The traditional attribution of this well-known type holds that it depicts Diodotus I, the first king of independent Bactria, but gives the name of the concurrent Seleucid King, Antiochus II Theos. Under this interpretation, the coin represents the Bactrian Kingdom's transition from being the largest and furthest-flung province of the Seleucid Kingdom to full independence under Diodotus, who later (after about 235 BC) struck coins naming himself as king, or Basileus. A more recent theory put forth by historian Jens Jakobsson in Numismatic Chronicle (2010) posits that "Antiochus Nicator" was an entirely different ruler of Bactria, probably a son of Diodotus I, who ruled concurrently with his father and brother Diodotus II, perhaps ca. 235-220 BC. However, Brian Kritz examines this theory in his publication, "New Discoveries In Bactrian Numismatics" (CNG 8, 2015), and finds that many of the die links used to support the "Antiochus Nicator" theory are either false or incorrectly sequenced. Kritz concludes that the earlier attribution to Diodotus I is most likely correct.

In her despair, Demeter searched for her daughter with Hecate's torches in each hand, ignoring the earth, which caused nothing to grow. The hungry people cried out to the gods for help and Zeus convinced Hades to return Persephone, but tricked her into eating some pomegranate seeds first, thus binding her to return to the Underworld for part of the year (the winter months).

C. Numonius Vaala's reverse type evidently refers to an ancient act of valor — scaling the walls of an enemy city— achieved by a distant ancestor. The first soldier to breach the walls was awarded the corona vallaris, or "wall crown." The cognomen Vaala became an hereditary title among the Numonii, to be displayed proudly by the first member of the family to achieve the office of moneyer. Some have noted the strong resemblance of the head on the obverse to numismatic portraits of the recently deceased Julius Caesar.

RIC VII 47 var. (unlisted officina for issue).

Licinius I elevated Martinian after his loss to Constantine I at Adrianople on 3 July AD 324, to assist in the ongoing civil war and prevent Constantine from invading Asia. With no time to respond, Crispus, son of Constantine, wiped out Licinius' fleet in the Hellespont and Constantine was able to storm across the continent and crush Licinius at Chrysopolis on 18 September AD 324. Licinius and Martinian were spared, through the intervention of Constantia, Licinius' wife and Constantine's sister, but both were executed soon after on charges of conspiring to raise Gothic troops. All of Martinian's coins are rare and typically have surface issues. This example is the first of his coinage we have had the pleasure of offering.

- 33302 Autonomous 3-Piece Uncertified “Plain Edge” Mint Set 1991 Prooflike,**
 1) 10 Daler, KM-X1.1
 2) 50 Daler, KM-X2.1
 3) 100 Daler, KM-X3.1

KM-X Unl. (as a set). Plain edge. An extremely rare mint set that simply should not exist. In 1991, the semi-autonomous government of Aland commissioned a private company to produce collector sets of a proposed coinage for the islands in two varieties—an edge lettered set struck on the first day of issue for registered Aland citizens, and a plain edge set that represented the actual coins meant for circulation. While the former has a reported mintage of 5,000 sets, the plain edge sets were produced in unknown numbers, and were never officially released due to obstructions by the Finnish government. Preserved here in the original mint folder, the set on offer appears virtually untouched and each of the coins immaculately Prooflike, if not outright Proof specimens. Perhaps the only such set remaining in existence. (Total: 3 coins)

33382 Jose I gold 6400 Reis 1753-B MS61 NGC, Bahia mint, KM172.1. Satiny surfaces with touches of honey-gold toning throughout and good eye appeal.

33389 João Prince Regent gold "Special Series" 6400 Reis 1816-R XF (Altered Surfaces), Rio de Janeiro mint, KM236.2, LMB-579, Bentes-310.01 (R3). 32mm. 14.20gm. Variety with REG instead of REGENS in legend. An extraordinarily rare one-year type recognized to be from a special commemorative series that simply never becomes available in any condition. We have handled only a single other example, an MS62—still the only certified piece—as part of the RLM collection, which brought nearly \$30,000 in our 2013 September Long Beach Sale #3026. Despite the harsh treatment of the present offering, which seems in-line with the alteration of coins used in jewelry, something that would not be unusual for such a special type, it likely represents a singular opportunity to obtain this otherwise prohibitively rare issue.
Starting Bid: \$500

33390 João VI silver Proclamation Medal 1820-Dated MS64 NGC, VC-19. 50mm. By Zepherin Ferrez. A quite rare silver striking of this already difficult proclamation medal, struck in 1820 although dated on the reverse to the year of João's elevation. This is only the second example we have handled, the last in 2012 being tooled with edge damage, while the present piece appears highly original and haloed in cobalt coloration.

CUBA

33562 Don Luis de Velasco & Vincenzo Gonzales bronze "Capture of Morro Castle" Medal 1763-Dated MS63 Brown NGC, Medina-Unl., Eimer-704, Betts-443. 49mm. By T.F. Prieto. Engraved by Spanish engraver Tomas Prieto to commemorate the 1762 battle during which the Spanish fort in Havana Cuba, the Morro Castle, was captured by a British fleet of 200 vessels and approximately 14,000 men. An interesting relic from the French and Indian War (known as the Seven Years' War in broader terms), and particularly noteworthy as it comes from the loser's perspective. This example, among the finest known in bronze, should appeal contextually to collectors of Spain, Cuba, Britain, and America. The Medina reference on the holder appears to be in error, as this medal is unlisted in Medina.

33698 Russian Duchy. Nicholas II 25 Pennia 1876-S VF25 NGC, Helsinki mint, KM6.2, Sieg-32. Mintage: 1,200. The undisputed key date of the series and one of the great rarities of Finnish numismatics, struck to an incredibly small figure when the surrounding years typically saw between 200,000 and 800,000 pieces minted. Most examples survive in extremely poor condition, usually not exceeding VG Details, making this is conditional rarity as well.

33702 Carolingian. Louis the Pious (814-840) "Portrait" Denier ND (814-818) XF Details (Damage) PCGS, Melle mint, Class 1, Rob-1067, MEC I-758, MG-396, Dep-607, Coupland-Plate I, 3. 19mm. 1.56gm. HLVDVVICVS IHP AVC, laureate, draped bust of Louis right / +METALLVM, pair of coin dies between two hammers. An extremely rare emission of Louis' first coinage as sole ruler over the Carolingian Empire, and a type which perfectly evokes the imperial aspirations of the early Carolingian period. Carrying over the late portrait types from the final years of his father's reign, the portrait issues of Louis the Pious serve as a clear testament to the perceived effectiveness of this design type while simultaneously circulating much more widely than did Charlemagne's portrait coinage. Notably well-engraved and executed, some flaws in the planchet on the reverse surely as-made, the piece at hand displays a strikingly precise and more "humanistic" portrayal of the emperor, in stark contrast to the usual caricaturized style. Toned to a soft dove-gray with mild die polish lines still visible behind the bust.

33703 County of Poitou. Anonymous Immobilized Denier or Obol ND (11th-12th Century) MS65 PCGS, Melle mint, Rob-3862, Dep-630 or 631var., cf. Bailleul, "La Monnaie des Comtes de Poitou au Type MET/ALO", no. 0201F. 17mm. +LARLVS REX R, cross pattée with pronounced serifs within inner circle / MET | ALO in two lines, pellet in between. A very commonly misattributed type often ascribed to Charles the Simple (hence the erroneous reference number on the holder), though actually struck well after his death at Melle by the Counts of Poitou. That being said, the type is simply never encountered so nice as the present piece—virtually as-struck with thick rows of die polish lines, sharp edges to the somewhat illiterate engraving, and stained-glass tone all about the design, all suggesting that it was lost soon after it left the mint. Though called a denier on the holder, Bailleul states that this type with a diameter of 17mm and weight of c. 0.55gm is, in fact, a 1/2 denier or obol.

SCHAUMBURG-LIPPE

33920 Schaumburg-Lippe. Georg Wilhelm 1/2 Taler 1821 MS65 NGC, KM34. A brilliant silvery pattern of tone produces a pleasant reversion between darker devices and brighter fields that seems highly evocative of German coins of this period. Dual cartwheels whirl furiously across the fields with only a brief scattering of haymarks standing in their path, which, for their part, hardly disrupt the flow of the luster. The devices moreover appear highly frosty as the coin is turned in hand, bringing the visual allure full circle.

WISMAR

33929 Wismar. Swedish Administration - Karl XII gun-metal Siege Plate Money 8 Schilling 1715 AU (Reverse Scratches), KM119 (under Germany), AAJ-77 (R; same “cast”). 64x60mm. 311.03gm. An extremely rare siege piece stemming from the later years of the Great Northern War, and distinctive among the plate money issues produced by the Swedish both in terms of its metallic content—produced from melted down cannons—and its crude manufacture. Wismar had been acquired by the Swedish through the Peace of Westphalia in 1648, and found itself besieged by a coalition of Danish, Norwegian, Russian, Saxon, Prussian, and Hannoverian troops beginning in 1712. Although it would withstand the siege until 1716, by autumn 1715 a coinage shortage was causing significant difficulties for the payment of garrison troops. Issues such as the present were consequently produced from melted cannon, which was then cast into sheets and sawed into blanks before being stamped with individual punches. While one “die” did not produce each “coin”, we note that the piece on offer here carries the “casting” breaks as the example plated by Ahlström in his *Sveriges besittningsmynt*. We also note that the present specimen has been reviewed by several major experts in Europe, who believe all details to be correct, and only the weight to be slightly light for the issue.

Following the surrender of the Swedish garrison in April 1716, most examples of these plates were collected and destroyed. An estimated 60 pieces of all denominations are believed to exist, with perhaps fewer than 10 of this denomination known, most in museums. For comparison, we note that the most recent example to come to auction brought \$15,000 in Stack’s January 2017 NYINC Auction.

ÆÐ'ELSTAN RE To BRLE (S written as retrograde Z), small cross pattee / +ABBA MoIN LEGECE, small cross pattee. A wonderful rendition of this incredibly historic issue of the first King of All England. Imbued with a deep gunmetal cabinet tone, the whole of the strike, while admitting evidence of a rusty reverse die, appears laudably clear and the flan wholly without waviness. Some prominent scratches are noted for accuracy. Mislabeled on the holder as a Penny of Eadmund.

Note: It is in our opinion that this coin has been slabbed with an incorrect insert. It may be sent in to ANACS for reholding at the request of the buyer, free of charge. Please email SamS@HA.com if you would like to utilize this option.

A very rare presentation medal of which only 133 were reportedly produced, all of these presented to member of the Royal household and their personal guests. A mount removal at 12 o'clock is also noted for precision, though, judging from a similar example sold by Spink in July of last year (Auction 18005, Lot 622), this type originally came with a suspension ring.

34352 Papal States. Innocent XI Testone Anno XIII (1689) MS64 NGC, Rome mint, KM-A495. A bright specimen with a light apricot tone under fully lustrous surfaces. Starting Bid: \$250

34353 Papal States. Alexander VIII Testone Anno I (1690) MS64 NGC, Rome mint, KM524, B-2176. Of very rarely seen quality for the type, the surfaces unique in their presentation by virtue of a midnight-hued metallic tone that clings to the obverse and reverse. Starting Bid: \$600

34354 Papal States. Innocent XII Testone Anno I (1691) MS64 NGC, Rome mint, KM541, B-2253. As 'blast-white' as is likely conceivable for an issue of the late 17th-century, and one which appears very near to how it must have when it first came out of the mint. Starting Bid: \$250

34355 Papal States. Clement XI Testone Anno VIII (1708) MS64 NGC, Rome mint, KM708. A full 3 grade points above the next finest example at NGC and seemingly quite close to gem, the present offering is deserving of a place of prominence in its next owner's cabinet. Starting Bid: \$250

34356 Papal States. Clement XII gold Zecchino ND (1738-1739) MS64 NGC, Rome mint, KM888. Struck from mildly rusty dies, though this is no way diminishes any facet of the strike, even detail rendered in pinpoint precision and complemented by bold luster. Starting Bid: \$400

34357 Papal States. Benedict XIV 1/2 Scudo Anno XIV (1753) MS64 NGC, Rome mint, KM1179. Of rarely encountered preservation for this fleeting issue, boasting lustrous argent surfaces color contrasting admirably against accents of charcoal in the legends. Starting Bid: \$600

34358 Papal States. Benedict XIV Scudo Anno XIV (1753) MS63 NGC, Rome mint, KM1180, Dav-1459. Of decidedly scarce quality for the type, ranking as the finest yet certified by NGC and displaying sharp eye appeal to match. Starting Bid: \$400

34359 Papal States. Benedict XIV gold Zecchino 1746 MS64 NGC, Rome mint, KM943. Perhaps slightly conservatively graded, the strike ideal both in terms of centering and fullness, leaving the fields glassy and studded with die polish. Starting Bid: \$400

34360 Papal States. Clement XIII gold Zecchino Anno VIII (1766) MS64+ NGC, Rome mint, KM984. One of just a small handful of certified examples, and likely among the finest of those extant, with even gold patina and virtually prooflike obverse surfaces. Starting Bid: \$400

34361 Papal States. Clement XIV gold Zecchino Anno I (1769) MS65 NGC, Rome mint, KM1012, Fr-240. Beautifully preserved, displaying rich luster over a bright golden planchet nearly absent any handling or contact. Starting Bid: \$400

34362 Papal States. Clement XIV gold Zecchino Anno II (1770) MS64 NGC, Rome mint, KM1012, Fr-240. Fully expressed and brilliantly satiny, the brightness of the surfaces undiluted by the nearly 250 years separating the coin's emission from the mint from the present day. Starting Bid: \$400

34363 Papal States. Pius VI 2 Carlini Anno XXII (1796) MS64 NGC, Rome mint, KM1215. A normally quite crude type that is extremely usual to find so boldly struck and near gem, and certainly worthy of special bidder consideration as such. Starting Bid: \$200

34364 Papal States. Pius VI 5 Baiocchi Anno XXIII (1797) MS64 Brown NGC, Perugia mint, KM8, B-3130. Exhibiting glossy and clay red surfaces with hints of fiery luster in the legends. An exceptional high-quality survivor of the issue. Starting Bid: \$200

34368 Papal States. Pius IX 5 Lire Anno XXIV (1870)-R MS64 PCGS, Rome mint, KM1385. A very high level of preservation for an often well-circulated type, only a single piece certified a grade point higher at PCGS. Starting Bid: \$200

34365 Pius VII bronzed copper Specimen "Restoration of St. Peter's Church" Medal 1807 SP64 PCGS, Bertuzzi-84. 66mm. By Mercandetti. An impressive large-size commemorative medal with even mahogany hues. Starting Bid: \$500

34366 Papal States. Sede Vacante 2 Giulio (Doppio) 1823-B MS65 NGC, Rome mint, KM1823. Of clear conditional rarity for the type, and attractive for the issue, the surfaces dressed in steel-blue tone with soft tangerine accents on the obverse. Starting Bid: \$400

34367 Papal States. Pius VIII 30 Baiocchi Anno II (1830)-R MS64 NGC, Rome mint, KM1100. Semi-medallic in execution with an even dove-gray patina and hardly any distracting marks. Starting Bid: \$250

PARMA

34370 Parma. Ferdinando di Borbone 6 Lire 1796 UNC Details (Reverse Spot Removed) NGC, KM-C9. By all measures a fully appealing representative of the type, supremely glassy in the fields with strong die polish lines. Quite difficult to locate as such, making the noted spot removal around the S in SEI rather inconsequential. Starting Bid: \$250

PIEDMONT

34371 Piedmont. Subalpine Republic gold 20 Francs L'An 9 (1800/1801) MS62 NGC, Turin mint, KM-C5. Struck as a one-year type following Napoleon's victory in the Battle of Marengo. A scarce early 19th century issue, particularly so in Mint State. Starting Bid: \$1,000

Starting Bid: \$500
- 34386 Tuscany. Ferdinand III, Restored Lira 1822 MS66 NGC**, Florence mint, KM-C57. A small, but impactful gem which seems at first glance more like a sculpted medalet than a coin, the surfaces just slightly prooflike and not the smallest detail under-represented.
Starting Bid: \$300
- 34387 Tuscany. Leopold II Paolo 1832 MS66 NGC**, Florence mint, KM-C70. Unbelievably well-preserved for its nearly 200-year-old age, suggesting careful storage almost immediately after it left the mint. Further tinged with the subtlest champagne hues and remarkably glassy throughout.

- 34452 Charles & Johanna "Late Series" 4 Reales ND (1542-1557)**
O-M AU Details (Saltwater Damage) NGC, Mexico City mint, KM0018, Cal-Unl., Nesmith-98. 32mm. Mostly gray in color with light peripheral loss due to corrosion, but central detail that remains sharp and attractive on both sides. Extremely rare, this O-M combination was presumed extant by Nesmith, but he had recorded no examples during his research. During the preparation of the Kent Ponterio Collection in 2009, it was mentioned that this was the only example he had seen. Since then, no other examples appear to have been sold at auction. An important opportunity for the specialist thus.

Reserve: \$1,200

- 34461 Philip V gold 2 Escudos 1741 Mo-MF XF45 NGC**, Mexico City mint, KM124. A piece that even for its typically flat strike maintains strong visual allure, largely due to darkened charcoal tones around the legends and devices.

Starting Bid: \$300

34489 Republic 8 Reales 1837 Ca-AM VF30 PCGS, Chihuahua mint, KM377.2, DP-Ca08. As noted the last time we sold an example of this date and mint, Resplandores considers this as a type that "generally, comes simply awful...this date is probably the worst of the entire series." Though the imperfect strike is very much displayed in this case, the example remains good for the date/mint, with a rich and original cabinet patina adding a great sense of age and authenticity.

Terms and Conditions of Auction

Auctioneer and Auction:

- This Auction is presented by Heritage Auctions, a d/b/a/ of Heritage Auctioneers & Galleries, Inc., Heritage Auctions, Inc., Heritage Collectibles, Inc., Heritage Luxury Property Auctions, Inc., Heritage Numismatic Auctions, Inc., Heritage Vintage Sports Auctions, Inc., Currency Auctions of America, Inc., Heritage Auctions (HK) Limited, or Heritage Auctions – Europe Cooperatief U.A. as identified with the applicable licensing information on the title page of the catalog or on the HA.com Internet site (the “Auctioneer”). The Auction is conducted under these Terms and Conditions of Auction and applicable state and local law. Announcements and corrections from the podium and those made through the Terms and Conditions of Auctions appearing on the Internet at HA.com supersede those in the printed catalog.

Buyer’s Premium:

- All bids are subject to a Buyer’s Premium which is in addition to the placed successful bid:
 - For Domain Names & Intellectual Property Auction lots the Buyer’s Premium is fifteen percent (15%) subject to a minimum of \$19 per lot;
 - For US Animation Art, Comic, Currency, Movie Posters, Sports Collectibles, US Coin, and World & Ancient Coin Auction lots the Buyer’s Premium is twenty percent (20%) subject to a minimum of \$19 per lot, except for Sports Collectibles lots which are subject to a minimum of \$14 per lot;
 - For Wine Auction lots the Buyer’s Premium is twenty-three percent (23%) subject to a minimum of \$19 per lot;
 - For European Comic Art Auction lots, the Buyer’s Premium is twenty-five percent (25%) subject to a minimum of \$19 per lot;
 - For lots in all other categories not listed above, the Buyer’s Premium per lot is twenty-five percent (25%) on the first \$300,000 subject to a minimum of \$49 per lot, plus twenty percent (20%) of any amount between \$300,000 and \$3,000,000, plus twelve point five percent (12.5%) of any amount over \$3,000,000.

Auction Venues:

- Heritage Weekly Internet Auctions (Coin, Currency, Comics, Jewelry, and Vintage Movie Posters); Heritage Monthly Internet Auctions (Sports, World Coins and Rare Wine) are conducted solely on the Internet. Signature Auctions accept bids from the Internet, telephone, fax, or mail first, followed by a floor bidding session; HeritageLive! and real-time telephone bidding are available to registered clients during these auctions.

Bidders:

- Any person participating or registering for the Auction agrees to be bound by and accepts these Terms and Conditions of Auction (“Bidder(s)”).
- All Bidders must meet Auctioneer’s qualifications to bid. Any Bidder who is not a client in good standing of the Auctioneer may be disqualified at Auctioneer’s sole option and will not be awarded lots. Such determination may be made by Auctioneer in its sole and unlimited discretion, at any time prior to, during, or even after the close of the Auction. Auctioneer reserves the right to exclude any person from the auction.
- If an entity places a bid, then the person executing the bid on behalf of the entity agrees to personally guarantee payment for any successful bid.

Credit:

- In order to place bids, Bidders who have not established credit with the Auctioneer must either furnish satisfactory credit information (including two collectibles-related business references) or supply valid credit card information along with a social security number, well in advance of the Auction. Internet bids will only be accepted from pre-registered Bidders. Bidders who are not members of HA.com or affiliates should preregister at least 48 hours before the start of the first session (exclusive of holidays or weekends) to allow adequate time to contact references. Credit will be granted at the discretion of Auctioneer. Auctioneer may, in its sole discretion, require a deposit in good funds of twenty-five percent (25%) of the amount of each bid prior to acceptance of the bid. Additionally Bidders who have not previously established credit or who wish to bid in excess of their established credit history may be required to provide their social security so a credit check may be performed prior to Auctioneer’s acceptance of a bid. Settlement via check and immediate delivery of merchandise may also be determined by pre-approval of credit based on a combination of: HA.com history, related industry references, bank verification, a credit bureau report and/or a personal guarantee for a corporate or partnership entity in advance of the auction.

Bidding Options:

- Bids in Signature Auctions may be placed as set forth in the printed catalog section entitled “Choose your bidding method.” For auctions held solely on the Internet, see the alternatives on HA.com. Review at <http://www.ha.com/c/ref/web-tips.zx#biddingTutorial>.
- Presentment of Bids: Non-Internet bids (including but not limited to podium, fax, phone and mail bids) and floor bids must be on-increment or at a half-increment (“Cut Bid”). Any podium, fax, phone, or mail bids that do not conform to a full or half increment will be rounded up or down to the nearest full or half increment and this revised amount will be considered your high bid.
- Auctioneer’s Execution of Certain Bids. Auctioneer cannot be responsible for your errors in bidding or entry of bids. When identical mail or fax bids are submitted, preference is given to the first received. To ensure the greatest accuracy, written bids should be entered on the standard printed bid sheet and received by Auctioneer at least two business days prior to Auction start. Auctioneer is not responsible for executing mail bids or fax bids received on or after the day the first lot is sold, nor Internet bids submitted after the published closing time; nor is Auctioneer responsible for proper execution of bids submitted by telephone, mail, fax, email, Internet, or in person once Auction begins. Bids placed electronically via the internet may not be withdrawn until your written request is received and acknowledged by Auctioneer (FAX: 214-409-1425); such requests must state the reason, and may constitute grounds for withdrawal of bidding privileges. Lots won by mail Bidders will not be delivered at the Auction unless prearranged.
- Bid Increments. Bid increments (over the current bid level) determine the lowest amount you may bid on a particular lot. Bids greater than one increment over the current bid can be any whole dollar amount. It is possible under several circumstances for winning bids to be between increments, sometimes only \$1 above the previous increment. Please see: “How can I lose by less than an increment?” on our website. Bids will be accepted in whole dollar amounts only. No “buy” or “unlimited” bids will be accepted. Current bidding increments during any live auction session or components thereof (e.g. mail/fax bids and LiveProxy bidding) (see HA.com/c/ref/web-tips.zx#auctionline-increments) are:

Current Bid	Bid Increment	Current Bid	Bid Increment
< \$10	\$1	\$10,000 - \$19,999	\$1,000
\$10 - \$49	\$2	\$20,000 - \$49,999	\$2,000
\$50 - \$99	\$5	\$50,000 - \$99,999	\$5,000
\$100 - \$199	\$10	\$100,000 - \$199,999	\$10,000
\$200 - \$499	\$20	\$200,000 - \$499,999	\$20,000
\$500 - \$999	\$50	\$500,000 - \$999,999	\$25,000
\$1,000 - \$1,999	\$100	\$1,000,000 - \$1,999,999	\$50,000
\$2,000 - \$4,999	\$200	\$2,000,000 - \$9,999,999	\$100,000
\$5,000 - \$9,999	\$500	>= \$10,000,000	\$200,000

Note: Half-increment bidding is available prior to the live auction session.

- If Auctioneer calls for a full increment, Bidder may request Auctioneer to accept a Cut Bid only once per lot. After offering a Cut Bid, Bidder may continue to bid on lot only at full increments. Off-increment bids may be accepted by the Auctioneer at Signature Auctions. Bids solicited by Auctioneer at other than the expected increment will not be considered Cut Bids.

Conducting the Auction:

- Notice of the consignors’ liberty to place bids on his lots in the Auction is hereby made in accordance with Article 2 of the Texas Business and Commercial Code. A “Minimum Bid” is an amount below which the lot will not sell. THE CONSIGNOR OF PROPERTY MAY PLACE WRITTEN “Minimum Bids” ON HIS LOTS IN ADVANCE OF THE AUCTION; ON SUCH LOTS, IF THE HAMMER PRICE DOES NOT MEET THE

“Minimum Bid”, THE CONSIGNOR MAY PAY A REDUCED COMMISSION ON THOSE LOTS. “Minimum Bids” are generally posted online several days prior to the Auction closing. Any successful bid placed by a consignor on his property on the Auction floor, by any means during the live session, or after the “Minimum Bid” for an Auction have been posted, will require the consignor to pay full Buyer’s Premium and Seller’s Commissions on such lot.

- The highest qualified Bidder recognized by the Auctioneer shall be the Buyer. In the event of a tie bid, the earliest bid received or recognized wins. In the event of any dispute between any Bidders at an Auction, Auctioneer may at his sole discretion reoffer the lot. Auctioneer’s decision and declaration of the winning Bidder shall be final and binding upon all Bidders. Bids properly offered, whether by floor Bidder or other means of bidding, may on occasion be missed or go unrecognized; in such cases, the Auctioneer may declare the recognized bid accepted as the winning bid, regardless of whether a competing bid may have been higher. Auctioneer reserves the right after the hammer fall to accept bids and reopen bidding for bids placed through the Internet or otherwise. Regardless of placed bids, Auctioneer reserves the right to withdraw any lot, or any part of a lot, from Auction at any time prior to the opening of any such lot by the auctioneer (crier), or in the case of Internet-only auctions when the bid opens for either live Internet bidding or the beginning of any extended period.
- Auctioneer reserves the right to refuse to honor any bid or to limit the amount of any bid, in its sole discretion. A bid is considered not made in “Good Faith” when made by an insolvent or irresponsible person, a person under the age of eighteen, or is not supported by satisfactory credit, references, or otherwise. Regardless of the disclosure of his identity, any bid by a consignor or his agent on a lot consigned by him is deemed to be made in “Good Faith.” Any person apparently appearing on the OFAC list is not eligible to bid.
- Nominal Bids. The Auctioneer in its sole discretion may reject nominal bids, small opening bids, or very nominal advances.
- Lots bearing bidding estimates shall open at Auctioneer’s discretion (generally 40%-60% of the low estimate). In the event that no bid meets or exceeds that opening amount, the lot shall pass as unsold or the Auctioneer may place a protective bid on behalf of the consignor.
- All items are to be purchased per lot as numerically indicated and no lots will be broken.
- Auctioneer reserves the right to rescind the sale in the event of nonpayment, breach of a warranty, disputed ownership, auctioneer’s clerical error or omission in exercising bids and reserves, or for any other reason and in Auctioneer’s sole discretion.
- Auctioneer occasionally experiences Internet and/or Server service outages, and Auctioneer periodically schedules system downtime for maintenance and other purposes, during which Bidders cannot participate or place bids. If such outages occur, bidding may be extended at Auctioneer’s discretion. Bidders unable to place their bids through the Internet are directed to contact Client Services at 877-HERITAGE (437-4824).
- The Auctioneer, its affiliates, or their employees consign items to be sold in the Auction, and may bid on those lots or any other lots. Auctioneer or its affiliates expressly reserve the right to modify any such bids at any time prior to the hammer based upon data made known to the Auctioneer or its affiliates. The Auctioneer may extend advances, guarantees, or loans to certain consignors.
- The Auctioneer has the right to sell certain unsold items after the close of the Auction. Such lots shall be considered sold during the Auction and all these Terms and Conditions shall apply to such sales including but not limited to the Buyer’s Premium, return rights, and disclaimers.

Payment:

- All sales are strictly for cash in United States dollars (including U.S. currency, bank wire, cashier checks, travelers checks, eChecks, and bank money orders, and are subject to all reporting requirements). All deliveries are subject to good funds; funds being received in Auctioneer’s account before delivery of the merchandise; and all payments are subject to a clearing period. Auctioneer reserves the right to determine if a check constitutes “good funds”: checks drawn on a U.S. bank are subject to a ten business day hold, thirty days when drawn on an international bank. Clients with pre-arranged credit may receive immediate credit for payments via eCheck, personal, or corporate checks. All others will be subject to a hold of 5 business days, or more, for the funds to clear prior to releasing merchandise. (Ref. T&C Item 7 Credit for additional information.) Payments can be made 24-48 hours post auction from the My Orders page of the HA.com website. Payment via credit card (Visa, Mastercard, Discover, and American Express) will be accepted upon prior approval by Auctioneer. All payments by credit card will incur a surcharge of 2.5%. Payment by eCheck, wire transfer, or check will not incur a surcharge. This fee only applies to credit transactions, and does not exceed Auctioneer’s cost of processing.
- Payment is due upon closing of the Auction session, or upon presentation of an invoice. Auctioneer reserves the right to void an invoice if payment in full is not received within 7 days after Auction close. In cases of nonpayment, Auctioneer’s election to void a sale does not relieve the Bidder from their obligation to pay Auctioneer its fees (seller’s and buyer’s premium) on the lot and any other damages pertaining to the lot or Auctioneer. Alternatively, Auctioneer at its sole option, may charge a twenty (20%) fee based on the amount of the purchase. In either case the Auctioneer may offset amount of its claim against any monies owing to the Bidder or secure its claim against any of the Bidder’s properties held by the Auctioneer.
- Purchased lots may be subject to taxes or fees imposed by various foreign taxing agencies. Buyer is responsible for paying all foreign imposed taxes whether VAT, GST, etc. prior to delivery unless other arrangements are made in writing. Lots delivered to Buyer, or Buyer’s representative are subject to all applicable state and local taxes, unless appropriate permits are on file with Auctioneer. Should state sales tax become applicable in the state for delivery prior to the delivery of the property on the invoice, Buyer agrees to pay all applicable state sales tax as required by the delivery state as of the shipping date. Buyer agrees to pay Auctioneer the actual amount of tax due in the event that sales tax is not properly collected due to: 1) an expired, inaccurate, or inappropriate tax certificate or declaration, 2) an incorrect interpretation of the applicable statute, 3) or any other reason. The appropriate form or certificate must be on file at and verified by Auctioneer five days prior to Auction, or tax must be paid; only if such form or certificate is received by Auctioneer within 4 days after Auction can a refund of tax paid be made. Lots from different Auctions may not be aggregated for sales tax purposes.
- In the event that Buyer’s payment is dishonored upon presentment(s), Buyer shall pay the maximum statutory processing fee set by applicable state law. If Buyer attempts to pay via eCheck and Buyer’s financial institution denies this bank account, or the payment cannot be completed using the selected funding source, Buyer agrees to complete payment using your credit card on file (subject to the surcharge detailed in paragraph 23).
- If any Auction invoice submitted by Auctioneer is not paid in full when due, the unpaid balance will bear interest at the highest rate permitted by law from the date of invoice until paid. Any invoice not paid when due will bear a three percent (3%) late fee on the invoice amount. If the Auctioneer refers any invoice to an attorney for collection, Buyer agrees to pay attorney’s fees, court costs, and other collection costs incurred by Auctioneer. If Auctioneer assigns collection to its in-house legal staff, such attorney’s time expended on the matter shall be compensated at a rate comparable to the hourly rate of independent attorneys.
- In the event Buyer fails to pay any amounts due, Auctioneer reserves the right to sell the lot(s) securing the invoice to any underbidders in the Auction that the lot(s) appeared, or at subsequent private or public sale, or relist the lot(s) in a future auction conducted by Auctioneer. A defaulting Buyer agrees to pay for the reasonable costs of resale (including a 15% seller’s commission, if assigned to an auction conducted by Auctioneer). The defaulting Buyer is liable to pay any difference between his total original invoice for the lot(s), plus any applicable interest, and the net proceeds for the lot(s) if sold at private sale or the subsequent hammer price of the lot(s) less the 15% seller’s commissions, if sold at an Auctioneer’s auction.
- Title shall not pass to Buyer until all invoices are paid in full. Auctioneer shall have a lien against the merchandise purchased by Buyer to secure payment of any and all outstanding Auction invoices. Auctioneer is further granted a lien and the right to retain possession of any other property of Buyer then held by Auctioneer or its affiliates to secure payment of any Auction invoice or any other amounts due Auctioneer or affiliates from Buyer. With respect to these lien rights, Auctioneer shall have all the rights of a secured creditor under Article 9 of the Texas Uniform Commercial Code, including but not limited to the right of sale

(including a 15% seller's commission, if consigned to an auction conducted by Auctioneer). Any Heritage foreclosure auction venue, whether or not the same venue as when the debt was incurred (e.g. Signature, Internet, or weekly), is deemed a reasonably commercial sale. In addition, with respect to payment of the Auction invoice(s), Buyer waives any and all rights of offset he might otherwise have against Auctioneer and the consignors of the merchandise included on the invoice. If Buyer owes Auctioneer or its affiliates on any account, Auctioneer and its affiliates shall have the right to offset such unpaid account by any credit balance due Buyer, and it may secure by possessory lien any unpaid amount by any of the Buyer's property in their possession.

Delivery; Shipping; and Handling Charges:

30. Buyer is liable for all shipping, handling, registration, and renewal fees, if any. Please refer to Auctioneer's website HA.com/c/shipping.zx for the latest charges or call Auctioneer. Auctioneer is unable to combine purchases from other auctions or affiliates into one package for shipping purposes. Merchandise will be shipped in a commercially reasonable time after payment in good funds for the merchandise and the shipping fees is received or credit extended, except when third-party shipment occurs. Buyer on lots designated for third-party shipment must designate the common carrier, accept risk of loss, and prepay shipping costs. Buyer agrees that Service and Handling charges related to shipping items which are not pre-paid may be charged to the credit card on file with Auctioneer (subject to the surcharge detailed in paragraph 23).
 31. Successful international Bidders shall provide written shipping instructions, including specified customs declarations, to Auctioneer for any lots to be delivered outside of the United States. NOTE: Declaration value shall be the item(s) hammer price together with its buyer's premium and Auctioneer shall use the correct harmonized code for the lot.
 32. On all shipments in which Auctioneer charges the Delivery, Handling, and Transit Fee *infra*, any risk of loss during shipment will be borne by Auctioneer until the common carrier's confirmation of delivery to the address of record in Auctioneer's file, this is the "Secure Location". A common carrier's confirmation is conclusive to prove delivery to Buyer; if the client has a Signature release on file with the carrier, the package is considered delivered without Signature. Auctioneer shall arrange, select, and engage common carriers and other transportation vendors on your behalf. Transit services are subject to the following terms and conditions:
 - a. **Scope of Transit Services:** Merchandise for transit will be insured under one or more insurance policies issued by an authorized broker to Auctioneer. The merchandise will be insured for the invoice price of the properties (hammer price plus Buyer's Premium) ("Insured Value"). For each shipment, Buyer will provide a Secure Location to which the items will be delivered. NOTICE: Auctioneer is neither an insurance company nor a common carrier of any type.
 - b. **Auctioneer's Compensation for Transit Services:** Auctioneer will provide transit services to Buyer for ¼ of 1% of the Insured Value, plus packaging and handling fees and fees for the common carrier (collectively, "Delivery, Handling, and Transit Fee"). Buyer agrees to pay Delivery, Handling, and Transit Fee and comply with all terms of payment as set forth herein.
 - c. **Auctioneer's Limitation of Liability for Transit Services:** Buyer understands and agrees that Auctioneer's liability for loss of or damage to the items, if any, ends when the items have been delivered to the Secure Location, and Auctioneer has received evidence of delivery. Any claim that property has sustained loss or damage during transit must be reported to Auctioneer within seventy-two (72) hours of the delivery date. Any recovery for loss of or damage to any merchandise is limited to the lesser of actual cash value of the merchandise or the Insured Value. **Under no circumstances is Auctioneer liable for consequential or punitive damages.**
 33. It shall be the responsibility for Buyer to arrange pick-up or shipping in a timely manner (within 10 days). Merchandise will be subject to storage and moving charges, including a \$100 administration fee plus \$10 daily storage for larger items and \$5 daily for smaller items (storage fee per item) after 35 days. In the event the merchandise is not removed within ninety days, the merchandise may be offered for sale to recover any past due storage or moving fees, including a 20% Seller's Commission.
 34. A. NOTICE OF CITES COMPLIANCE: The purchase of items made from protected species: Any property made of or incorporating endangered or protected species or wildlife may have import and/or export restrictions established by the Convention of International Trade in Endangered Species of Wild Fauna and Flora (CITES) in various countries and domestically. Plant and animal properties include (but are not limited to) items made of (or including) Brazilian rosewood, ivory, whalebone, turtle shell, coral, crocodile, alligator, lizard, or other wildlife. These items may not be available to ship internationally or, in some cases, domestically. Domestic bans and restrictions exist in these states: 1) California state law prohibits the importation of any product containing Python skin into the State of California, thus no lot containing Python skin will be shipped to or invoiced to a person or company in California. 2) Fossil Ivory is currently banned or restricted in 5 U.S. states: New York, New Jersey, California, Hawaii, and New Mexico. By placing a bid, the bidder acknowledges that he or she is aware of any restriction in their country or place of residence and takes responsibility for: 1) obtaining all information on such restricted items for both export and import; 2) obtaining all such licenses and/or permits. Delay, failure, or incapacity to obtain any such license or permit does not relieve the buyer of timely payment or afford them the capacity to void their purchase or payment. Lots containing potentially regulated wildlife material are noted in the description as a convenience to our clients. Heritage Auctions does not accept liability for errors or failure to mark lots containing protected or regulated species. For further assistance, please contact client services at 1-800-872-6467.
 34. B. California State law prohibits the importation of any product containing Python skin into the State of California. No merchandise containing Python skin will be shipped to or invoiced to a person or company in California.
 34. C. Auctioneer shall not be liable for any loss caused by or resulting from:
 - a. Seizure or destruction under quarantine or Customs regulation, or confiscation by order of any Government or public authority, or risks of contraband or illegal transportation of trade, or
 - b. Breakage of statutory, marble, glassware, bric-a-brac, porcelains, jewelry, and similar fragile articles.
 35. Any request for shipping verification for undelivered packages must be made within 30 days of shipment by Auctioneer.
- #### **Cataloging, Warranties, and Disclaimers:**
36. NO WARRANTY, WHETHER EXPRESSED OR IMPLIED, IS MADE WITH RESPECT TO ANY DESCRIPTION CONTAINED IN THIS AUCTION OR ANY SECOND OPINE. Any description of merchandise or second opine contained in this Auction is for the sole purpose of identifying merchandise for those Bidders who do not have the opportunity to view merchandise prior to bidding, and no description of merchandise has been made part of the basis of the bargain or has created any express warranty that merchandise would conform to any description made by Auctioneer. Color variations can be expected in any electronic or printed imaging, and are not grounds for the return of any lot. NOTE: Auctioneer, in specified auction venues, e.g. Fine Art, may have express written warranties and Bidder is referred to those specific terms and conditions.
 37. Auctioneer is selling only such right or title to merchandise being sold as Auctioneer may have by virtue of consignment agreements on the date of auction and disclaims any warranty of title to the merchandise. Auctioneer disclaims any warranty of merchantability or fitness for any particular purposes. All images, descriptions, sales data, and archival records are the exclusive property of Auctioneer, and may be used by Auctioneer for advertising, promotion, archival records, and any other uses deemed appropriate.
 38. Translations of foreign language documents may be provided as a convenience to interested parties. Auctioneer makes no representation as to the accuracy of those translations and will not be held responsible for errors in bidding arising from inaccuracies in translation.
 39. Auctioneer disclaims all liability for damages, consequential or otherwise, arising out of or in connection with the sale of any merchandise by Auctioneer to Bidder. No third party may rely on any benefit of these Terms and Conditions and any rights, if any, established hereunder are personal to Bidder and may not be assigned. Any statement made by the Auctioneer is an opinion and does not constitute a warranty or representation. No employee of Auctioneer may alter these Terms and Conditions, and, unless signed by a principal of Auctioneer, any such alteration is null and void.
 40. Auctioneer shall not be liable for breakage of glass or damage to frames (patent or latent); such defects, in any event, shall not be a basis for return or reduction in purchase price.

Release:

41. In consideration of participation in Auction and the placing of a bid, Bidder expressly releases Auctioneer, its officers, directors and employees, its affiliates, and its outside experts that provide second opinions, from any and all claims, cause of action, chose of action, whether at law or equity or any arbitration or mediation rights existing under the rules of any professional society or affiliation based upon the assigned description, or a derivative theory, breach of warranty express or implied, representation or other matter set forth within these Terms and Conditions of Auction or otherwise. In the event of a claim, Bidder agrees that such rights and privileges conferred therein are strictly construed as specifically declared herein, and are the exclusive remedy. Bidder, by non-compliance to these express terms of a granted remedy, shall waive any claim against Auctioneer.

42. Notice: Some merchandise sold by Auctioneer is inherently dangerous e.g. firearms, cannons, and small items that may be swallowed or ingested or may have latent defects all of which may cause harm to a person. Buyer accepts all risk of loss or damage from its purchase of these items and Auctioneer disclaims any liability whether under contract or tort for damages and losses, direct or consequential, and expressly disclaims any warranty as to safety or usage of any lot sold.

Dispute Resolution, Arbitration, and Remedies:

By placing a bid or otherwise participating in Auction, Bidder accepts these Terms and Conditions of Auction, and specifically agrees to the dispute resolution provided herein.

43. Exclusive Dispute Resolution Process: All claims, disputes, or controversies in connection with, relating to, and/or arising out of Bidder's participation in Auction or purchase of any lot, any interpretation of the Terms and Conditions of Sale or any amendments thereto, any description of any lot or condition report, any damage to any lot, any alleged verbal modification of any term of sale or condition report or description, and/or any purported settlement whether asserted in contract, tort, under Federal or State statute or regulation, or any claim made by Bidder of a lot or Bidder's participation in Auction involving the auction or a specific lot involving a warranty or representation of a consignor or other person or entity including Auctioneer (which claim Bidder consents to be made a party) (collectively, "Claim") shall be exclusively heard by, and the claimant (or respondent) and Auctioneer each consent to the Claim being presented in a confidential binding arbitration before a single arbitrator administered by and conducted under the rules of, the American Arbitration Association. The locale for all such arbitrations shall be Dallas, Texas. The arbitrator's award may be enforced in any court of competent jurisdiction. In the event that any Claim needs to be litigated, including actions to compel arbitration, construe the agreement, actions in aid of arbitration, or otherwise, such litigation shall be exclusively in the Courts of the State of Texas, in Dallas County, Texas, and if necessary the corresponding appellate courts. If a Claim involves a consumer, exclusive subject matter jurisdiction for the Claim is in the State District Courts of Dallas County, Texas and the consumer consents to subject matter and in personam jurisdiction; further CONSUMER EXPRESSLY WAIVES ANY RIGHT TO TRIAL BY JURY. A consumer may elect arbitration as specified above. Any claim involving the purchase or sale of numismatic or related items may be submitted through binding PNG arbitration. A Claim is not subject to class certification.
44. Choice of Law: Agreement and any Claim shall be determined and construed under Texas law.
45. Fees and Costs: The prevailing party (a party that is awarded substantial and material relief on its damage claim based on damages sought versus awarded or the successful defense of a Claim based on damages sought versus awarded) may be awarded reasonable attorneys' fees and costs.
46. Remedies: Any Claim must be brought within two (2) years of the alleged breach, default or misrepresentation or the Claim is waived. After one (1) year has elapsed, Auctioneer's maximum liability shall be limited to any commissions and fees Auctioneer earned on that lot. Auctioneer in no event shall be responsible for consequential damages, incidental damages, compensatory damages, or any other damages arising or claimed to be arising from the auction of any lot. Exemplary or punitive damages are not permitted and are waived. In the event that Auctioneer cannot deliver the lot or subsequently it is established that the lot lacks title, or other transfer or condition issue is claimed, in such cases the sole remedy shall be limited to rescission of sale and refund of the amount paid by Buyer; in no case shall Auctioneer's maximum liability exceed the high bid on that lot, which bid shall be deemed for all purposes the value of the lot. In the event of an attribution error, Auctioneer may at its sole discretion, correct the error on the Internet, or, if discovered at a later date, refund Buyer's purchase price without further obligation. Nothing herein shall be construed to extend the time of return or conditions and restrictions for return.
47. These Terms & Conditions provide specific remedies for occurrences in the auction and delivery process. Where such remedies are afforded, they shall be interpreted strictly. Bidder agrees that any claim shall utilize such remedies; Bidder making a claim in excess of those remedies provided in these Terms and Conditions agrees that in no case whatsoever shall Auctioneer's maximum liability exceed the high bid on that lot, which bid shall be deemed for all purposes the value of the lot.

Miscellaneous:

48. Agreements between Bidders and consignors to effectuate a non-sale of an item at Auction, inhibit bidding on a consigned item to enter into a private sale agreement for said item, or to utilize Auctioneer's Auction to obtain sales for non-selling consigned items subsequent to Auction, are strictly prohibited. If a subsequent sale of a previously consigned item occurs in violation of this provision, Auctioneer reserves the right to charge Bidder the applicable Buyer's Premium and consignor a Seller's Commission as determined for each auction venue and by the terms of the seller's agreement.
49. Acceptance of these Terms and Conditions qualifies Bidder as a client who has consented to be contacted by Heritage in the future. In conformity with "do-not-call" regulations promulgated by the Federal or State regulatory agencies, participation by Bidder is affirmative consent to being contacted at the phone number shown in his application and this consent shall remain in effect until it is revoked in writing. Heritage may from time to time contact Bidder concerning sale, purchase, and auction opportunities available through Heritage and its affiliates and subsidiaries.
50. Rules of Construction: Auctioneer presents properties in a number of collectible fields, and as such, specific venues have promulgated supplemental Terms and Conditions. Nothing herein shall be construed to waive the general Terms and Conditions of Auction by these additional rules and shall be construed to give force and effect to the rules in their entirety.

State Notices:

Auctioneer has in compliance with Title 2.95 of the California Civil Code as amended October 11, 1993 Sec. 1812.600, posted with the California Secretary of State its bonds for it and its employees, and the auction is being conducted in compliance with Sec. 2338 of the Commercial Code and Sec. 535 of the Penal Code.

Notice as to an Auction in New York City: This Auction is conducted in accord with the applicable sections of the New York City Department of Consumer Affairs Rules and Regulations as Amended. This a Public Auction Sale conducted by Auctioneer. All lots are subject to the consignor's right to bid thereon and consignor's option to receive advances on their consignments. Auctioneer will disclose to bidders, upon request, a list of lots subject to an advance, reserve, guarantee, or Auctioneer's financial interests of any kind. All Terms and Conditions of Sale are available at HA.com and in the printed catalog, including term #21 which states: Consignor, auctioneer's affiliates and, its employees may bid on their lots or other lots for their own account in accordance with the laws of New York and they may have information as to the lots not available to the public. On lots bearing an estimate, the term refers to a value range placed on an item by the Auctioneer in its sole opinion but the final price is determined by the bidders.

**Additional Terms & Conditions:
COINS & CURRENCY**

COINS and CURRENCY TERM A: Signature® Auctions are not on approval. No certified material may be returned because of possible differences of opinion with respect to the grade offered by any third-party organization, dealer, or service. No guarantee of grade is offered for uncertified Property sold and subsequently submitted to a third-party grading service. There are absolutely no exceptions to this policy. Under extremely limited circumstances, (e.g. gross cataloging error) a purchaser, who did not bid from the floor, may request Auctioneer to evaluate voiding a sale: such request must be made in writing detailing the alleged gross error; submission of the lot to the Auctioneer must be pre-approved by the Auctioneer; and bidder must notify Ron Brackemyre (1-800-872-6467 Ext. 1312) in writing of such request within three (3) days of the non-floor bidder's receipt of the lot. Any lot that is to be evaluated must be in our offices within 30 days after Auction. Grading or method of manufacture do not qualify for this evaluation process nor do such complaints constitute a basis to challenge the authenticity of a lot. **AFTER THAT 30-DAY PERIOD, NO LOTS MAY BE RETURNED FOR REASONS OTHER THAN AUTHENTICITY.** Lots returned must be housed intact in their original holder. No lots purchased by floor Bidders may be returned (including those Bidders acting as agents for others) except for authenticity. Late remittance for purchases may be considered just cause to revoke all return privileges.

COINS and CURRENCY TERM B: Auctions conducted solely on the Internet **THREE (3) DAY RETURN POLICY:** Certified Coin and Uncertified and Certified Currency lots paid for within seven days of the Auction closing are sold with a three (3) day return privilege unless otherwise noted in the description as "Sold As Is, No Return Lot". You may return lots under the following conditions: Within three days of receipt of the lot, you must first notify Auctioneer by contacting Client Service by phone (877-HERITAGE (437-4824)) or e-mail (Bid@HA.com), and immediately ship the lot(s) fully insured to the attention of Returns, Heritage, 3500 Maple Avenue, 17th Floor, Dallas TX 75219-3941. Lots must be housed intact in their original holder and condition. You are responsible for the insured, safe delivery of any lots. A non-negotiable return fee of 5% of the purchase price (\$10 per lot minimum) will be deducted from the refund for each returned lot or billed directly. Postage and handling fees are not refunded. After the three-day period (from receipt), no items may be returned for any reason. Late remittance for purchases revokes these Return privileges.

COINS and CURRENCY TERM C: Bidders who have inspected the lots prior to any Auction, or attended the Auction, or bid through an Agent, will not be granted any return privileges, except for reasons of authenticity.

COINS and CURRENCY TERM D: Coins sold referencing a third-party grading service are sold "as is" without any express or implied warranty, except for a guarantee by Auctioneer that they are genuine. Certain warranties may be available from the grading services and the Bidder is referred to them for further details: Numismatic Guaranty Corporation (NGC), P.O. Box 4776, Sarasota, FL 34230, <http://www.ngccoin.com/services/writtenguarantee.asp>; Professional Coin Grading Service (PCGS), PO Box 9458, Newport Beach, CA 92658, <http://www.pcg.com/guarantee.html>; ANACS, 6555 S. Kenton St. Ste. 303, Englewood, CO 80111; and Independent Coin Grading Co. (ICG), 7901 East Bellevue Ave., Suite 50, Englewood, CO 80111.

COINS and CURRENCY TERM E: Notes sold referencing a third-party grading service are sold "as is" without any express or implied warranty, except for guarantee by Auctioneer that they are genuine. Grading, condition or other attributes of any lot may have a material effect on its value, and the opinion of others, including third-party grading services such as PCGS Currency and PMG may differ with that of Auctioneer. Auctioneer shall not be bound by any prior or subsequent opinion, determination, or certification by any grading service. Bidder specifically waives any claim to right of return of any item because of the opinion, determination, or certification, or lack thereof, by any grading service. Certain warranties may be available from the grading services and the Bidder is referred to them for further details: Paper Money Guaranty (PMG), PO Box 4711, Sarasota FL 34230; PCGS Currency, PO Box 10470, Peoria, IL 61612-0470; PCGS Gold Shield, PO Box 9458, Newport Beach, CA 92658. Third-party graded notes are not returnable for any reason whatsoever.

COINS and CURRENCY TERM F: Notes graded by PCGS Currency between February 4, 2009 and January 30, 2019 were graded and authenticated by K3B, Inc. under license from Collectors Universe, Inc. K3B, Inc., now operating as Legacy Currency Grading, has expressed in writing that notes graded under the license during this time period will still be covered by the full written guaranty of PCGS Currency. Warranties may be available from Collectors Universe, Inc. for all PCGS Currency notes graded prior to February 4, 2009.

COINS and CURRENCY TERM G: Since we cannot examine encapsulated coins or notes, they are sold "as is" without our grading opinion, and may not be returned for any reason. Auctioneer shall not be liable for any patent or latent defect or controversy pertaining to or arising from any encapsulated collectible. In any such instance, purchaser's remedy, if any, shall be solely against the service certifying the collectible.

COINS and CURRENCY TERM H: Due to changing grading standards over time, differing interpretations, and to possible mishandling of items by subsequent owners, Auctioneer reserves the right to grade items differently than shown on certificates from any grading service that accompany the items. Auctioneer also reserves the right to grade items differently than the grades shown in the prior catalog should such items be reclassified to any future auction.

COINS and CURRENCY TERM I: Although consensus grading is employed by most grading services, it should be noted as aforesaid that grading is not an exact science. In fact, it is entirely possible that if a lot is broken out of a plastic holder and resubmitted to another grading service or even to the same service, the lot could come back with a different grade assigned.

COINS and CURRENCY TERM J: Certification does not guarantee protection against the normal risks associated with potentially volatile markets. The degree of liquidity for certified coins and collectibles will vary according to general market conditions and the particular lot involved. For some lots there may be no active market at all at certain points in time.

COINS and CURRENCY TERM K: All non-certified coins and currency are guaranteed genuine, but are not guaranteed as to grade, since grading is a matter of opinion, an art and not a science, and therefore the opinion rendered by the Auctioneer or any third party grading service may not agree with the opinion of others (including trained experts), and the same expert may not grade the same item with the same grade at two different times. Auctioneer has graded the noncertified numismatic items, in the Auctioneer's opinion, to their current interpretation of the American Numismatic Association's standards as of the date the catalog was prepared. There is no guarantee or warranty implied or expressed that the grading standards utilized by the Auctioneer will meet the standards of any grading service at any time in the future.

COINS and CURRENCY TERM L: Storage of purchased coins and currency: Purchasers are advised that certain types of plastic may react with a coin's metal or transfer plasticizer to notes and may cause damage. Caution should be used to avoid storage in materials that are not inert.

COINS and CURRENCY TERM M: NOTE: Purchasers of rare coins or currency through Heritage have available the option of arbitration by the Professional Numismatists Guild (PNG); if an election is not made within ten (10) days of an unresolved dispute, Auctioneer may elect either PNG or A.A.A. Arbitration.

COINS and CURRENCY TERM N: For more information regarding Canadian lots attributed to the Charlton reference guides, please contact: Charlton International, PO Box 820, Station Willowdale B, North York, Ontario M2K 2R1 Canada.

COINS and CURRENCY TERM O: Financing. Auctioneer offers various extended payment options to qualified pre-approved persons and companies. The options include Extended Payment Programs (EPP) Flexible Payment Program (FPP) and Dealer Terms. Each program has its specific terms and conditions and such terms and conditions are strictly enforced. Each program has to be executed by the purchaser. Auctioneer reserves the right to alter or deny credit and in such case these auction terms shall control.
