morocco** Banque d'Etat du Maroc 5000 Francs 1.8.1943 Pick 32 **PCGS Extremely Fine 40.**

The largest denomination from a WWII issue that did not circulate for very long. The French were unable to meet the needs of their territory's cash supply, and relied on the ABNC to come to the rescue. Apart from this issue, there was currency being printed locally as well. It was only 1948 before things were restored to where Banque de France could print banknotes for Morocco.

**Starting Bid: \$500**

28309 **Morocco** Banque d'Etat du Maroc 1000 Francs 29.5.1951 Pick 46As Specimen **PMG Choice Uncirculated 64 Net.**

This will be the first time that we have offered this variety. All zero serials, with a TDLR stamp on the face. This issue only exists in Specimen form, as they were never issued. The example on offer grades highest on the PMG census with two other in the same grade. A Kasbah on the face, with a view of city on the back. Previously mounted.

**Starting Bid: \$750**

28310 **Morocco** Banque d'Etat du Maroc 10,000 Francs ND (1953-55) Pick 50s Specimen **PMG Choice Uncirculated 64.**

A well margined Specimen example of this popular high denomination note that features an aerial view of Casablanca. A couple of tiny staple holes have been noted by PMG.

**Starting Bid: \$500**

28311 **Netherlands** Nederlandsche Bank 10 Gulden 1.7.1997 Pick 99s Specimen **PMG Choice Uncirculated 64.**

This surprisingly scarce Specimen is of the initial denomination in the final series of Dutch banknotes before the issuance of the Euro. Red overprints and a pair of staple holes are seen on this rare type. The first we have offered.

**Starting Bid: \$600**

28312 **Netherlands** Nederlandsche Bank 100 Gulden 9.1.1992 Pick 101s Specimen PMG Choice About Unc 58.

This seldom seen Specimen is highly desirable, and is the only example offered publicly since 2014. At the time of cataloging, there are only two of these Specimens graded in the PMG Population Report. Staple holes are mentioned for accuracy, along with a red overprint on each side.

Starting Bid: \$600

28313 **Netherlands** Nederlandsche Bank 1000 Gulden 2.6.1994 (ND 1996) Pick 102s Specimen PMG Choice Uncirculated 64.

A seldom seen Specimen of this highest denomination type, and desirable in this format. Staple holes and red "SPECIMEN" overprints are seen on both sides of this beautiful and interesting banknote. We have not offered this type previously in Specimen form.

Starting Bid: \$650

28314 **New Caledonia** Compagnie de la Nouvelle-Calédonie Banque 5 Francs 10.1.1874 Pick 2 PMG Very Good 8.

A seldom seen 19th century type that is desirable in any grade. The small serial number confirms a limited issuance per date, making any all varieties of this type very scarce today. In fact, this is the first we have offered. Despite extensive circulation, all details are still visible on this interesting uniface type.

Starting Bid: \$1,400

28315 **New Caledonia** Etablissement de Noumea 100 Francs 25.2.1875 Pick 8 PMG Very Fine 20.

A seldom seen and desirable 19th century type from the South Pacific, and missing from many regional and colonial collections. Considering its age and locale of circulation, this type features decent paper, inking, and a visible manuscript signature. Pinholes are mentioned on this handsome original. Only the second we have offered.

Starting Bid: \$500

## Stunning 19th Century South Pacific Type

28316 New Caledonia Banque de l'Indochine 100 Francs 10.5.1889 Pick 12s Specimen PMG About Uncirculated 53.

Some banknotes and Specimens are rare, but occasionally surface, leaving hope for enthusiasts looking to fill voids in their collections. But there are some types that are so rare one must take seriously the incredible opportunity when the banknote appears. Take for instance this 19th century type, stamped dated 1889, which may very well be the first example offered in a public auction. In fact, this exact banknote is the plate note for the type in *The Banknote Book's* New Caledonia chapter. Outstanding original paper is seen on this large format type. Typical pinholes are seen on this otherwise handsome original. This fully issued note was transformed to a Specimen with a red overprint on the front. Manuscript signatures and other work remains incredibly bright despite the century that has passed. Desirable and extremely rare.

**Starting Bid: \$10,000**

## Finest Graded South Pacific Rarity

28317 New Caledonia Banque de l'Indochine 5 Francs 19.6.1916 Pick 15a PMG About Uncirculated 55.

An utterly impressive banknote in all aspects, from eye appeal, to rarity, and finished with seldom-seen original condition. At the time of cataloging, this is the finest graded example in the PMG Population Report. This French type was printed on thin paper and was susceptible to climate-related issues, which lead most to be worn out and withdrawn. Only a minor margin stain is seen on this otherwise choice example.

**Starting Bid: \$2,500**

**28318 New Caledonia Banque de l'Indochine 5 Francs 10.6.1916 Pick 15a PMG Very Fine 20.**

A handsome and seldom seen South Pacific emission, and missing from many regional collections. Evenly circulated but original paper is seen on this square shaped banknote. Rarely offered in any grade and desirable as such.

**28320 New Caledonia Banque de l'Indochine 5 Francs 2.6.1924 Pick 19 PMG About Uncirculated 50.**

A beautiful and rarely seen type, of which is this only the third example offered in the past five years. Fresh paper and original colors are easily seen on this impressive South Pacific banknote. Minor stains are noted, which do little to minimize the impression left by this otherwise terrific example. The first we have offered.

**Starting Bid: \$2,000**

**28319 New Caledonia Banque de l'Indochine 100 Francs 10.3.1914 Pick 17 PMG Uncirculated 62.**

An iconic, large format colonial design, and especially rare as issued through Noumea. A hand stamped cancellation and mount remnants are seen on this otherwise Uncirculated example. This high denomination type is seldom seen in any grade, and is especially desirable in this lofty grade.

*From the Mekong Collection*

**Starting Bid: \$1,500**

**28321 New Caledonia Banque de l'Indochine 500 Francs 27.12.1927 Pick 38 PMG Very Fine 30 Net.**

A seldom-seen large format type, desirable in Very Fine grade. This is the first of two signature varieties for the type, which is scarcer than the later dated notes. Minor repairs and rusty paper clip dents are seen on this otherwise decent example.

**Starting Bid: \$1,000**

28322 New Caledonia Banque de l'Indochine 500 Francs ND (1927-38) Pick 38s Specimen PMG Extremely Fine 40.

28323 New Caledonia Banque de l'Indochine 100 Francs on 20 Piastres ND (1939) Pick 39 PMG Choice About Unc 58.

This desirable overprinted type is seldom seen in such an excellent, high grade. The majority of these provisional types have been redeemed long ago. The color schemes are unusually bright on this example. By far the finest graded example to appear in auction within the last decade.

Starting Bid: \$600

28324 New Hebrides Banque De L'Indochine 20 Francs ND (1945) Pick 7 PMG Very Fine 25.

A scarce, seldom-seen banknote, overprinted on a similar New Caledonia type. Problem-free circulated condition is seen. We have not offered this type in the past five years.

*From the Mekong Collection*

Starting Bid: \$500

28325 New Hebrides Banque De L'Indochine 20 Francs ND (1954) Pick 8a PMG Gem Uncirculated 66 EPQ.

A surprisingly rare and extremely underrated type. The signature combination present on this banknote dates the type to circa 1954, and not 1941-45, which is listed on the PMG label. Nevertheless, this is the first of two signature varieties for this design, neither of which are generally available. At the time of cataloging, this example is the single finest graded in the PMG Population Report, with only three examples currently encapsulated. A beautiful French Colonial rarity. It is important to note that at the time, New Hebrides also used the Australian dollar, which limited the need for large quantities of Banque de l'Indochine banknotes.

Starting Bid: \$300

**28326 New Hebrides** Institut d'Emission d'Outre-Mer 100 Francs ND (1965-67) Pick 16 **PMG Choice About Unc 58 EPQ.**

A handsome and desirable rarity, and the first note issued in New Hebrides through the Overseas Issuing Institute. Based on known prefixes, it seems that approximately 300,000 notes were issued, and most were redeemed beginning in 1971. Only the briefest handling or circulation is seen on this desirable type.

**Starting Bid: \$1,300**

**28327 New Zealand** Reserve Bank of New Zealand 10 Shillings 1.8.1934 Pick 154 **PMG About Uncirculated 53.**

This example is the first 10 Shilling note issued by the newly formed Reserve Bank of New Zealand. On the face King Tawhiao is seen to the right, and to the left one sees the Kiwi, New Zealand's national bird. The entire 1934 issue was fairly short lived, and it is uncommon to find representations from this issue in higher grades. Rare as such.

**Starting Bid: \$1,000**

## Iconic Highest Denomination

28328 **New Zealand** Reserve Bank of New Zealand 50 Pounds 1.8.1934 Pick 157 **PCGS Gold Shield Very Fine 25**.

The 1934 issue was only intended to circulate temporarily, and was controversial. In a rush, some of the previous designs were incorporated in the design of the ultimate issuance. In fact, due to air raids in England, plates were sent to Australia as a precautionary measure to ensure no hindrance in money supply to New Zealand. Notes printed by the Australians however, never circulated in New Zealand, and did not include the TDLR stamp on the back, instead they were later repurposed for circulation in the island nation of Fiji.

On the face one notices King Tawhiao to the right, the second Maori king, from the painting by Gottfried Lindauer. To the left one sees the Kiwi, which by this stage was well known as New Zealand's national bird, and is based on the engraving by Dutch artist John Gerrard Keulemans. On the back is Mitre peak in Fiordland.

This is only the third time that we have been privileged to be able to offer this variety. The last example we sold in the same grade, sold for \$21,600 in 2018. The high face value of this note alone, meant that this denomination was simply not kept. Rare in any grade, and sadly missing from even the most concise New Zealand or South Pacific collections.

**Starting Bid: \$7,500**

**28329 New Zealand Reserve Bank of New Zealand 5; 50 Pounds ND (1955-56) Pick 160bs; 162bs Two Specimens PMG Choice Uncirculated 63; Uncirculated 61 Net.**

A desirable pair of Specimens from the Reserve Bank of New Zealand, each with Thomas de la Rue oval overprints on both sides. The 50 Pounds denomination is a classic British Commonwealth rarity in any and all formats. Mounting remnants are seen on the back side of both notes, which confirm the originality of these rare Specimens. Hole punched cancellations and overprints are seen. (Total: 2 notes)

**Starting Bid: \$750**

**28330 New Zealand Bank of New Zealand 10 Pounds ND (1967) Pick 161d Four Consecutive Examples PCGS Superb Gem New 67PPQ (4).**

The desirable, higher denomination notes were issued right before New Zealand adopted the decimal currency system. These yellow security strip examples feature very high serial numbers for the type. Quite beautiful and desirable in such a lofty grade. (Total: 4 notes)

**Starting Bid: \$500**

**28331 New Zealand Reserve Bank of New Zealand 50 Pounds ND (1956-67) Pick 162c PCGS Gem New 65PPQ.**

The highest denomination from the last series of Pound notes for New Zealand. Red in color, Captain Cook and HM Bark Endeavour on the face, Mt. Egmont on the back. Impressively ornate with great embossing. **Starting Bid: \$1,250**

## Rare 10 Shillings

**28332 New Zealand Bank of New Zealand 10 Shillings (1/2 Pound) 1.10.1925 Pick S231 PMG Very Fine 30.**

A Bank of New Zealand example that simply does not appear for sale in issued form. In fact, this is the second time we have offered this exact note, and it sold in 2017 for just over \$5,200. It is the highest graded example on the PMG census of only two recorded. This might be a small denomination, but would most assuredly class as a heavy weight in rarity.

**Starting Bid: \$2,000**

**28333 New Zealand Bank of New Zealand 10 Shillings 1.10.1931 Pick S232a PMG Choice Very Fine 35 EPQ.**

Similar to pick S231, but with its expressed denominations amended from "£ 1/2" to "Ten Shillings". It is a pleasure to come across such a nice clean and original example that includes the EPQ designation. Rare in any grade.

**Starting Bid: \$750**

**28335 New Zealand Bank of New Zealand 1 Pound 1.10.1929 Pick S234a PMG About Uncirculated 53.**

The famed King Tawhiao is seen on the face of this iconic design by BWC. Inevitably, these earlier notes for the Bank of New Zealand are always in lesser grades, and it is always a pleasure to behold nicer examples. The last offering we made for this Pick was in 2017, and sold just over \$3,200 in the same grade. An ink stamp is noted on the back.

**Starting Bid: \$1,000**

**28334 New Zealand Bank of New Zealand 1 Pound 1.10.1925 Pick S233 PMG Very Fine 30.**

A breathtaking portrait of King Tawhiao is centered on the front of this early issue, surrounded by sharply framed borders and interesting guilloche designs. Overlapping guilloche designs are visible on the back along with three small vignettes. Third party grading company annotates minor rust which does not seem to detract from the beauty of this note.

**Starting Bid: \$800**

**28336 New Zealand Bank of New Zealand 1 Pound ND (ca. 1924-29) Pick UNL Unrecorded Back Proof PCGS Choice New 63.**

A remarkable Back Proof printed by Bradbury Wilkinson & Company. Unique guilloche designs, deep inks and lovely vignettes are observed on this Proof. Third party grading company mentions mounting remnants on the back which do not detract from the fine details of the image on the front.

**Starting Bid: \$500**

**28337 New Zealand** Union Bank of Australia Limited, Wellington 1 Pound 1.10.1923 Pick 372cts Color Trial Specimen PMG Gem Uncirculated 65 EPQ.

Completely original paper is easily seen this colorful Waterlow & Sons creation. Hole punched cancellations and red overprints are seen, along with printer notations. It is important to note that both issued examples and Specimens are generally unavailable from this issuer. The eye appeal on this example is better than typically seen for Specimens from the 1920s.

**Starting Bid: \$500**

**28338 New Zealand** Union Bank of Australia Limited, Wellington 50 Pounds 1.10.1923 Pick S376cts Color Trial Specimen PMG Choice Uncirculated 64.

This beautiful Waterlow & Sons creation is for the highest denomination of the series prepared for the Union Bank of Australia. The design elements are simply beautiful and the color schemes are still fresh and original. Minor mounting remnants are seen, along with printer notations, hole punched cancellations and red overprints.

**Starting Bid: \$750**

## Extraordinarily Rare 19th Century Issued Banknote in High Grade

**28339 Nicaragua** Tesoreria General 5 Pesos 1.4.1896 Pick A15a PMG Choice Uncirculated 64.

A stunning and extremely rare issued banknote, overprinted atop an 1888 type. Fresh red ink are still clear, and distinguish the new Tesoreria General type from the private issue bank underneath. At the time of cataloging, there are only five examples graded in the PMG Population Report, with this note being the only note grading better than Choice Extremely Fine 45. An important offering worthy of consideration, as this 19th century types is seldom offered, with this specific example in simply phenomenal condition.

**Starting Bid: \$1,000**

## Extremely Rare 25 Pesos Color Trial Specimen

**28340 Nicaragua** Tesoreria General 25 Pesos 15.9.1900 Pick 32cts Color Trial Specimen PMG Choice About Unc 58.

This stunning, colorful, and amazingly scarce Specimen was created by Waterlow & Sons to demonstrate their impressive engraving and printing capabilities. This denomination is not pictured in the Standard Catalog, and there are no public sale auction records for this Pick number. Simply beautiful color schemes are seen on both sides of this handsome creation. Hole punched cancellations, printer notations, and overprints are seen on this example. Not to be missed, as it is impossible to forecast when another example will become available.

**Starting Bid: \$1,500**

Starting Bid: \$625

**28345 Pakistan State Bank 2 Rupees ND (1949) Pick 11 PMG Choice About Unc 58.**

A well preserved issued example from the first State Bank of Pakistan issue. Scarce in high grades as there are only two notes graded higher in the PMG Population Report. The grading company mentions a spindle hole at issue and staple holes.

**Starting Bid: \$500**

**28347 Palestine Palestine Currency Board 5 Pounds 20.4.1939 Pick 8c PMG Very Fine 20.**

An always desirable middle denomination that has the benefit of a comment-free third party holder. The second prefix for this denomination is seen on this handsome and immensely popular type.

**Starting Bid: \$1,000**

**28346 Palestine Palestine Currency Board 5 Pounds 30.9.1929 Pick 8b PMG Choice Fine 15.**

A handsome and decent example of this beautiful denomination, featuring the scarce 1929 date. The dry climate of the region was not kind to paper products, as many extant examples display frail splits due to the lack of humidity. Nevertheless, original paper is easily seen, and all design elements are on full display. Of note, the A-prefix is seen on the first two dates of issue for this denomination.

**Starting Bid: \$750**

## High Grade 1929 10 Pounds

28348 **Palestine** Palestine Currency Board 10 Pounds 30.9.1929 Pick 9b **PMG About Uncirculated 53**.

A truly charming, bright example of a rare note that is forever on wantlists, in demand, and always increasing in popularity. The last offering we had of this variety sold for \$3,000 as a Very Fine 25. The PMG population Report indicates this example as the second highest graded. Infinitely desirable, superbly graded, and we believe our estimate could be on the conservative side.

**Starting Bid: \$3,500**

28349 **Palestine** Palestine Currency Board 10 Pounds 30.9.1929 Pick 9b PMG Choice Fine 15.

This scarce date is desirable in any and all grades. The 10 Pound denomination is the highest denomination that is generally available. Some rust and pinholes are seen on this otherwise completely original example. 1929 is a key date for Palestine banknotes and this denomination is no exception.

**Starting Bid: \$1,000**

28350 **Palestine** Palestine Currency Board 10 Pounds 7.9.1939 Pick 9c PMG Very Fine 20.

This handsome, high denomination type is desirable in any and all grades. This pleasing, mid-grade example has vivid, original colors and mostly clean paper. An annotation in the watermarked area is noted for accuracy. The popularity of Palestinian banknote shows no signs of slowing down; and in fact, it seems to be increasing.

**Starting Bid: \$1,250**

## Iconic Higher Denomination Rarity

28351 Panama Banco Central de Emisión 10 Balboas 1941 Pick 24a PMG Very Fine 25.

Extremely challenging to obtain in any and all grades, this higher denomination banknote had a brief lifespan before a hasty recall, after which all redeemed examples were destroyed. To date, this is the only series of banknotes for Panama, as Columbian currency was used before the introduction of the United States Dollar. This example offered here represents one of only nine examples graded in the PMG Population Report, and only the second issued example we have offered. Foreign substance on the front is seen, but does little to diminish the excitement caused by such a spectacular rarity.

Starting Bid: \$6,000

## Outstanding Highest Graded Arias “Seven Day” Specimen

### 28352 Panama Banco Central de Emision 20 Balboas 1941 Pick 25s Specimen PMG Gem Uncirculated 66 EPQ.

This enormously rare Specimen is of the highest denomination banknote issued in Panama. Specifically, this example is the single finest graded in the PMG Population Report, and the only one with Gem designation at the time of cataloging. Panamanian President Arnulfo Arias authorized the production of banknotes, which were released on October 2nd, 1941. A week later, Arias was ousted from power, and the newly released notes were quickly withdrawn and destroyed, leaving surviving examples few and far between. This offering is a rare opportunity. Cancelled with 2 punch holes.

**Starting Bid: \$12,500**

28353 Peru Banco Nacional del Peru 2 Soles ND (1872-76) Pick S312s1 Front Specimen PMG Choice Uncirculated 63.

A very scarce Front Specimen for this beautiful banknote, and desirable in this format. At the time of cataloging, there are only three examples graded in the PMG Population Report. All colors are bright, and the paper appears as fresh as the day it was printed. Interestingly, the center motif at front depicts a local woman and child, but the boy with lamb at left do not seem as relevant to Peru. Nevertheless, a very pretty Front Specimen, with no solid zero serial numbers and a red overprint.

**Starting Bid: \$500**

## Highest Known Denomination from First Philippine Republic

## 28354 Philippines República Filipina 5 Pesos 1898-99 Pick A27a PCGS New 62.

The Spanish-American War had repercussions on multiple continents which affected millions of people, and ultimately shifted the balance of power in Southeast Asia. After centuries of oppressive rule, the Spanish stranglehold on the Philippines began showing its weakness, and the Filipino people took advantage of the situation to declare independence from colonial powers. Emilio Aguinaldo lead the charge and was instituted as the first President of the Republic. Neither Spain nor the United States recognized the Republic. However, the new government in Manila issued a series of banknotes which circulated briefly and extant examples are seldom seen today. After the Spanish American War concluded, the new Philippine Republic declared war on the United States, and a three year war began. Aguinaldo and his forces surrendered to the United States in 1902, and a new series of coins and banknotes were issued the following year. This crudely made banknote is extremely rare as a fully issued banknote, complete with a serial number and a manuscript signature of Pedro A. Paterno. Ink stains and smudges are seen on this otherwise Uncirculated type. The 1 Peso is seen on occasion, but this 5 Pesos denomination is the true rarity. In fact, this is the first example with serial numbers and a signature offered in public auction. Assuredly missing from even the most advanced collections and eminently desirable. A historically important 19th century type issued by the brief Republican government created in a desperate attempt for self determination. Iconic and extremely rare, as these notes circulated from 1898 until 1903.

Starting Bid: \$7,500

## Superb First “Philippine Republic” Banknote

**28355 Philippines** Republica Filipina 1 Peso 24.4.1899 Pick A28a PCGS New 62.

In most cases, banknotes are desirable due to their aesthetic features, high denomination, or rarity. This example from the Philippines is exceedingly rare and is an important relic from the first Republic on the entire Asian continent. The Spanish-American War began in 1898, and had a lasting impact on global balance of power, as the United States obtained its first true colonial possessions and ended Spanish involvement in the Caribbean and Southeast Asia. Immediately thereafter, Philippine forces attacked their new colonial leaders and established the first Philippine Republic lead by Emilio Aguinaldo. The United States regained control of the archipelago by 1901 and the republic ended. In that brief period of the Republic, two hasty series of banknotes were created, all with common design elements. This example is the only known surviving denomination of the 1899 series, and it truly is remarkable to encounter one in Uncirculated grade. Hastily applied serial numbers are seen on the front side of this banknote. A light paper scuff prevents a higher grade for this seldom-seen banknote from this historically pivotal time in Philippines history. The first issued example with a serial number we have had the privilege to offer, and in fact among the finest graded examples ever to be brought to auction.

**Starting Bid: \$2,000**

**28356 Philippines** Banco Espanol Filipino 100 Pesos 1.1.1908 Pick 5 PCGS Fine 15.

A fine example enhanced by a elegant allegory of a woman holding a scroll seated beside a globe. Guilloche patterned borders and deep inks are still quite clear on this rare example. A rare note which seldom crosses the auction block and scarcely graded as there are only two graded examples are registered in PMG's Population Report.

**Starting Bid: \$1,500**

**28357 Philippines** Bank of the Philippine Islands 200 Pesos 1.1.1928 Pick 21 PMG Very Fine 20 Net.

A surviving example of the highest denomination for this series. A quite rare note as only 1,060 examples were issued. It also represents the last series for which the 200 Peso denomination was released. Third party grading company mentions rust but this desirable note still retains decent color and a pleasing appearance.

**Starting Bid: \$1,000**

Extremely Rare Highest Denomination Issue

28358 Philippines Philippine Islands Treasury 500 Pesos 1918 Pick 67 PCGS Fine 15.

The 1918 series of banknotes issued by the Government of the Philippine Islands is chock full of rare types, which is crowned with this highest denomination type. According to the United States Bureau of Engraving and Printing, only 40,000 notes were printed for this date. As is often seen with Philippine notes of this era, there is some ink bleed from front to back due to tropical climate in which this note served. This example is only the second we have offered of this rare type, most of which were redeemed long ago, due to the enormous buying power of this denomination. Minor repairs are noted on this otherwise pleasing banknote.  
Starting Bid: \$4,000

28359 Philippines Treasury Certificate Victory Issue 50 Pesos ND (1944) Pick 99a PCGS Gem New 65PPQ.

A gorgeous high grade example with ideal color and embossing printed by the United States Bureau of Engraving and Printing with the black "Victory" overprint on the back. The Victory notes were introduced upon the return of MacArthur to the Philippines.

Starting Bid: \$700

28360 Philippines Treasury Certificate Victory Issue 100 Pesos ND (1944) Pick 100a PMG Gem Uncirculated 65 EPQ.

This beauty is the finest graded example in the PMG Population Report. Bold inks and original paper provide excellent eye appeal on this 100 pesos note. Highly sought after in high grade and not to be missed.

Starting Bid: \$625

**28361 Philippines** Philippine National Bank 500 Pesos ND (1944) Pick 101c **PMG Choice Uncirculated 63 EPQ.**

The 500 Peso value was the highest issued denomination in the so-called Victory Series of 1944. Redeemable in either silver pesos or United States currency, it is likely that the vast majority of these were redeemed due to the denomination while many of the lowest denominations were kept as souvenirs. Legazpi, the conquistador who founded the Spanish colony of the Philippines, is seen on the face. The last time we sold this Pick, a Choice Uncirculated 64 EPQ hammered for just under \$5,800.

**Starting Bid: \$2,000**

**28364 Qatar** Qatar Monetary Agency 500 Riyals ND (1973) Pick 6a **PMG Very Fine 30.**

Beautiful original colors are seen on this rare, highest denomination type from the first series of Qatari banknotes. Enormous face value prevented most of these notes from being saved by collectors at the time. Staple holes and annotations are seen on this example, which is nonetheless still extremely collectible.

**Starting Bid: \$1,500**

**28362 Poland** Bank Polski 20 Zlotych 28.2.1919 Pick 55 **PMG Choice Very Fine 35.**

A charming, scarcer denomination from post-WWI Poland. This will be the first time that we have offered this variety. Elusive, and it rests in a comment free holder.

**Starting Bid: \$500**

**28365 Qatar** Qatar Monetary Agency 500 Riyals ND (1973) Pick 6a **PMG Very Fine 30.**

A pleasing, completely original example of this highest denomination rarity. The A/1 prefix is noted, along with vivid colors and crispy paper. Typical annotations are seen, along with staple holes, both which are ordinary for this series. Enormous purchasing power led to most of these notes being used and worn out, leaving a scant few examples to be enjoyed today.

**Starting Bid: \$1,500**

**28363 Puerto Rico** Bank of Puerto Rico 5 Dollars 1.7.1909 Pick 47a **PCGS Apparent Fine 15.**

An uncommon \$5 note featuring Columbus that was issued under U.S. administration of Puerto Rico. Seldom do Specimen examples appear on the auction circuit, and very rarely do they come up for sale in issued form. Minor rust stains are mentioned.

**Starting Bid: \$750**

## Seldom Seen Highest Denomination Type

**28366 Reunion** Caisse Centrale de la France Libre 1000 Francs 1941 ND (1943) Pick 38 PMG Very Fine 30.

This extremely scarce highest denomination type was a provisional type issued during World War II. Only 70,000 notes of these notes were issued for Reunion, and only one has sold in public auction in the last decade. Minor internal splits are mentioned for accuracy on this otherwise terrific and very rare banknote.

**Starting Bid: \$1,000**

**28367 Rhodesia and Nyasaland** Bank of Rhodesia and Nyasaland 10 Pounds 15.8.1958 Pick 23a PMG Very Fine 25.

A wonderful example of colonial paper money. Issued for the then Rhodesia and Nyasaland, and was the highest denomination. The now outdated territory was split into three independent countries of Malawi, Zambia and Zimbabwe. Exquisite designs and shades of colors were used, Queen Elizabeth II can be seen to the right, and appears to almost be staring into the same distance as the lion in left corner. The back boasts a herd of elephants, which is a design that was repurposed for a later design from Malawi. Rare in any grade, and always desirable.

**Starting Bid: \$1,500**

**28368 Romania** Ministry of Finance 10 Lei ND (ca.1920) Pick 72pm and 72pp Printer Model and Progressive Proof PMG Gem Uncirculated 66 EPQ (2).

This interesting lot contains two prototypes for this proposed banknote in the 1920 series, which ultimately went unissued. Completely original quality is seen on these uniface types, which show excellent embossing and paper. Interestingly, the Printer Model and Progressive Proof have different color schemes. The proof is matted to cardstock for rigidity. There is also an off-white sheet that includes a logo for the Ministry of Finance. Rarely seen and desirable. (Total: 3 items)

**Starting Bid: \$1,000**

**28369 Russia** State Assignats 50 Rubles 1807 Pick A11x Napoleonic Forgery PMG Choice Very Fine 35.

Holding the highest grade of three in the PMG population report this scarce example still has clear black inks. This Napoleonic Forgery issue without frame has two printed signatures. Third party grading company mentions missing corner tips.

**Starting Bid: \$500**

**28370 Russia** State Assignats 5 Rubles 1819-43 Pick A17 PMG Fine 12.

A desirable and seldom large format banknote, and pleasing in problem-free, original grade. All details are clear, including the manuscript signature and serial numbers. Despite circulation, the overall eye appeal is still excellent despite the years that have passed.

Russian-American Co. 25 Kopeks Ex: Clifford

**28379 Russia Russian-American Company 25 Kopeks ND (1816-1867) Pick UNL Kardakoff 53.2 PMG Choice Uncirculated 63.**

After nearly four decades since the offering of the Henry Clifford Collection, two significant notes of American Territorial significance are being offered here today.

Chartered by Czar Paul I in 1799, the Russian-American Company had a monopoly on trade in Russian America. The territory included the Aleutian Islands, Alaska, and extended as far south as present-day Northern California. Fort Ross, located in Sonoma County, CA was established by the Russian-American Company (RAC) in 1812. The state-sponsored trading company also had Fort Elizabeth built on the island of Kauai, Hawaii in an attempt to gain influence there as well. The RAC was similar in scope to the Hudson's Bay Company and the East India Companies. In all, the Russian-American Company was established with the sale of 724 shares at 1,000 rubles each, for a total of 724,000 rubles.

To facilitate trade in each of the company's theaters of operations, notes were produced by the Russian-American Company and issued circa 1816 to 1867. Seven different denominations have been reported: 10, 25, and 50 Kopeks along with 1, 5, 10, and 25 Rubles.

One of the primary businesses of the Russian-American Company was fur trading. The notes are often referred to as "walrus or sealskin money" because some of the notes were actually printed on walrus skins or other skins, including this example. Otter skins were shipped in waterproof walrus skin bags and the bags were then recycled to produce the notes. In Russia the notes were known as Kozhanye (skins). Contemporary accounts show the notes circulated in nearly every locale the company operated, from Russia to Alaska, and into California.

In 1867, U.S. Secretary of State William H. Seward negotiated the sale of Alaska to the United States for \$7 million dollars and the RAC ceased operations. The purchase was known as "Seward's Folly" until gold was discovered.

The Alaskan Parchment Scrip of the Russian American Company 1816-1867, Randolph Zander's 1996 48-page monograph, is the most comprehensive reference on the subject. Zander expanded upon Ted Uhl's earlier research. In the monograph, Zander explains that beginning circa 1842, changes to the physical appearance of certain notes were performed by hand and were made as a means of differentiating the various denominations, as much of the native population was illiterate. The upper corners of the 10 kopek notes were holed, all four corners of the 25 kopek pieces were clipped, and the 50 kopek examples were clipped at the upper two corners.

An estimated 150-200 total pieces of Russian-American Company scrip are believed to survive today, with many of the survivors housed in museums around the world, including the Hermitage, the Museum of Anthropology and Ethnography in St. Petersburg, the Smithsonian, the National Museum in Helsinki, and the Ulster Museum in Belfast; leaving very few pieces available to private collectors.

While some examples of the Walrus Skin notes in high grade have passed through auction in recent decades, it is widely accepted that the largest offering of the highest graded examples was part of the Henry Clifford Collection in 1982. The two pieces here stood the test of time with incredible third-party grades of Choice Uncirculated 63, and Choice Uncirculated 64 EPQ. The 25 Kopeck example shows the four clipped corners, as issued, to designate the denomination. The serial number 17346 remains bold, with the skin in ideal condition. On back is the company seal, with the iconic two-headed eagle used by the Russian crown.

With so few offerings in high grade, and most survivors impounded in government institutions, the current offering will prove exciting for buyers specializing in Russian issues, or notes from the early United States and its territories.

**Starting Bid: \$12,500**

## Immaculate 50 Kopeks from The Russian-American Company

**28380 Russia Russian-American Company 50 Kopeks ND (1816-1867) Pick UNL Kardakoff 53.1 PMG Choice Uncirculated 64 EPQ.**

The second example of incredible Russian-American Company notes printed on Walrus skin parchment. The notes were part of a large trading company endeavor that stretched from Russia around the Pacific rim to Alaska and into California. Trading outposts in Hawaii were also maintained by the company, a significant presence in what became western territories of the United States.

This 50 Kopeks piece is a perfect pair to the 25 Kopeks note also offered here. The pieces were last offered nearly 40 years ago as part of the Henry Clifford Collection, which remains the largest ever offering of notes from this issuer. Research shows many of the limited number of survivors to be permanently impounded in institutional collections. With limited discoveries since Randolph Zander's 1996 article on the subject, we surmise the current pair are easily condition census notes, if not the finest known for their respective denominations. This note is as issued, with two clipped corners to denote the denomination. The skin is bright and original, with a strong penned 13358 serial number. On the face is *Марка въ Америкѣ / 50 КОП*, meaning "American Scrip / 50 Kopeks" in current numismatic terms. On verso, the Russian-American Company insignia with the double-headed eagle of the Russian Crown at center.

## An Unlisted Rarity

28384 **South Africa** African Banking Corporation Limited, Natal 1 Pound 9.6.1919 Pick UNL (similar to S553a) **PMG Choice Fine 15.**

The African Banking Corporation absorbed the Western Province Bank, The Kaffrarian Colonial Bank, and the Worcester Commercial Bank. It operated throughout South Africa, and is believed to have issued notes in Bloemfontein, Durban, Johannesburg, and Pretoria. It was finally taken over by Standard Bank in 1920.

Stunning vignettes of Springbucks grazing on the face, with a map of Africa on the back. The prefix N/1 denotes this example having been issued in Natal, and a very small serial is noticed. This type is marked as unlisted because the Krause catalog lists Pick S553a as issued in Transvaal.

There is no sales history available for this variety in issued form, and there are none other graded on the PMG census. It is the first time the cataloger has seen an issued note after three decades of collecting South Africa. Even though this example grades Choice Fine 15, we believe that it presents better than the achieved grade. It is unquestionably of utmost rarity, missing from most decent South African collections, and most likely unique.

**Starting Bid: \$2,000**

The enticing opening bid adds desirability to a note that is missing from most collections in Uncirculated grade.

28412 Yugoslavia National Bank 10,000 Dinara 6.9.1936 Pick 34 PCGS Gold Shield Grading Choice AU 58.

King Peter II was the last King of Yugoslavia, reigning from 1934 to 1945. Peter succeeded to the throne in 1934 after his father, King Alexander I was assassinated in France. His father's cousin served as regent until 1941 due to Peter's young age. In 1941 Peter was installed as King by the British after a coup d'etat because Regent Prince Paul had committed Yugoslavia to join the Axis Powers. King Peter II and the government ministers left the country after it was invaded in 1941, ultimately ending up in London. This note depicts King Peter II at about the age of 13. Given the very large format, it is a minor miracle that this note has come down to the present day in excellent condition. In September 2018, we sold a PMG About Uncirculated 55 EPQ example for \$1,920.

Starting Bid: \$1,000

## Zanzibar First Date Issue 5 Rupees

28414 Zanzibar Zanzibar Government 5 Rupees 1.1.1908 Pick 2. PMG Very Fine 25.

There really is no introduction needed on any Zanzibar example. If one was to however attempt to introduce true scarcity, this would be it. Printed by Waterlow & Sons, elegant combinations of color, and designs stand out. Additionally, we are able to offer the scarcer first dated 1908 series. A dhow is seen to the left, and a life-like vignette of clove harvesting to the right, nestled under Alhambra-like arches.

Currently, this gorgeous note is the second highest graded of the three total graded 5 rupees in the PMG Population Report. Recent price realizations on the auction block for this pick number include a \$28,081 sale in 2017 for a Fine 12 and a \$129,250 sale in 2017 for a Very Fine 35. With notes from this country making only ephemeral appearances on the world stage, we expect that this eye appealing rarity should well surpass our conservative estimate.

Starting Bid: \$15,000

## A Coveted Zanzibar 10 Rupees

**28415 Zanzibar** Zanzibar Government 10 Rupees 1.1.1908 Pick 3 PMG Choice Fine 15.

If one was to consider a top ten list of iconic African banknotes, it is impossible to imagine a list devoid of at least one representation of a famed Zanzibar example. In recent times, this coveted series has propelled itself into a class of its own, and is continually increasing in its popularity.

Colonial influence on the small island started in the 15th century. Portuguese explorers were the first to arrive, followed by the Omani's, and then the British in 1890. As a semi-autonomous protectorate, a need for a local currency arose. At the time, Zanzibar was the largest exporter of clove. The Zanzibar Rupee replaced the Zanzibar Ryal, and was first issued in 1908. Interestingly, the Zanzibar Rupee was 1:1 to the Indian Rupee, and was circulated until 1936. It was also this time that the East African Shilling became legal tender.

All denominations are uniface, an Arab dhow is noticed to the left, and a clove harvesting scene to right. Each scene is beautifully highlighted by Arabic arches that effortlessly adds to the broader tang of the design.

Restoration and ink is mentioned. It is the catalogers opinion that the stamps add to the historical content on the item, rather than diminish from its attractiveness. Likewise, the minor restorations protect the note to be enjoyed by future generations, as there only a finite number of extant examples in existence.

**28828 Germany Rentenbank 50 Rentenmark 6.7.1934 Pick 172s Specimen PMG About Uncirculated 53.**

A rare Specimen of an otherwise elusive post-WWI issue. Nicknamed the Wheat sheaf issue, due to its portrayal on the back of each denomination. At a stage where the German economy was starting to gain momentum after the Great War, 50 Rentenmark was the largest denomination. The Rentenmark came to be thanks to Nobel laureate Gustav Stresemann's appointment of Hans Luther. At a time where the Papiermark was worthless, and the coffers were empty of gold, the idea of backing up a currency with land came to fruition. The Rentenmark replaced the Papiermark at an exchange of 1:10 Trillion. Unfortunately, no matter the gains, and genius behind trying to remedy Germany's economic woes, WWII caused the Rentenmark futile. After Germany's defeat, the Allies demanded all currency to be stamped by relevant authorities, or be rendered worthless. This example is the only graded example on the PMG Population Report, and there is nil sales history. Rare, and a great piece of history. Spindle holes, trimmed, and ink are noted.

**28946 Mauritius** Government of Mauritius 5 Rupees 1.10.1918 Pick 16 **PMG Very Good 10**.

Featuring the final serial numbers within the A-prefix range, this date is seldom seen, as it had a short lifespan. In 1920, a relatively large number of notes were printed by Thomas de la Rue and delivered to Port Louis, and the redemption of older notes began. Although extensive circulation is seen, the scarcity of the older date makes this example desirable. A Chinese notation is seen on the back, which confirms the interesting racial diversity of this small island in the Indian Ocean.

This emission was a French Indo-China Pick 78 with an overprint indicating reissue in Papeete in the 1950s. These pieces are very rarely found in higher grades, let alone problem free Very Fine. Some rust is seen, and noted by PMG.

*From the Mekong Collection*

**Starting Bid: \$300**

29134 **Tahiti** Institut D'Emission D'Outre-Mer, Papeete Assortment of Denominations from 1971 to 1985 **Crisp Uncirculated (9)**.

29136 **Thailand** Japanese Intervention 20 Baht ND (1942) Pick 49b **PMG About Uncirculated 53 EPQ**.

A much above average example of this World War II issue, and surprisingly challenging to find in decent, collectible grade. In fact, at the time of cataloging, this example is the finest graded of only five notes in the PMG Population Report. This specific variety has two western letter prefixes at top, and a Thai letter bottom left. As made ink is mentioned by the grading company.

29137 **Thailand** Japanese Intervention 100 Baht ND (1943) Pick 51r **Remainder PMG About Uncirculated 50 EPQ**.

A beautiful and fresh remainder that displays quite well considering its age and the fact that many notes from tropical countries display some form of paper damage. Japan printed notes for Thailand after Thomas de la Rue severed ties, due to Thailand's role in aiding Japanese troops as they marched down the Asian peninsula. Simply a beautiful design on full display due to a lack of serial numbers and signatures.

3. Heritage Weekly Internet Auctions (Coin, Currency, Comics, Jewelry, and Vintage Movie Posters); Heritage Monthly Internet Auctions (Sports, World Coins and Rare Wine) are conducted solely on the Internet. Signature Auctions accept bids from the Internet, telephone, fax, or mail first, followed by a floor bidding session; HeritageLive! and real-time telephone bidding are available to registered clients during these auctions.

## Bidders:

4. Any person participating or registering for the Auction agrees to be bound by and accepts these Terms and Conditions of Auction (“Bidder(s”).
5. All Bidders must meet Auctioneer's qualifications to bid. Any Bidder who is not a client in good standing of the Auctioneer may be disqualified at Auctioneer's sole option and will not be awarded lots. Such determination may be made by Auctioneer in its sole and unlimited discretion, at any time prior to, during, or even after the close of the Auction. Auctioneer reserves the right to exclude any person from the auction.
6. If an entity places a bid, then the person executing the bid on behalf of the entity agrees to personally guarantee payment for any successful bid.

## Credit:

7. In order to place bids, Bidders who have not established credit with the Auctioneer must either furnish satisfactory credit information (including two collectibles-related business references) or supply valid credit card information along with a social security number, well in advance of the Auction. Internet bids will only be accepted from pre-registered Bidders. Bidders who are not members of HA.com or affiliates should preregister at least 48 hours before the start of the first session (exclusive of holidays or weekends) to allow adequate time to contact references. Credit will be granted at the discretion of Auctioneer. Auctioneer may, in its sole discretion, require a deposit in good funds of twenty-five percent (25%) of the amount of each bid prior to acceptance of the bid. Additionally Bidders who have not previously established credit or who wish to bid in excess of their established credit history may be required to provide their social security so a credit check may be performed prior to Auctioneer's acceptance of a bid. Settlement via check and immediate delivery of merchandise may also be determined by pre-approval of credit based on a combination of: HA.com history, related industry references, bank verification, a credit bureau report and/or a personal guarantee for a corporate or partnership entity in advance of the auction.

## Bidding Options:

8. Bids in Signature Auctions may be placed as set forth in the printed catalog section entitled “Choose your bidding method.” For auctions held solely on the Internet, see the alternatives on HA.com. Review at <http://www.ha.com/c/ref/web-tips.xzfbiddingTutorial>.
9. Presentment of Bids: Non-Internet bids (including but not limited to podium, fax, phone and mail bids) and floor bids must be on-increment or at a half-increment (“Cut Bid”). Any podium, fax, phone, or mail bids that do not conform to a full or half-increment will be rounded up or down to the nearest full or half increment and this revised amount will be considered your high bid.
10. Auctioneer's Execution of Certain Bids. Auctioneer cannot be responsible for your errors in bidding or entry of bids. When identical mail or fax bids are submitted, preference is given to the first received. To ensure the greatest accuracy, written bids should be entered on the standard printed bid sheet and received by Auctioneer at least two business days prior to Auction start. Auctioneer is not responsible for executing mail bids or fax bids received on or after the day the first lot is sold, nor Internet bids submitted after the published closing time; nor is Auctioneer responsible for proper execution of bids submitted by telephone, mail, fax, email, Internet, or in person once Auction begins. Bids placed electronically via the internet may not be withdrawn until your written request is received and acknowledged by Auctioneer (FAX: 214-409-1425); such requests must state the reason, and may constitute grounds for withdrawal of bidding privileges. Lots won by mail Bidders will not be delivered at the Auction unless prearranged.
11. Bid Increments. Bid increments (over the current bid level) determine the lowest amount you may bid on a particular lot. Bids greater than one increment over the current bid can be any whole dollar amount. It is possible under several circumstances for winning bids to be between increments, sometimes only \$1 above the previous increment. Please see: “How can I lose by less than an increment?” on our website. Bids will be accepted in whole dollar amounts only. No “buy” or “unlimited” bids will be accepted.

Current bidding increments during any live auction session or components thereof (e.g. mail/fax bids and LiveProxy bidding) (see HA.com/c/ref/web-tips.xzfguidelines-increments) are:

Current Bid .....	Bid Increment	Current Bid .....	Bid Increment
< \$10 .....	\$1	\$10,000 - \$19,999 .....	\$1,000
\$10 - \$49 .....	\$2	\$20,000 - \$49,999 .....	\$2,000
\$50 - \$99 .....	\$5	\$50,000 - \$99,999 .....	\$5,000
\$100 - \$199 .....	\$10	\$100,000 - \$199,999 .....	\$10,000
\$200 - \$499 .....	\$20	\$200,000 - \$499,999 .....	\$20,000
\$500 - \$999 .....	\$50	\$500,000 - \$999,999 .....	\$25,000
\$1,000 - \$1,999 .....	\$100	\$1,000,000 - \$1,999,999 .....	\$50,000
\$2,000 - \$4,999 .....	\$200	\$2,000,000 - \$9,999,999 .....	\$100,000
\$5,000 - \$9,999 .....	\$500	>= \$10,000,000 .....	\$200,000

Note: Half-increment bidding is available prior to the live auction session.

12. If Auctioneer calls for a full increment, Bidder may request Auctioneer to accept a Cut Bid only once per lot. After offering a Cut Bid, Bidder may continue to bid on lot only at full increments. Off-increment bids may be accepted by the Auctioneer at Signature Auctions. Bids solicited by Auctioneer at other than the expected increment will not be considered Cut Bids.

## Conducting the Auction:

13. Notice of the consignor's liberty to place bids on his lots in the Auction is hereby made in accordance with Article 2 of the Texas Business and Commercial Code. A “Minimum Bid” is an amount below which the lot will not sell. THE CONSIGNOR OF PROPERTY MAY PLACE WRITTEN “Minimum Bids” ON HIS LOTS IN ADVANCE OF THE AUCTION; ON SUCH LOTS, IF THE HAMMER PRICE DOES NOT MEET THE

“Minimum Bid”, THE CONSIGNOR MAY PAY A REDUCED COMMISSION ON THOSE LOTS. “Minimum Bids” are generally posted online several days prior to the Auction closing. Any successful bid placed by a consignor on his property on the Auction floor, by any means during the live session, or after the “Minimum Bid” for an Auction have been posted, will require the consignor to pay full Buyer's Premium and Seller's Commissions on such lot.

14. The highest qualified Bidder recognized by the Auctioneer shall be the Buyer. In the event of a tie bid, the earliest bid received or recognized wins. In the event of any dispute between any Bidders at an Auction, Auctioneer may at his sole discretion reoffer the lot. Auctioneer's decision and declaration of the winning Bidder shall be final and binding upon all Bidders. Bids properly offered, whether by floor Bidder or other means of bidding, may on occasion be missed or go unrecognized; in such cases, the Auctioneer may declare the recognized bid accepted as the winning bid, regardless of whether a competing bid may have been higher. Auctioneer reserves the right after the hammer fall to accept bids and reopen bidding for bids placed through the Internet or otherwise. Regardless of placed bids, Auctioneer reserves the right to withdraw any lot, or any part of a lot, from Auction at any time prior to the opening of any such lot by the auctioneer (crier), or in the case of Internet-only auctions when the bid opens for either live Internet bidding or the beginning of any extended period.
15. Auctioneer reserves the right to refuse to honor any bid or to limit the amount of any bid, in its sole discretion. A bid is considered not made in “Good Faith” when made by an insolvent or irresponsible person, a person under the age of eighteen, or is not supported by satisfactory credit, references, or otherwise. Regardless of the disclosure of his identity, any bid by a consignor or his agent on a lot consigned by him is deemed to be made in “Good Faith.” Any person apparently appearing on the OFAC list is not eligible to bid.
16. Nominal Bids. The Auctioneer in its sole discretion may reject nominal bids, small opening bids, or very nominal advances.
17. Lots bearing bidding estimates shall open at Auctioneer's discretion (generally 40%-60% of the low estimate). In the event that no bid meets or exceeds that opening amount, the lot shall pass as unsold or the Auctioneer may place a protective bid on behalf of the consignor.
18. All items are to be purchased per lot as numerically indicated and no lots will be broken.
19. Auctioneer reserves the right to rescind the sale in the event of nonpayment, breach of a warranty, disputed ownership, auctioneer's clerical error or omission in exercising bids and reserves, or for any other reason and in Auctioneer's sole discretion.
20. Auctioneer occasionally experiences Internet and/or Server service outages, and Auctioneer periodically schedules system downtime for maintenance and other purposes, during which Bidders cannot participate or place bids. If such outages occur, bidding may be extended at Auctioneer's discretion. Bidders unable to place their bids through the Internet are directed to contact Client Services at 877-HERITAGE (437-4824).
21. The Auctioneer, its affiliates, or their employees consign items to be sold in the Auction, and may bid on those lots or any other lots. Auctioneer or its affiliates expressly reserve the right to modify any such bids at any time prior to the hammer based upon data made known to the Auctioneer or its affiliates. The Auctioneer may extend advances, guarantees, or loans to certain consignors.
22. The Auctioneer has the right to sell certain unsold items after the close of the Auction. Such lots shall be considered sold during the Auction and all these Terms and Conditions shall apply to such sales including but not limited to the Buyer's Premium, return rights, and disclaimers.

## Payment:

23. All sales are strictly for cash in United States dollars (including U.S. currency, bank wire, cashier checks, travelers checks, eChecks, and bank money orders, and are subject to all reporting requirements). All deliveries are subject to good funds; funds being received in Auctioneer's account before delivery of the merchandise; and all payments are subject to a clearing period. Auctioneer reserves the right to determine if a check constitutes “good funds”; checks drawn on a U.S. bank are subject to a ten business day hold, thirty days when drawn on an international bank. Clients with pre-arranged credit may receive immediate credit for payments via eCheck, personal, or corporate checks. All others will be subject to a hold of 5 business days, or more, for the funds to clear prior to releasing merchandise. (Ref. T&C item 7 Credit for additional information.) Payments can be made 24-48 hours post auction from the My Orders page of the HA.com website. Payment via credit card (Visa, Mastercard, Discover, and American Express) will be accepted upon prior approval by Auctioneer. All payments by credit card will incur a surcharge of 2.5%. Payment by eCheck, wire transfer, or check will not incur a surcharge. This fee only applies to credit transactions, and does not exceed Auctioneer's cost of processing.
24. Payment is due upon closing of the Auction session, or upon presentment of an invoice. Auctioneer reserves the right to void an invoice if payment in full is not received within 7 days after Auction close. In cases of nonpayment, Auctioneer's election to void a sale does not relieve the Bidder from their obligation to pay Auctioneer its fees (seller's and buyer's premium) on the lot and any other damages pertaining to the lot or Auctioneer. Alternatively, Auctioneer at its sole option, may charge a twenty (20%) fee based on the amount of the purchase. In either case the Auctioneer may offset amount of its claim against any monies owing to the Bidder or secure its claim against any of the Bidder's properties held by the Auctioneer.
25. Purchased lots may be subject to taxes or fees imposed by various foreign taxing agencies. Buyer is responsible for paying all foreign imposed taxes whether VAT, GST, etc. prior to delivery unless other arrangements are made in writing. Lots delivered to Buyer, or Buyer's representative are subject to all applicable state and local taxes, unless appropriate permits are on file with Auctioneer. Should state sales tax become applicable in the state for delivery prior to delivery of the property on the invoice, Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. Buyer agrees to pay Auctioneer the actual amount of tax due in the event that sales tax is not properly collected due to: 1) an expired, inaccurate, or inappropriate tax certificate or declaration, 2) an incorrect interpretation of the applicable statute, 3) or any other reason. The appropriate form or certificate must be on file at and verified by Auctioneer five days prior to Auction, or tax must be paid; only if such form or certificate is received by Auctioneer within 4 days after Auction can a refund of tax paid be made. Lots from different Auctions may not be aggregated for sales tax purposes.
26. In the event that Buyer's payment is dishonored upon presentment(s), Buyer shall pay the maximum statutory processing fee set by applicable state law. If Buyer attempts to pay via eCheck and Buyer's financial institution denies this bank account, or the payment cannot be completed using the selected funding source, Buyer agrees to complete payment using your credit card on file (subject to the surcharge detailed in paragraph 23).
27. If any Auction invoice submitted by Auctioneer is not paid in full when due, the unpaid balance will bear interest at the highest rate permitted by law from the date of invoice until paid. Any invoice not paid when due will bear a three percent (3%) late fee on the invoice amount. If the Auctioneer refers any invoice to an attorney for collection, Buyer agrees to pay attorney's fees, court costs, and other collection costs incurred by Auctioneer. If Auctioneer assigns collection to its in-house legal staff, such attorney's time expended on the matter shall be compensated at a rate comparable to the hourly rate of independent attorneys.
28. In the event Buyer fails to pay any amounts due, Auctioneer reserves the right to sell the lot(s) securing the invoice to any underbidders in the Auction that the lot(s) appeared, or at subsequent private or public sale, or relist the lot(s) in a future auction conducted by Auctioneer. A defaulting Buyer agrees to pay for the reasonable costs of resale (including a 15% seller's commission, if consigned to an auction conducted by Auctioneer). The defaulting Buyer is liable to pay any difference between his total original invoice for the lot(s), plus any applicable interest, and the net proceeds for the lot(s) if sold at private sale or the subsequent hammer price of the lot(s) less the 15% seller's commissions, if sold at an Auctioneer's auction.
29. Title shall not pass to Buyer until all invoices are paid in full. Auctioneer shall have a lien against the merchandise purchased by Buyer to secure payment of any and all outstanding Auction invoices. Auctioneer is further granted a lien and the right to retain possession of any other property of Buyer then held by Auctioneer or its affiliates to secure payment of any Auction invoice or any other amounts due Auctioneer or affiliates from Buyer. With respect to these lien rights, Auctioneer shall have all the rights of a secured creditor under Article 9 of the Texas Uniform Commercial Code, including but not limited to the right of sale

(including a 15% seller's commission, if consigned to an auction conducted by Auctioneer). Any Heritage foreclosure auction venue, whether or not the same venue as when the debt was incurred (e.g. Signature, Internet, or weekly), is deemed a reasonably commercial sale. In addition, with respect to payment of the Auction invoice(s), Buyer waives any and all rights of offset he might otherwise have against Auctioneer and the consignor of the merchandise included on the invoice. If Buyer owes Auctioneer or its affiliates on any account, Auctioneer and its affiliates shall have the right to offset such unpaid account by any credit balance due Buyer, and it may secure by possessory lien any unpaid amount by any of the Buyer's property in their possession.

#### **Delivery; Shipping; and Handling Charges:**

30. Buyer is liable for all shipping, handling, registration, and renewal fees, if any. Please refer to Auctioneer's website HA.com/c/shipping.zx for the latest charges or call Auctioneer. Auctioneer is unable to combine purchases from other auctions or affiliates into one package for shipping purposes. Merchandise will be shipped in a commercially reasonable time after payment in good funds for the merchandise and the shipping fees is received or credit extended, except when third-party shipment occurs. Buyer on lots designated for third-party shipment must designate the common carrier, accept risk of loss, and prepay shipping costs. Buyer agrees that Service and Handling charges related to shipping items which are not pre-paid may be charged to the credit card on file with Auctioneer (subject to the surcharge detailed in paragraph 23).
  31. Successful international Bidders shall provide written shipping instructions, including specified customs declarations, to Auctioneer for any lots to be delivered outside of the United States. NOTE: Declaration value shall be the item(s) hammer price together with its buyer's premium and Auctioneer shall use the correct harmonized code for the lot.
  32. On all shipments in which Auctioneer charges the Delivery, Handling, and Transit Fee *infra*, any risk of loss during shipment will be borne by Auctioneer until the common carrier's confirmation of delivery to the address of record in Auctioneer's file, this is the "Secure Location". A common carrier's confirmation is conclusive to prove delivery to Buyer; if the client has a Signature release on file with the carrier, the package is considered delivered without Signature. Auctioneer shall arrange, select, and engage common carriers and other transportation vendors on your behalf. Transit services are subject to the following terms and conditions:
    - a. **Scope of Transit Services:** Merchandise for transit will be insured under one or more insurance policies issued by an authorized broker to Auctioneer. The merchandise will be insured for the invoice price of the properties (hammer price plus Buyer's Premium) ("Insured Value"). For each shipment, Buyer will provide a Secure Location to which the items will be delivered. NOTICE: **Auctioneer is neither an insurance company nor a common carrier of any type.**
    - b. **Auctioneer's Compensation for Transit Services:** Auctioneer will provide transit services to Buyer for ¼ of 1% of the Insured Value, plus packaging and handling fees and fees for the common carrier (collectively, "Delivery, Handling, and Transit Fee"). Buyer agrees to pay Delivery, Handling, and Transit Fee and comply with all terms of payment as set forth herein.
    - c. **Auctioneer's Limitation of Liability for Transit Services:** Buyer understands and agrees that Auctioneer's liability for loss of or damage to the items, if any, ends when the items have been delivered to the Secure Location, and Auctioneer has received evidence of delivery. Any claim that property has sustained loss or damage during transit must be reported to Auctioneer within seventy-two (72) hours of the delivery date. Any recovery for loss of or damage to any merchandise is limited to the lesser of actual cash value of the merchandise or the Insured Value. **Under no circumstances is Auctioneer liable for consequential or punitive damages.**
  33. It shall be the responsibility for Buyer to arrange pick-up or shipping in a timely manner (within 10 days). Merchandise will be subject to storage and moving charges, including a \$100 administration fee plus \$10 daily storage for larger items and \$5 daily for smaller items (storage fee per item) after 35 days. In the event the merchandise is not removed within ninety days, the merchandise may be offered for sale to recover any past due storage or moving fees, including a 20% Seller's Commission.
  34. A. NOTICE OF CITES COMPLIANCE: The purchase of items made from protected species: Any property made of or incorporating endangered or protected species or wildlife may have import and/or export restrictions established by the Convention of International Trade in Endangered Species of Wild Fauna and Flora (CITES) in various countries and domestically. Plant and animal properties include (but are not limited to) items made of (or including) Brazilian rosewood, ivory, whalebone, turtle shell, coral, crocodile, alligator, lizard, or other wildlife. These items may not be available to ship internationally or, in some cases, domestically. Domestic bans and restrictions exist in these states: 1) California state law prohibits the importation of any product containing Python skin into the State of California, thus no lot containing Python skin will be shipped to or invoiced to a person or company in California. 2) Fossil Ivory is currently banned or restricted in 5 U.S. states: New York, New Jersey, California, Hawaii, and New Mexico. By placing a bid, the bidder acknowledges that he or she is aware of any restriction in their country or place of residence and takes responsibility for: 1) obtaining all information on such restricted items for both export and import; 2) obtaining all such licenses and/or permits. Delay, failure, or incapacity to obtain any such license or permit does not relieve the buyer of timely payment or afford them the capacity to void their purchase or payment. Lots containing potentially regulated wildlife material are noted in the description as a convenience to our clients. Heritage Auctions does not accept liability for errors or failure to mark lots containing protected or regulated species. For further assistance, please contact client services at 1-800-872-6467.
  34. B. California State law prohibits the importation of any product containing Python skin into the State of California. No merchandise containing Python skin will be shipped to or invoiced to a person or company in California.
  34. C. Auctioneer shall not be liable for any loss caused by or resulting from:
    - a. Seizure or destruction under quarantine or Customs regulation, or confiscation by order of any Government or public authority, or risks of contraband or illegal transportation of trade, or
    - b. Breakage of statuary, marble, glassware, bric-a-brac, porcelains, jewelry, and similar fragile articles.
  35. Any request for shipping verification for undelivered packages must be made within 30 days of shipment by Auctioneer.
- #### **Cataloging, Warranties, and Disclaimers:**
36. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY DESCRIPTION CONTAINED IN THIS AUCTION OR ANY SECOND OPINION. Any description of merchandise or second opinion contained in this Auction is for the sole purpose of identifying merchandise for those Bidders who do not have the opportunity to view merchandise prior to bidding, and no description of merchandise has been made part of the basis of the bargain or has created any express warranty that merchandise would conform to any description made by Auctioneer. Color variations can be expected in any electronic or printed imaging, and are not grounds for the return of any lot. NOTE: Auctioneer, in specified auction venues, e.g. Fine Art, may have express written warranties and Bidder is referred to those specific terms and conditions.
  37. Auctioneer is selling only such right or title to merchandise being sold as Auctioneer may have by virtue of consignment agreements on the date of auction and disclaims any warranty of title to the merchandise. Auctioneer disclaims any warranty of merchantability or fitness for any particular purposes. All images, descriptions, sales data, and archival records are the exclusive property of Auctioneer, and may be used by Auctioneer for advertising, promotion, archival records, and any other uses deemed appropriate.
  38. Translations of foreign language documents may be provided as a convenience to interested parties. Auctioneer makes no representation as to the accuracy of those translations and will not be held responsible for errors in bidding arising from inaccuracies in translation.
  39. Auctioneer disclaims all liability for damages, consequential or otherwise, arising out of or in connection with the sale of any merchandise by Auctioneer to Bidder. No third party may rely on any benefit of these Terms and Conditions and any rights, if any, established hereunder are personal to Bidder and may not be assigned. Any statement made by the Auctioneer is an opinion and does not constitute a warranty or representation. No employee of Auctioneer may alter these Terms and Conditions, and, unless signed by a principal of Auctioneer, any such alteration is null and void.
  40. Auctioneer shall not be liable for breakage of glass or damage to frames (patent or latent); such defects, in any event, shall not be a basis for return or reduction in purchase price.

#### **Release:**

41. In consideration of participation in Auction and the placing of a bid, Bidder expressly releases Auctioneer, its officers, directors and employees, its affiliates, and its outside experts that provide second opinions, from any and all claims, cause of action, chose of action, whether at law or equity or any arbitration or mediation rights existing under the rules of any professional society or affiliation based upon the assigned description, or a derivative theory, breach of warranty express or implied, representation or other matter set forth within these Terms and Conditions of Auction or otherwise. In the event of a claim, Bidder agrees that such rights and privileges conferred therein are strictly construed as specifically declared herein, and are the exclusive remedy. Bidder, by non-compliance to these express terms of a granted remedy, shall waive any claim against Auctioneer.
42. Notice: Some merchandise sold by Auctioneer is inherently dangerous e.g. firearms, cannons, and small items that may be swallowed or ingested or may have latent defects all of which may cause harm to a person. Buyer accepts all risk of loss or damage from its purchase of these items and Auctioneer disclaims any liability whether under contract or tort for damages and losses, direct or consequential, and expressly disclaims any warranty as to safety or usage of any lot sold.

#### **Dispute Resolution, Arbitration, and Remedies:**

- By placing a bid or otherwise participating in Auction, Bidder accepts these Terms and Conditions of Auction, and specifically agrees to the dispute resolution provided herein.
43. Exclusive Dispute Resolution Process: All claims, disputes, or controversies in connection with, relating to, and/or arising out of Bidder's participation in Auction or purchase of any lot, any interpretation of the Terms and Conditions of Sale or any amendments thereto, any description of any lot or condition report, any damage to any lot, any alleged verbal modification of any term of sale or condition report or description, and/or any purported settlement whether asserted in contract, tort, under Federal or State statute or regulation, or any claim made by Bidder of a lot or Bidder's participation in Auction involving the auction or a specific lot involving a warranty or representation of a consignor or other person or entity including Auctioneer (which claim Bidder consents to be made a party) (collectively, "Claim") shall be exclusively heard by, and the claimant (or respondent) and Auctioneer each consent to the Claim being presented in a confidential binding arbitration before a single arbitrator administered by and conducted under the rules of, the American Arbitration Association. The locale for all such arbitrations shall be Dallas, Texas. The arbitrator's award may be enforced in any court of competent jurisdiction. In the event that any Claim needs to be litigated, including actions to compel arbitration, construe the agreement, actions in aid of arbitration, or otherwise, such litigation shall be exclusively in the Courts of the State of Texas, in Dallas County, Texas, and if necessary the corresponding appellate courts. If a Claim involves a consumer, exclusive subject matter jurisdiction for the Claim is in the State District Courts of Dallas County, Texas and the consumer consents to subject matter and in personam jurisdiction; further CONSUMER EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY. A consumer may elect arbitration as specified above. Any claim involving the purchase or sale of numismatic or related items may be submitted through binding PNG arbitration. A Claim is not subject to class certification.
  44. Choice of Law: Agreement and any Claim shall be determined and construed under Texas law.
  45. Fees and Costs: The prevailing party (a party that is awarded substantial and material relief on its damage claim based on damages sought versus awarded or the successful defense of a Claim based on damages sought versus awarded) may be awarded reasonable attorneys' fees and costs.
  46. Remedies: Any Claim must be brought within two (2) years of the alleged breach, default or misrepresentation or the Claim is waived. After one (1) year has elapsed, Auctioneer's maximum liability shall be limited to any commissions and fees Auctioneer earned on that lot. Auctioneer in no event shall be responsible for consequential damages, incidental damages, compensatory damages, or any other damages arising or claimed to be arising from the auction of any lot. Exemplary or punitive damages are not permitted and are waived. In the event that Auctioneer cannot deliver the lot or subsequently it is established that the lot lacks title, or other transfer or condition issue is claimed, in such cases the sole remedy shall be limited to rescission of sale and refund of the amount paid by Buyer; in no case shall Auctioneer's maximum liability exceed the high bid on that lot, which bid shall be deemed for all purposes the value of the lot. In the event of an attribution error, Auctioneer may at its sole discretion, correct the error on the Internet, or, if discovered at a later date, refund Buyer's purchase price without further obligation. Nothing herein shall be construed to extend the time of return or conditions and restrictions for return.
  47. These Terms & Conditions provide specific remedies for occurrences in the auction and delivery process. Where such remedies are afforded, they shall be interpreted strictly. Bidder agrees that any claim shall utilize such remedies; Bidder making a claim in excess of those remedies provided in these Terms and Conditions agrees that in no case whatsoever shall Auctioneer's maximum liability exceed the high bid on that lot, which bid shall be deemed for all purposes the value of the lot.

#### **Miscellaneous:**

48. Agreements between Bidders and consignors to effectuate a non-sale of an item at Auction, inhibit bidding on a consigned item to enter into a private sale agreement for said item, or to utilize Auctioneer's Auction to obtain sales for non-selling consigned items subsequent to Auction, are strictly prohibited. If a subsequent sale of a previously consigned item occurs in violation of this provision, Auctioneer reserves the right to charge Bidder the applicable Buyer's Premium and consignor a Seller's Commission as determined for each auction venue and by the terms of the seller's agreement.
49. Acceptance of these Terms and Conditions qualifies Bidder as a client who has consented to be contacted by Heritage in the future. In conformity with "do-not-call" regulations promulgated by the Federal or State regulatory agencies, participation by Bidder is affirmative consent to being contacted at the phone number shown in his application and this consent shall remain in effect until it is revoked in writing. Heritage may from time to time contact Bidder concerning sale, purchase, and auction opportunities available through Heritage and its affiliates and subsidiaries.
50. Rules of Construction: Auctioneer presents properties in a number of collectible fields, and as such, specific venues have promulgated supplemental Terms and Conditions. Nothing herein shall be construed to waive the general Terms and Conditions of Auction by these additional rules and shall be construed to give force and effect to the rules in their entirety.

## Additional Terms & Conditions: COINS & CURRENCY

COINS and CURRENCY TERM A: Signature® Auctions are not on approval. No certified material may be returned because of possible differences of opinion with respect to the grade offered by any third-party organization, dealer, or service. No guarantee of grade is offered for uncertified Property sold and subsequently submitted to a third-party grading service. There are absolutely no exceptions to this policy. Under extremely limited circumstances, (e.g. gross cataloging error) a purchaser, who did not bid from the floor, may request Auctioneer to evaluate voiding a sale: such request must be made in writing detailing the alleged gross error; submission of the lot to the Auctioneer must be pre-approved by the Auctioneer; and bidder must notify Ron Brackemyre (1-800-872-6467 Ext. 1312) in writing of such request within three (3) days of the non-floor bidder's receipt of the lot. Any lot that is to be evaluated must be in our offices within 30 days after Auction. Grading or method of manufacture do not qualify for this evaluation process nor do such complaints constitute a basis to challenge the authenticity of a lot. AFTER THAT 30-DAY PERIOD, NO LOTS MAY BE RETURNED FOR REASONS OTHER THAN AUTHENTICITY. Lots returned must be housed intact in their original holder. No lots purchased by floor Bidders may be returned (including those Bidders acting as agents for others) except for authenticity. Late remittance for purchases may be considered just cause to revoke all return privileges.

COINS and CURRENCY TERM B: Auctions conducted solely on the Internet THREE (3) DAY RETURN POLICY: Certified Coin and Uncertified and Certified Currency lots paid for within seven days of the Auction closing are sold with a three (3) day return privilege unless otherwise noted in the description as "Sold As Is, No Return Lot". You may return lots under the following conditions: Within three days of receipt of the lot, you must first notify Auctioneer by contacting Client Service by phone (877-HERITAGE (437-4824)) or e-mail (Bid@HA.com), and immediately ship the lot(s) fully insured to the attention of Returns, Heritage, 3500 Maple Avenue, 17th Floor, Dallas TX 75219-3941. Lots must be housed intact in their original holder and condition. You are responsible for the insured, safe delivery of any lots. A non-negotiable return fee of 5% of the purchase price (\$10 per lot minimum) will be deducted from the refund for each returned lot or billed directly. Postage and handling fees are not refunded. After the three-day period (from receipt), no items may be returned for any reason. Late remittance for purchases revokes these Return privileges.

COINS and CURRENCY TERM C: Bidders who have inspected the lots prior to any Auction, or attended the Auction, or bid through an Agent, will not be granted any return privileges, except for reasons of authenticity.

COINS and CURRENCY TERM D: Coins sold referencing a third-party grading service are sold "as is" without any express or implied warranty, except for a guarantee by Auctioneer that they are genuine. Certain warranties may be available from the grading services and the Bidder is referred to them for further details: Numismatic Guaranty Corporation (NGC), P.O. Box 4776, Sarasota, FL 34230, <http://www.ngccoin.com/services/writtenguarantee.asp>; Professional Coin Grading Service (PCGS), PO Box 9458, Newport Beach, CA 92658, <http://www.pcg.com/guarantee.html>; ANACS, 6555 S. Kenton St. Ste. 303, Englewood, CO 80111; and Independent Coin Grading Co. (ICG), 7901 East Bellevue Ave., Suite 50, Englewood, CO 80111.

COINS and CURRENCY TERM E: Notes sold referencing a third-party grading service are sold "as is" without any express or implied warranty, except for guarantee by Auctioneer that they are genuine. Grading, condition or other attributes of any lot may have a material effect on its value, and the opinion of others, including third-party grading services such as PCGS Currency and PMG may differ with that of Auctioneer. Auctioneer shall not be bound by any prior or subsequent opinion, determination, or certification by any grading service. Bidder specifically waives any claim to right of return of any item because of the opinion, determination, or certification, or lack thereof, by any grading service. Certain warranties may be available from the grading services and the Bidder is referred to them for further details: Paper Money Guaranty (PMG), PO Box 4711, Sarasota FL 34230; PCGS Currency, PO Box 10470, Peoria, IL 61612-0470; PCGS Gold Shield, PO Box 9458, Newport Beach, CA 92658. Third-party graded notes are not returnable for any reason whatsoever.

COINS and CURRENCY TERM F: Notes graded by PCGS Currency between February 4, 2009 and January 30, 2019 were graded and authenticated by K3B, Inc. under license from Collectors Universe, Inc. K3B, Inc., now operating as Legacy Currency Grading, has expressed in writing that notes graded under the license during this time period will still be covered by the full written guaranty of PCGS Currency. Warranties may be available from Collectors Universe, Inc. for all PCGS Currency notes graded prior to February 4, 2009.

COINS and CURRENCY TERM G: Since we cannot examine encapsulated coins or notes, they are sold "as is" without our grading opinion, and may not be returned for any reason. Auctioneer shall not be liable for any patent or latent defect or controversy pertaining to or arising from any encapsulated collectible. In any such instance, purchaser's remedy, if any, shall be solely against the service certifying the collectible.

COINS and CURRENCY TERM H: Due to changing grading standards over time, differing interpretations, and to possible mishandling of items by subsequent owners, Auctioneer reserves the right to grade items differently than shown on certificates from any grading service that accompany the items. Auctioneer also reserves the right to grade items differently than the grades shown in the prior catalog should such items be redesignated to any future auction.

COINS and CURRENCY TERM I: Although consensus grading is employed by most grading services, it should be noted as aforesaid that grading is not an exact science. In fact, it is entirely possible that if a lot is broken out of a plastic holder and resubmitted to another grading service or even to the same service, the lot could come back with a different grade assigned.

COINS and CURRENCY TERM J: Certification does not guarantee protection against the normal risks associated with potentially volatile markets. The degree of liquidity for certified coins and collectibles will vary according to general market conditions and the particular lot involved. For some lots there may be no active market at all at certain points in time.

COINS and CURRENCY TERM K: All non-certified coins and currency are guaranteed genuine, but are not guaranteed as to grade, since grading is a matter of opinion, an art and not a science, and therefore the opinion rendered by the Auctioneer or any third party grading service may not agree with the opinion of others (including trained experts), and the same expert may not grade the same item with the same grade at two different times. Auctioneer has graded the noncertified numismatic items, in the Auctioneer's opinion, to their current interpretation of the American Numismatic Association's standards as of the date the catalog was prepared. There is no guarantee or warranty implied or expressed that the grading standards utilized by the Auctioneer will meet the standards of any grading service at any time in the future.

COINS and CURRENCY TERM L: Storage of purchased coins and currency: Purchasers are advised that certain types of plastic may react with a coin's metal or transfer plasticizer to notes and may cause damage. Caution should be used to avoid storage in materials that are not inert.

COINS and CURRENCY TERM M: NOTE: Purchasers of rare coins or currency through Heritage have available the option of arbitration by the Professional Numismatists Guild (PNG); if an election is not made within ten (10) days of an unresolved dispute, Auctioneer may elect either PNG or A.A.A. Arbitration.

COINS and CURRENCY TERM N: For more information regarding Canadian lots attributed to the Charlton reference guides, please contact: Charlton International, PO Box 820, Station Willowdale B, North York, Ontario M2K 2R1 Canada.

COINS and CURRENCY TERM O: Financing. Auctioneer offers various extended payment options to qualified pre-approved persons and companies. The options include Extended Payment Programs (EPP) Flexible Payment Program (FPP) and Dealer Terms. Each program has its specific terms and conditions and such terms and conditions are strictly enforced. Each program has to be executed by the purchaser. Auctioneer reserves the right to alter or deny credit and in such case these auction terms shall control.
